

similar situations. She has dealt with federal and state officials on a wide variety of other pest and disease issues that threatened to disrupt the flow of floral products. In working on these issues, Lin is often recognized because of her ability to get people to focus on the science of an issue and not only the politics. With that said, she knows politics in Washington, D.C., and at the state level and uses her knowledge to help diffuse challenging situations and work toward solutions.

Through all of her interactions with government officials, Lin emphasizes candor and transparency. For that, people in both the industry and government place great trust in her word.

At The Society of American Florists, Lin dedicated herself to staging SAF's annual Congressional Action Days event, and helped to inform and educate SAF members on the key issues of the day. And she has also had a major role in developing its annual Pest and Production Management Conference, a must-see for scientists, researchers and growers. Lin was honored this year with SAF's John H. Walker Award for excellence in the field of association management and she also received the Executive Director's Award from the North American Plant Protection Organization for her collaborative work with regulatory officials from the United States, Mexico and Canada.

Mr. Speaker, it is truly an honor to rise and celebrate Lin's excellence in fighting for the floral industry every day on Capitol Hill and for her deep commitment to collaboration and partnerships.

HONORING THE BICENTENNIAL
CELEBRATION OF OSWEGO COUNTY

HON. JOHN KATKO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 3, 2016

Mr. KATKO. Mr. Speaker, I rise today to pay tribute to the people and history of Oswego County, New York and celebrate the county's 200th Anniversary. The County of Oswego was established in March of 1816 through an act of the New York State Legislature. The county occupies 986 square miles of land on the southeastern shore of Lake Ontario.

The County of Oswego has played a significant role in the history of the Central New York region as well as our nation's history. Fort Ontario, overlooking Lake Ontario, in Oswego County, is one of our nation's most unique and historical landmarks. Fort Ontario is the only fort that has been involved in every war since the French and Indian War. During World War II, the Fort served as the nation's only Emergency Refugee Camp, sheltering nearly 1,000 refugees. The Fort is now a state historic site and operates as a museum, attracting tourists from across the country.

Fort Ontario is just one example of the great history in Oswego County. As Oswego County celebrates its bicentennial, I want to honor all who have helped make Oswego County great and thank everyone who has played a part in preserving the irreplaceable history of Oswego County.

DEBATE COACH OF THE YEAR:
DAVE PRITSCHET

HON. RICHARD M. NOLAN

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 3, 2016

Mr. NOLAN. Mr. Speaker, I rise today to recognize Dave Pritschet, of Brainerd High School in Brainerd, Minnesota, who has been named 2016 Coach of the Year by the Minnesota Debate Teachers Association.

Dave built a great and growing debate program at Brainerd High School that has brought so much honor and recognition to his students and to our entire community. In fact, under Dave's guidance, the program has sent students to state and national debate tournaments in every year but one since 2000. So it's no wonder his fellow coaches saw fit to recognize those achievements with this year's award.

Though his students debate many things, they can all agree Coach Pritschet's knowledge and passion for the art of debate motivates them to strive for excellence. Moreover, the success Brainerd's debate team has earned and enjoyed is inspiring other schools throughout rural Minnesota to form debate teams where students learn to respectfully exchange ideas and opinions based on facts. That ability to speak clearly and eloquently will take them far in life; perhaps even to this very Chamber one day.

Once again, it is an honor to recognize with my colleagues Minnesota's 2016 Coach of the Year, Dave Pritschet.

BAKKEN U

HON. KEVIN CRAMER

OF NORTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 3, 2016

Mr. CRAMER. Mr. Speaker, the people of North Dakota have many admirable qualities. Throughout the history of my state, they have shown resourcefulness and perseverance as they have produced food to feed a hungry world and unlocked today's shale oil revolution.

With low oil prices bringing a slowdown in the energy sector, North Dakotans are again showing their resilience. Many are looking to improve themselves by gaining new skills and more education. Bakken U, an innovative new program from the North Dakota University System that is funded by the North Dakota Petroleum Council, is helping make that happen.

I want to congratulate Warren Logan of Dickinson, who left college a few years ago to work in North Dakota's oilfields. As the first recipient of a \$5,000 Bakken U scholarship, he will continue to work fulltime while also being a fulltime student, finishing the business administration degree he began to pursue years ago.

Warren is the first of many ambitious North Dakotans to take advantage of this unique Bakken U program. Bettering themselves with additional education is certain to benefit them and my entire state.

BRIGADIER GENERAL SANDY BEST

HON. RICHARD M. NOLAN

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 3, 2016

Mr. NOLAN. Mr. Speaker, I rise with great pride to honor my friend, Brigadier General Sandy Best, the first woman in the Minnesota National Guard to be promoted to the rank of General. In recognition of her extraordinary leadership and exemplary service to the Guard and to our Nation, she began her new command of the 133rd Airlift Wing and 148th Fighter Wing on February 25th.

In her many visits to my office, General Best has always been an outstanding advocate for the Minnesota National Guard. She exemplifies the best of what makes our National Guard so effective. In her former role as the Minnesota National Guard's Director of Government Relations she advocated for Minnesota's bases at the federal and state level, contributing greatly to making our state's bases some of America's premier defense operations.

Members of the Minnesota National Guard have been deployed around the world, and they always stand ready to help our region when natural disasters strike and people are in need of aid and assistance. I'm confident that both the 133rd Airlift Wing and 148th Fighter Wing are in strong hands under General Best's command. And I know she will continue her strong advocacy for the brilliant, highly trained and hardworking men and women of Minnesota's National Guard.

I ask my colleagues to join me in recognizing General Sandy Best for her historic accomplishment and service to our great nation.

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 3, 2016

Mrs. DINGELL. Mr. Speaker, I rise today to celebrate the 90th birthday of H. Marie Smith, an institution in Monroe, Michigan.

Marie Smith, or Sweet Marie as she is known by many, was born on March 1st, 1926 in Monroe, Michigan, which remains her home to this day. She married William D. Smith on December 27th, 1947, and had four wonderful children; Mark, Paul W., Brian and Alison.

Marie Smith has been part of the fabric of the Monroe community for decades. As a young woman, she worked in the Betrus Market. This market was owned and operated by her parents for 47 years and was considered the "meeting place for the neighborhood". Marie lived in the building connected to the market until she married. In 1948, Marie and her husband cofounded the Monroe Community Players to produce theatrical productions for the people of Monroe and Southeast Michigan. To this day, the Monroe Community Players is still working as a nonprofit and volunteer organization to produce performances for the community. Even though "Sweet Marie" has retired, she still helps as a house manager for the Monroe Community Players.

To this day, she lives on her own, drives her own car, is active on social media and is critical in keeping people connected to ensure they are a part of the broader community. Her children have made her proud. Mark was a respected attorney in Monroe. Paul W. is known throughout America as the voice of the Great Lakes on the number one radio station, WJR. Alison is well-known in the healthcare community as a senior executive with ProMedica.

H. Marie Smith has worked tirelessly to improve the quality of life for the people of Monroe through her support of and passion for the arts in Monroe. She continues the tradition of one of the staple markets and community gathering locations, serving as the glue that binds people. We celebrate her birthday with
