RECOGNIZING RYAN LAFFERTY
FOR HIS RECOGNITION AS A
MILKEN EDUCATOR AWARD WINNER

HON. ADAM SMITH

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Monday, March 7, 2016

Mr. SMITH of Washington. Mr. Speaker, I rise to honor Mr. Ryan Lafferty, a teacher in the Bellevue School District who has been recognized as a winner of the prestigious Milken Educator Award.

The Milken Educator Awards are bestowed upon educators by the Milken Family Foundation to celebrate, elevate, and activate excellence in the teaching profession. The award is given to teachers who exhibit exceptional educational talent as evidenced by effective instructional practices and educational accomplishments beyond the classroom.

Mr. Lafferty has been a teacher at the International School in Bellevue for six years and is highly praised for his interdisciplinary project-based teaching style, which incorporates seemingly unrelated subjects like math, history, and the arts. He has developed a problem-based curriculum for Advanced Placement Physics where students build Roman arches, projectile instruments such as slingshots and catapults, and a single-string instrument called a Diddley bow. Mr. Lafferty's classes are in high demand due to his track record of implementing creative lesson plans and for his infectious positive attitude.

Mr. Lafferty is also beloved for the positive influence that he provides for his students. He

makes himself available to students outside of class time if they need academic help, or if they need to talk for any other reason. He prioritizes the success of his students by regularly hosting meetings with students to determine what works in his class, and what can be improved. It is for these reasons that Mr. Lafferty is considered a role model by many of his students.

Mr. Lafferty, who grew up in Redmond, graduated from the University of Washington in 2008 and received a Master's Degree in Teaching from Seattle University in 2010. He has worked with the Bellevue School District, the University of Washington and the George Lucas Educational Foundation to further develop his AP Physics curriculum in hopes of the program being implemented nationally. Lafferty is a National Honors Society advisor who serves on the school's middle and high school science clubs and travels to the state science bowl.

Mr. Speaker, it is with great honor that I congratulate teacher Ryan Lafferty for being honored with the Milken Educator Award. It is my great pleasure to recognize his dedication and service to his students and to the community.

HONORING RARE DISEASE WEEK

HON. TOM MARINO

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Monday, March 7, 2016

Mr. MARINO. Mr. Speaker, I rise today to bring attention to rare diseases as we recognize "Rare Disease Week."

A "rare disease," also referred to as an orphan disease, is any disease that affects a small percentage of the population. The National Institute of Health defines a rare disease as one that affects less than 200,000 people in the United States. The impact of rare diseases is certainly not small; there are over 7,000 rare diseases that affect 30 million people, or 10% of the United States population.

As the father of someone who suffers from Cystic Fibrosis, a rare disease affecting only 30,000 people in the United States, I know the difficulty of living with a rare disease and the financial burdens of care and treatment for families. Cystic Fibrosis requires specialized care that can cost upwards of \$15,000 a year and hundreds of thousands of dollars over the course of a lifetime. I have done everything I can to make sure that my daughter receives the highest quality care as she continues her fight against Cystic Fibrosis.

Thanks to advancements in medicine, the average life expectancy of someone who suffers from Cystic Fibrosis is now 37. This is much different than 50 years ago when a child diagnosed with the disease would be lucky to live to their teens.

Every year we recognize rare disease week as a way to raise awareness and to stress the importance of funding rare disease research. It is my hope one day we can make rare, incurable diseases a thing of the past.

RETIREMENT OF BISHOP T. LARRY
KIRKLAND FROM THE AFRICAN
METHODIST EPISCOPAL CHURCH

HON. KAREN BASS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, March 7, 2016

Ms. BASS. Mr. Speaker, today I would like to make note of the retirement of The Right Reverend Theodore Larry Kirkland, Sr. from active service after over a half century of ministry, as he steps down at the African Methodist Episcopal Church Fifth District General Conference today.

Bishop Kirkland's ministry of over 50 years has often placed him in the public eye and in the company of dignitaries. For example, he presided over the Homegoing Services of Deaconess Rosa Parks at Brown Chapel AME Church in Montgomery, Alabama, an event broadcast worldwide, and he welcomed then-Senator Barack Obama to the Ninth District's observance of Bloody Sunday, in Selma. He is the author of several books on church growth and he has become known for developing strong relationships across denominational and cultural lines.

Educated at Alcorn State University, University of Mississippi, Claremont School of Theology, and California School of Theology, Bishop Kirkland was the founding pastor of Brookins Community AME Church in Los Angeles, California. Arriving in 1977, he grew the congregation from twelve early members to over eight thousand during his twenty-year tenure.

Elevated in 1996, he became the 114th elected and consecrated bishop of the African Methodist Episcopal Church. His first assignment was to the Seventeenth Episcopal District encompassing the countries of Zaire, Zambia, Tanzania, Rwanda, Burundi, Malawi and Zimbabwe. In 2000 he returned to appointment as Ecumenical Officer for the Denomination, served a term as President of the Council of Bishops, and from 2002 led the Ninth Episcopal District in Alabama, where he sought to support the community beyond the pulpit through a range of programs including computer literacy training and high-quality health services for the needy.

For the past eight years, Bishop Kirkland has presided over the Fifth Episcopal District which includes fourteen western states. During this time, Bishop Kirkland has focused on inspiring ministry and serving the greater community. I would like to salute Bishop Kirkland and his family, especially his wife Mrs. Mary Kirkland, and thank him for his service to the faith and the community.

RECOGNIZING THE 28TH ANNIVERSARY OF VIOLENCE AGAINST THE ARMENIAN COMMUNITY SUMGAIT, AZERBAIJAN

HON. KATHERINE M. CLARK

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Monday, March 7, 2016

Ms. CLARK of Massachusetts. Mr. Speaker, February 27 marked the 28th anniversary of harrowing violence against the Armenian community in Sumgait, Azerbaijan.

I am proud to stand today with the Armenian-American community, including many of my constituents in Massachusetts, in remembrance and mourning of this unspeakable tragedy.

In February of 1988, anti-Armenian rallies through Azerbaijan gave way to waves of ethnically-motivated violence, death and destruction. In the aftermath of these terrible events, Azerbaijan's Armenian community all but disappeared, with thousands displaced, culminating in a war against the people of Nagorno Karabakh.

That war resulted in almost 30,000 dead on both sides. Hundreds of thousands of refugees were forced to flee their homes. And to this day, those who lost their lives or were displaced by this violence still seek resolution and justice.

Many displaced Armenian families have sought refuge in America, and are now making vital contributions in the Fifth District of Massachusetts. Proudly, our diverse District is home to one of the largest Armenian communities in the nation. Together, our community is a thriving example of strength and perseverance in the face of extreme adversity.

Like the persecution of too many others before it, the lessons of the Sumgait Pogrom must not be forgotten.

We have a moral obligation to promote tolerance and justice, and we have a duty to recognize the atrocities that have kept us from our common goal.

RECOGNIZING KIRK ADAMS FOR HIS YEARS OF SERVICE TO THE LIGHTHOUSE FOR THE BLIND, INC.

Kirk is credited for crafting the Lighthouse's successful fundraising strategy, which has greatly magnified their range of services offered and the number of individuals who are lifted up through employment opportunities.

Outside of his work at the Lighthouse for the Blind, Kirk is deeply involved in the community. He is a member of the Governor's Task Force on Disability and Employment and the Seattle Public Library's Strategic Plan Advisory Committee. He has served on the boards of the Aerospace Futures Alliance, the Association of Washington Business, and the American Federation for the Blind.
