

Crawford of Villisca, Iowa. Mr. Crawford has been recognized by France 71 years later for his bravery during his service in World War II on the infamous D-Day, June 6, 1944. He has been awarded the French Legion of Honour medal for his 'gallantry of action and the liberation of France in World War II.' This award joins his recognition medals from the United States of America: Purple Heart, Air Medal and Good Conduct Medal.

Stated Crawford: "The mission was to bomb Teluth." Mr. Crawford flew three missions on D-Day as a tailgunner on a B-17 bomber. The mission went awry and the Nazis spotted the group and without any prior parachute training, Mr. Crawford and his team had to jump for their lives, mid-air, with no certainty as to their fate. The entire crew survived with some injuries and continued in service to this great nation.

Mr. Speaker, I applaud and congratulate Mr. Crawford for this exemplary award from the French government. We are all humbled by his service and for keeping the United States of America and its allies free. I am proud to represent him in the United States Congress. I ask that my colleagues in the United States House of Representatives join me in congratulating Mr. Crawford and wishing him nothing but continued success.

RECOGNIZING THE GUAM SMALL BUSINESS DEVELOPMENT CENTER ON RECEIVING THE U.S. SMALL BUSINESS ADMINISTRATION'S 2016 SMALL BUSINESS DEVELOPMENT CENTER AND EXCELLENCE AND INNOVATION CENTER AWARD

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Ms. BORDALLO. Mr. Speaker, I rise today to commend and congratulate Guam Small Business Development Center on being awarded the 2016 U.S. Small Business Development Center Excellence and Innovation Center Award. The Guam Small Business Development Center is being recognized for their excellence in providing value to small businesses and advancing program delivery and management through innovation.

The Guam Small Business Development Center began operations in May 1995 through federal funds and celebrates its 20th anniversary this year. It became the Pacific Islands SBDC Network and first service center in the region. The Guam Small Business Development Center provides free, confidential, one-to-one counseling in all areas of business management to all existing and potential small business owners and managers that are U.S. citizens, green card holders or citizens of the Freely Associated States. These services include pre-venture feasibility, business plan development, marketing, record keeping, financial and human resource management, operations management, access to capital, and specialized areas such as international trade and technical services. The Guam SBDC is able to refer local businesses to high-quality external sources of information and ideas because of its membership with U.S. Association of Small Business Development Centers

(ASBDC) and partnership with the U.S. SBA and the National Business Incubation Association.

Additionally, the Guam Small Business Development Center works with the local Guam Small Business Administration Branch Office and Hawaii Small Business Administration District Office as a champion for Small Business Administration products and services. This work includes the effective amplification of the Small Business Administration mission, priorities and programs. The Guam Small Business Development Center provides excellent customer service with a 95 percent client satisfaction rate and efficiently meets clients' needs by providing quality counseling. The Guam Small Business Development Center utilizes all resources available and partners with local government agencies and private entities to carry out its mission of helping entrepreneurs start and expand their businesses.

Again, I congratulate Guam Small Business Development Center on being awarded the 2016 U.S. Small Business Development Center Excellence and Innovation Center Award. I commend Guam Small Business Development Center Director Casey Jeszenka and the staff of the Guam SBDC for their leadership in helping to promote entrepreneurship and support for our local economy. I join the people of Guam in commending them for their award and thanking them for their many contributions to our island community.

HONORING THE 50TH ANNIVERSARY OF THE VIETNAM WAR AND BRONZE STAR PRESENTATION TO LT. COL. JACK DEICHMAN

HON. RYAN A. COSTELLO

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. COSTELLO of Pennsylvania. Mr. Speaker, on March 29, 2016 we marked the 50th Anniversary of the Vietnam War to honor and express our gratitude to our Vietnam Veterans.

Our Vietnam War veterans served our nation with courage, dignity, and a willingness to make the ultimate sacrifice in service to our country.

Deserving particular praise and commendation for his heroism and service during the Vietnam War is Lieutenant Colonel (ret.) Jack Deichman of the United States Marine Corps.

I have had the pleasure of knowing Jack for over a year now, and I am grateful I had the opportunity to acknowledge Jack's leadership in Dai Do, Vietnam on March 30, 1968.

Mr. Speaker, Jack displayed expert leadership in maneuvering his Company through heavy enemy fire and remained steadfast in assisting his wounded Commander to establish their defensive positions.

Because of Jack's actions, many lives were saved that day, and many attribute this battle as the deciding factor in winning the war.

We as a nation are grateful for Jack's heroic actions that day.

His courage and selfless devotion to duty represents the essence of the United States Marine Corps and this great nation.

Mr. Speaker, on March 29, 2016, the nation acknowledged Jack's bravery with the presentation of the Bronze Star Medal.

I am proud to recognize Jack and all our Vietnam Veterans and we thank you for your service. Welcome home.

HONORING THE 50TH ANNIVERSARY OF THE GREAT LAKES CENTER

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. HIGGINS. Mr. Speaker, today I rise to recognize and honor the 50th anniversary of the Great Lakes Center (GLC). For more than half a century, the Great Lakes Center has worked to improve the quality of the environment by providing the best possible science to decision makers concerned with the health and sustainability of our freshwater resources, with a primary focus on the Great Lakes and their watersheds.

The Center was established in 1966 when Howard Sengbusch formed the Great Lakes Laboratory. The Great Lakes Center's field station is located on SUNY Buffalo State's waterfront campus along the Black Rock Channel. It is a multidisciplinary research, education, and service institute focused on advancing our knowledge and understanding of the largest body of freshwater on Earth.

The Great Lakes Center is the only institution within the SUNY system with a research field station physically situated along the water. The Center maintains a large fleet of research vessels dedicated to specific types of research and educational functions.

Over the last eight years under the Direction of Sasha Karatayev, the GLC saw sustained activity and productivity: over 80 research papers published, 240 presentations given at various state, national, and international meetings and 35 funded projects totaling over 14 million dollars. This living laboratory dedicated to the investigation of the ecology of the Great Lakes and its tributaries is staffed by research scientists, educators, technicians and professors with the Biology department. The Center provides opportunities to obtain Masters of Arts and Masters of Science degrees in Great Lakes Ecosystem Science.

The Great Lakes ecosystem is complex, dynamic, and fragile. The work conducted at the GLC informs policy makers, educators, community leaders, and environmentalists—and contributes toward effective stewardship and decision-making. As part of the Great Lakes Observing System, the GLC operates the only operating observation buoy in eastern Lake Erie. The GLC continuously works to reverse the damage of decades of abuse neglect of the Great Lakes. The Center continues to explore opportunities to expand its educational programs within the regional community.

In February of this year, I was proud to speak on the House Floor during Great Lakes Day to demonstrate the importance of Congress to continue to fund the Great Lakes Restoration Initiative (GLRI). Since the creation of the Great Lakes Restoration Initiative in 2010, nearly \$1.6 billion has been invested in projects to clean up the Great Lakes, the world's largest freshwater system. Locally, the Great Lakes Restoration Initiative supports a number of initiatives including the restoration of the Buffalo River.

Mr. Speaker, thank you for allowing me this opportunity to once again speak about the Great Lakes with pride in this visionary, vitally important and internationally renowned center whose home base is my alma mater, Buffalo State College as its Gold Anniversary was celebrated on April 15, 2016. Congratulations and deepest appreciation to all those who contributed to the past and present of this Center as the preservation, protection and promotion of the Great Lakes is of immeasurable importance to our future.

TRIBUTE TO DR. ROBERT L.
BOWEN

HON. TODD ROKITA

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. ROKITA. Mr. Speaker, I rise today to honor a notable Hoosier, Dr. Robert L. Bowen, who is being honored by the Anti-Defamation League at the 2016 Man of Achievement Award Dinner in Indianapolis.

The Anti-Defamation League's Man of Achievement Award was established to recognize individuals and companies who have demonstrated exceptional commitment to the community, justice and equal opportunity for all. Dr. Bowen was chosen for this honor because of his selfless support of underprivileged youth in Indianapolis.

Dr. Bowen and his wife Terry established the Bowen Foundation in 2000 to provide scholarships to minority students in Indianapolis to pursue education past high school. Over 700 students have received more than \$2 million in scholarships. In 2002, the Bowens, along with the Purdue University President, founded Science Bound. The program mentors Indianapolis Public Schools (IPS) students from grades 8 through 12 to pursue careers in science and technical fields and then receive a full-tuition scholarship to Purdue University. In 2009, Dr. Bowen was inducted into the IPS Hall of Fame for his philanthropy efforts.

Dr. Bowen also provides support to Purdue University through the Robert L. and Terry L. Bowen High-Scale Performance Civil Engineering Laboratory, and \$11 million research facility test structure. Every fall since 2010, Dr. Bowen drives to Purdue's campus twice a week to teach leadership and advanced project management to 60 senior-level students.

Dr. Bowen is the founder and chairman of Bowen Engineering Corporation, a multi-market company specializing in water and wastewater treatment plants and energy utility construction. He received his bachelor's degree in civil engineering from Purdue University and has completed the Harvard Business School OPM Program. He has received many other awards and honors throughout his career.

He is a great friend and confidant of mine, and a wonderful asset to our community, state and nation. I wish to congratulate him on this latest honor and thank him for all he does and will continue to do to help ensure that the American promise as The Land of Opportunity is there for those who work to achieve it.

PERSONAL EXPLANATION

HON. JERROLD NADLER

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. NADLER. Mr. Speaker, I had to return to New York, and as a result, I missed votes on April 14 through 15, 2016. Had I been present, I would have voted "no" on roll call vote No. 146, Final Passage of H.R. 3340, the Financial Stability Oversight Council Reform Act, "no" on roll call vote No. 149, Final Passage of H.R. 3791 to raise the consolidated assets threshold under the small bank holding company policy statement, "aye" on roll call vote No. 150, the Amendment offered by Mr. YARMUTH to clarify that nothing in H.R. 2666 prevents the FCC from requiring or enhancing transparency, "aye" on roll call vote No. 141, the Amendment offered by Mr. MCNERNEY stating that nothing in H.R. 2666 shall affect the authority of the FCC to act in the public interest, and "no" on roll call vote No. 152, Final Passage of H.R. 2666, the No Rate Regulation of Broadband Internet Access Act.

NATIONAL ACADEMY OF FUTURE
SCIENTISTS AND TECH-
NOLOGISTS—COY GARDNER

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. OLSON. Mr. Speaker, I rise today to congratulate Coy Gardner from Katy, TX for being accepted into the National Academy of Future Scientists and Technologists to represent the state of Texas at the Congress of Future Science and Technology leaders.

Coy attends Katy High School and is one of 13 high school honor students selected from the Twenty-Second Congressional District of Texas. These students were selected as Texas delegates at the Congress of Future Science and Technology Leaders. This program was designed for high school students to be recognized for their hard work in school, as well as to support their aspirations of working in a science or technology field. The National Academy was founded by Richard Rossi and Dr. Robert Darling; Mr. Rossi currently serves as president. The Congress is being held at the Tsongas Center at the University of Massachusetts, Lowell from June 29th through July 1st. Coy was selected by a group of educators to be a delegate for the Congress thanks to his dedication to his academic success and goals of pursuing science or technology. We are proud of Coy and all of his hard work, and know he will make Katy proud.

On behalf of the Twenty-Second Congressional District of Texas, congratulations again to Coy for being accepted into the National Academy of Future Scientists and Technologists. Keep up the great work.

HONORING THE LIFE AND LEGACY
OF MONSIGNOR JOHN DUCETTE

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. HIGGINS. Mr. Speaker, I rise today to honor the memory of a great spiritual leader from Western New York, the Reverend Monsignor John I. Ducette, who passed away last week at the age of 79.

Msgr. Ducette was a native of Buffalo and Niagara Falls, educated in those cities and later at St. Bonaventure University and Christ the King Seminary, both in Olean, NY, and later at Seton Hall University, The New York Province Priests' Institute and the National Institute for Clergy Formation.

Ordained a priest on St. Patrick's Day 1962, Msgr. Ducette accepted diocesan assignments and ministered to congregants throughout Western New York, from East Otto to Niagara Falls before finally earning assistant pastor positions at two parishes in the town of Tonawanda.

In 1985, Msgr. Ducette was appointed Pastor of St. Timothy's Parish in the town of Tonawanda, and it is at this parish where he made his most lasting mark. As Pastor for more than 23 years, he established St. Tim's as a warm and inviting—and prospering—parish within the nearby Sheridan-Parkside community. Msgr. Ducette often spoke of St. Tim's as "an intentional parish." He told his congregants that, "the people that come to St. Tim's don't necessarily live in the community, but they long for the type of services that we provide to the people."

The response he received to his work demonstrated that fact. Msgr. Ducette was a master at attracting retired priests to St. Tim's, where each might say one or two masses per weekend. In so doing, he managed a robust schedule of masses and attracted the followers of these retired priests to come and worship at St. Tim's, thereby growing the size of the parish and enhancing the parish's ability to provide services to a local community often beset by economic and social challenges.

Msgr. Ducette was known to run a tight ship. He liked to celebrate a well-organized and efficient Sunday mass. But within that efficiency was an innate ability to deliver a cogent and thoughtful message. While few of Msgr. Ducette's homilies during mass would exceed two or three minutes of length, all were memorable, and most if not all would end with a question, usually one that would cause his congregants to examine their respective faith and allow them throughout the ensuing week to consider what they were doing in their lives to do a greater good within their own communities.

In addition to having been named a prelate of honor by Pope St. John Paul II and his service as Chaplain of the Town of Tonawanda Police Department, Msgr. Ducette was a great lover of the sea. He served as Chaplain of the Port of Buffalo and for 35 years served as diocesan director of the Apostleship of the Sea, praying for the safety of all seafarers and blessing sailing vessels. He delivered blessings at the dedication of the USS *Little Rock* and USS *The Sullivans* at the Buffalo & Erie County Naval & Military Park. I was
