

B.H. Macomber Company from its wartime doldrums: Shoppers' World in Framingham."

From that beginning, through the expansion Mr. Macomber led after taking over as president, the company was the contractor for some of the most recognizable projects in Boston and elsewhere, including the MIT biology center, the Harborside Hyatt at Logan Airport, the 775-unit Mission Park affordable housing development, and Robert Frost Library at Amherst College.

Then in 1987, a week before he planned to step aside as president of the company, L'Ambiance Plaza in Bridgeport, Conn., collapsed during construction, killing 28 workers. The Macomber company was a joint venture partner in the project, and the resulting settlement cost the firm millions.

Though the tragedy was heartbreaking, "George was absolutely about personally leading the investigation into what happened and what caused this unusual structural failure—being there himself and looking at the engineering reports, standing up and saying, 'My name's on the door. This is what you do,' his son John said.

He added that from his father's life, "the biggest lesson was: 'Here's how one should be. Here's how one should conduct oneself.'"

In addition to his wife and son, Mr. Macomber leaves a daughter, Grace Macomber Bird of Boston; another son, George of Park City, Utah; a sister, Gail Deaver of Stuart, Fla.; and eight grandchildren.

The family will announce a public service in the spring.

"The biggest thing my father and I ever built was a reputation for absolute integrity, from the top of the company to the bottom," Mr. Macomber wrote in his memoir, but he added that he "measured success a bit differently."

"I decided early on that I was going to do my best to balance family, business, and community service—in that order of priority. I did not want to be the biggest contractor in the city, because I couldn't do that without losing sight of my priorities."

#### IN RECOGNITION OF PETTY OFFICER EVAN STAPH

##### HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, January 13, 2016*

Mr. KEATING. Mr. Speaker, I rise today to recognize Petty Officer Evan Staph—the recipient of the Distinguished Flying Cross for his heroic actions on February 15, 2015.

It came as no surprise to those who know him, when Petty Officer Staph enlisted in the U.S. Coast Guard in the fall of 2007. A native of Dana Point, California, Petty Officer Staph was drawn to the water at a young age. Trained by his older brother, Brad, to swim in the ocean and surf before he could walk, he went on to excel on land—cross country and track and field—in high school and throughout his college career. The commitment and discipline he exhibited toward his athletic achievements strongly foreshadowed the determination Petty Officer Staph embodied when he joined the Coast Guard.

Petty Officer Staph transitioned to the U.S. Coast Guard airman program after a year aboard the Coast Guard cutter, USCGC *Maple*, where he graduated in 2010 with orders to report to Air Station Savannah, Georgia. Over the course of his four year tour, Petty Officer Staph flew more than 800 hours in the MH65 helicopter—saving numerous lives as an expert Rescue Swimmer. It was

also during these four years that he met his wife, Kayla, whom he married on November 15, 2014.

Soon thereafter, Petty Officer Staph was relocated to Air Station Cape Cod. While stationed in Massachusetts, Petty Officer Staph has devoted much of his free time to spiritual pursuits and organizes frequent Bible study sessions. He also finds time to give back to his community as an active member of the Big Brother Big Sister program and mentors his "little brother," Jamie. It is this strength of spirit and resolve that served Petty Officer Staph well nearly one year ago.

On the morning of February 15, 2015, the Coast Guard Rescue Coordination Center in Boston was alerted to a distress signal from the sailboat *Sedona*. Facing dangerous weather conditions, the onset of a severe winter storm, and no available escort aircraft for helicopter missions, the four-man crew of CGNR 6033 left Air Station Cape Cod to aid the *Sedona*. The pilot and copilot of CGNR 6033, Lieutenant John D. Hess and Lieutenant Matthew Vanderslice, expertly navigated the deteriorating visibility, battling heavy snow, high winds, 25 to 35 foot seas, and severe thunderstorms to fly the over 300 nautical mile journey to and from the *Sedona*.

Hovering above the *Sedona*, Petty Officer Staph was lowered into the water to retrieve the survivors when the primary hoist unit failed—forcing the crew to use a backup hoist and dangerously complicating the rescue mission. During this extended process, static electricity on the rescue basket from the helicopter, weather, and lightning reached life-threatening levels. Before the basket was lowered to retrieve the remaining men, the crew struggled to discharge it against the water. Yet the buffeting winds blew the basket toward the second survivor. Heroically, Petty Officer Staph held himself between the victim and charged basket—and was struck by the static electricity with such intensity that he was knocked unconscious. Throughout the ordeal, Petty Officer Staph never let go of the survivor and completed his duty in rescuing the two mariners.

Mr. Speaker, please join me in honoring Petty Officer Staph for his exemplary dedication to his duty. I ask that my colleagues rise and join me in thanking him for his selfless actions and for his service in keeping our nation's citizens safe at sea.

#### CONCUR IN THE SENATE AMENDMENT TO H.R. 3762—RESTORING AMERICANS' HEALTHCARE FREEDOM RECONCILIATION ACT OF 2015

##### HON. MARK DeSAULNIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, January 13, 2016*

Mr. DESAULNIER. Mr. Speaker, I rise to express my strong opposition to the Senate amended budget reconciliation bill.

This vote represents House Republicans' 62nd attempt to repeal the Affordable Care Act (ACA). It's also the 11th vote to attack women's health care in the 114th Congress alone. This reconciliation package will undermine important patients' rights and take away critical benefits from Americans.

As we know, the Affordable Care Act has provided health security to nearly 18 million previously uninsured Americans since enacted in 2010. Nearly 9.9 million Americans have enrolled in the health insurance marketplaces, with millions more enrolled in expanded Medicaid programs, including an estimated 2.3 million in California alone.

In addition to repealing the ACA Medicaid coverage expansion, this bill eliminates ACA tax credits and cost-sharing subsidies for households with modest incomes. This poorly conceived bill terminates ACA tax credits available to small businesses, and undermines important community-based programs in the Prevention and Public Health Fund.

Overall, the Congressional Budget Office estimates this bill will take affordable health coverage away from 22 million Americans after 2017, without providing a workable alternative to help Americans secure health care coverage.

Additionally, the reconciliation package puts women's health at risk by defunding Planned Parenthood, a provider serving millions of men and women throughout the country, and in some cases serves as the only provider within a given community. Planned Parenthood offers preventive services to millions of women, such as screenings for cancer and sexually transmitted infections, and family planning services.

Mr. Speaker, this ill-conceived reconciliation bill increases the number of uninsured Americans and puts women's health at risk. I strongly oppose this measure that will harm my constituents and prevent millions of Americans from accessing affordable health care.

Next week, on January 21, 2016, Maryann Sherman will be honored as the 2015 Citizen of the Year by the Corona Chamber of Commerce. Maryann has dedicated herself to the Corona community.

Maryann Sherman has been a pillar of the Corona, California community since 1966. Maryann later became employed with the Corona Norco Unified School District in the 1980s, and has recently retired as the Librarian at Jefferson Elementary School.

During her time as Librarian at Jefferson Elementary, Maryann developed ways to help engage and give back to the school community. She helped coordinate funding and programming for parents on how to use the computers, applications and a variety of other programs. Additionally, she always looked for ways to assist less fortunate students through finding resources for them. Maryann also helped serve her community while working as a Corona Public Library Trustee. She utilized the library's resources to help promote literacy to community individuals who may have not had the opportunity otherwise. Her commitment to giving back to the community has followed her from Jefferson Elementary to her new project, heading a fruit and vegetable program for the needy in our city twice a month.

Maryann is also dedicated to her family. She has been married to her husband, Tom, for 43 years. Together they have two children, Colonel Thomas Sherman and a daughter, Nancy Sherman. Maryann is a devoted mother and was very active in both of her children's school Parent Teacher Organizations. It was this involvement that helped lead her to working full time with the Corona Norco Unified School District.

Maryann's tireless passion for her family, community service and giving back has contributed immensely to the betterment of the community of Corona, California. I am proud to call Maryann a friend, fellow community member and great American. Today, I add my voice to the many who will be congratulating Maryann achieving the Citizen of the Year award.

BAYLOR'S 2015 SEASON

**HON. TED POE**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, January 13, 2016*

Mr. POE of Texas. Mr. Speaker, the Baylor Bears football team entered into this season with lofty expectations to go along with a pre-season top-5 ranking in the polls. The coach, the players, and the fans all expected the Bears to vie for a national championship or a berth in the College Football Playoff. However, it wasn't meant to be. Despite an 8-0 start, the Bears went on to drop 3 of their remaining 5 games, finishing with a record of 10-3.

At the start of the season, a 10-win season would have been a huge disappointment for
