Mr. OLSON. Mr. Speaker, I rise today to congratulate Anton Zhou of Sugar Land, Texas for being named a Texas Young Master in visual arts for the spring of 2016. This is one of the most impressive awards given to a young artist in their state.

RECOGNIZING THE 150TH
ANNIVERSARY OF KERN COUNTY

HON. KEVIN MCCARTHY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. MCCARTHY. Mr. Speaker, I rise today to recognize the 150th anniversary of Kern County, California, which I am proud to represent.

When the California legislature founded Kern in 1866, they could not have imagined the empire they were creating. The borders they drew circumscribed a vast, underpopulated territory slightly smaller than New Jersey, where Spanish ranchers grazed their herds beside Paiute and Yokuts tribes living as they had for centuries. A few determined pioneer families worked the land, preparing that first cycle of spiraling growth and development that would ever afterward characterize our County.

Agriculture came first. Kern's early farmers planted cotton—our original cash crop—in 1865. Waves of settlers from the crowded East and the farthest stretches of the Old World brought new seeds, orchards and vineyards, carrots, almonds, and all the bounty of the Earth that would flourish in the rich alluvial soil and Mediterranean climate of the San Joaquin. Last year's \$7.4 billion harvest is but the latest manifestation of the vast fertility of our Valley, a miracle of irrigation, agronomy, and hard work.

As the 19th Century ended Kern discovered an abundance of that resource which would dictate the 20th: petroleum. The Kern River strike of 1899 set new records in the West,

unsurpassed until a still larger reservoir in West Kern spouted 24 million barrels in 1910. Energy quickly joined agriculture to become the twin engine of Kern's economy, augmenting the steady clip of rural development with the iridescent bloom of oil wealth.

Just as suddenly, a supersonic boom in the skies above Kern announced the birth of modern flight in 1947, and with it, the introduction of high-tech aerospace to our County. It was a natural fit. For whenever our community applies itself to a new challenge, it leverages that unique fusion of technical talent and practical entrepreneurialism that makes possible such feats of industry and science as accomplished in our County. Consider that Kern not only produces more petroleum than any other county in America, but also provides half of California's renewable energy, much of it from windfarms pioneered in our own Tehachapi Mountains. In agriculture too, our people were not content with the Valley's natural advantages, but invested in cutting-edge drip irrigation and precision sprinkler systems to double Kern's crop yield in less than 50 years while conserving water. And so in aerospace, where many of the same scientists responsible for the best military aircraft in history are now inventing a new industry—civilian space flight—in desert laboratories at the world's first spaceport, in Mojave, California.

There is so much about Kern that inspires pride. Those things I mention today are only the contours of our accomplishments, the tangible residue of the life's work of generations—visible and easy to identify. The true value of Kern, measured by the compassion and quality of our families and neighbors, is not so easily described. To understand this, you must know the people. You must live, and laugh, and love as fiercely as we do. You must walk the streets of Bakersfield. It is our home—my home—forever.

HONORING PHILLIP E. SLOOP FOR
EARNING THE NATIONAL AMERICAN
LEGION CERTIFICATE

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. HUDSON. Mr. Speaker, I rise today to honor Phillip E. Sloop for earning the National American Legion Certificate. This certificate was awarded to Mr. Sloop for his 70 years of continuous service in American Legion Post 115, located in Kannapolis, North Carolina. It is an honor to thank Mr. Sloop for his brave and selfless service to our nation.

After graduating from high school in 1934, Mr. Sloop took a job at Cannon Mills, a local textile company, until he was drafted into the Army Air Corps in April of 1941. Just a few months into his service, the attack on Pearl Harbor occurred on December 7, 1941 and changed the course of Mr. Sloop's life. Once the United States entered World War II, Mr. Sloop was sent to Australia and joined the 436th Army Signal Construction Battalion as part of the 5th Air Force.

While in Australia, he was responsible for installing communication lines in support of the Allied efforts in the Pacific theater. His service in the Pacific extended nearly five years before the eventual conclusion of the war. Upon his return home to North Carolina, he returned to his job at the textile mill and joined American Legion Post 115, where he has remained an active member for 70 years.

I am overjoyed that the American Legion recognized Mr. Sloop for his service during World War II and his participation in the American Legion. The men and women in uniform who have answered the call to defend our nation represent the best our country has to offer and they deserve our continued admiration. Opportunities like this serve as a reminder that we must never take the service and sacrifice of our veterans for granted, and that we as a nation must continually find ways to recognize these heroic patriots for their unparalleled dedication to protecting our freedom.

Mr. Speaker, please join me today in congratulating Phillip E. Sloop for earning this distinguished honor, and thanking him for his service and dedication to our country.

RECOGNIZING CARLOTTA LEON GUERRERO ON RECEIVING THE U.S. SMALL BUSINESS ADMINISTRATION'S PHOENIX AWARD FOR OUTSTANDING CONTRIBUTIONS TO DISASTER RECOVERY AS A VOLUNTEER FOR GUAM

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Ms. BORDALLO. Mr. Speaker, I rise today to commend and congratulate Carlotta Leon Guerrero on receiving the U.S. Small Business Administration's 2016 Phoenix Award for Outstanding Contributions to Disaster Recovery as a volunteer. Carlotta is being honored for her efforts and contributions that have enabled businesses of Guam and neighboring island communities to recover successfully from disasters.

Carlotta is the Executive Director of the Ayuda Foundation founded the non-profit organization in 1995 with Dr. Mike Cruz of the Guam Medical Society and Christine Nilsen of Continental Micronesia, Inc. Carlotta began her public service serving six years as a senator in the Guam Legislature from 1994 to 2000, and has served in different capacities within the public and private sectors.

The Ayuda Foundation is based in Guam and is dedicated to helping Pacific islanders, especially our Micronesian region, in times of need. The Ayuda Foundation is meant to improve the health and wellbeing of Micronesia through medical missions, emergency relief and program support. The Ayuda Foundation is comprised of Medical Missions to Micronesia, Reach Out & Read Early Literacy Program, AIDS Education Project, Island Girl Power and Books to Schools.

Through Ayuda Foundation, Carlotta was able to bring important resources to areas recently hit by storms in places such as Philippines, Vanuatu, Chuuk, Yap and Saipan. She was instrumental in bringing diverse parts of the community together to assist in providing thousands of dollars of aid to areas affected by natural disaster. Carlotta creatively used her own resources to source, procure and distribute supplies and assistance to those in need in the form of donations and in-kind contributions.

Carlotta has selflessly, consistently and tirelessly worked to help victims of disasters in every way possible. In addition to providing food and supplies, she believes that it is critical to assist hospitals within communities struck by natural disasters to maximize assistance. Though, Ayuda Foundation has a broad mission of helping the community, the bulk of the work goes to disaster relief. Most notably, Carlotta and the Ayuda Foundation partnered with MAP International, a non-profit in the U.S. to secure large donations of pharmaceuticals. She then worked with non-governmental organizations around the world to distribute them in areas of conflict and disaster. Ayuda Foundation was able to obtain \$400,000 worth of medication with only \$5,000 donated by the Bank of Gaum to donate to the islands of Chuuk and Yap after they were hit by Typhoon Maysak. Ayuda Foundation was also able to procure an inter Emergency Health Kit from MAP International for the community hospital on the island of Saipan after the devastating Typhoon Soudelor.
