IN RECOGNITION OF NATIONAL
POLICE WEEK

HON. ROD BLUM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mr. BLUM. Mr. Speaker, I rise today in recognition of National Police Week to honor the brave men and women in uniform who serve the First District of Iowa.

Every day, our Nation's law enforcement officers selflessly put their lives in danger to protect our communities. Having recently participated in a police ride along in Dubuque and Waterloo, I had the chance to experience their duties first hand—and my respect for these individuals only increased after seeing their dedication.

Today, the Cedar Falls Police Department hosts a memorial event for the Black Hawk County Peace Officers fallen in the line of duty. I am proud of my district for honoring these brave men and women. On behalf of the 194 law enforcement officers in Iowa who gave their lives last year, I offer my gratitude for their service and my prayers for their families, friends, and colleagues.

I respectfully urge my colleagues in the House of Representatives to continue to support the officers who lay their lives on the line for our safety. I am proud to stand before you today to personally thank every law enforcement officer in the First District of Iowa—and around the country—who put themselves in harm's way in order to keep us safe.

HONORING THE U.S. ARMY CORPS
OF ENGINEERS' PHILADELPHIA
DISTRICT

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mr. BRADY of Pennsylvania. Mr. Speaker, I rise today to honor the U.S. Army Corps of

Engineers' Philadelphia District, which this year is marking its 150th anniversary.

Since Lieutenant Colonel C. S. Stewart was assigned as Superintending Engineer of the Harbor Improvements of the Delaware in July 1866, the men and women of the District have been meeting the Nation's challenges with engineering solutions both in war and in peace, to include building up Frankford Arsenal, the Philadelphia Quartermaster Depot, Fort Monmouth, Fort Dix, McGuire Air Force Base, and Dover Air Force Base; designing and constructing the Army's dredges, survey boats, work boats and barges, and other vessels; keeping the Delaware River, Chesapeake and Delaware Canal, and other waterways open and vital to maritime commerce; completing the Nation's first comprehensive basin-wide study, leading to a system of dams and levees that reduced flood damages within the Delaware River Basin; cleaning up contaminants from around and under abandoned industrial sites; and using dunes and beach nourishment to reduce storm damages along the New Jersey and Delaware coasts.

Through it all, this organization has developed a solid and well-earned reputation for integrity, innovation, responsiveness, customer service, and quality excellence.

Mr. Speaker, I ask that you and my other distinguished colleagues join me in celebrating the Philadelphia District's century and a half of outstanding service to the Nation.

RECOGNIZING THE CITY OF HAY-
WARD'S WATER POLLUTION CON-
TROL FACILITY ON ITS RECENT
AWARDS

HON. ERIC SWALWELL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mr. SWALWELL of California. Mr. Speaker, I rise to recognize the City of Hayward's Water Pollution Control Facility ("Facility") on its pioneering accomplishments in green energy and waste management.

In 2010, the Facility was costing Hayward approximately \$578,000, which was about 20 percent of its total energy cost and 10 percent of the Facility's budget. It also produced approximately 20 percent of Hayward's greenhouse gas emissions.

The year before, the City had adopted its Climate Action Plan with a goal of reducing its greenhouse gas emissions by 20 percent by 2020. Part of this effort was to improve the Facility, allowing it to generate all of its own power with clean or renewable energy sources, but without tapping into Hayward's general fund.

Using outside funding, including multiple incentive programs from the California Public

Utilities Commission, the Facility was able to utilize four new technologies to move from energy consumption to production. The Facility is now able to export the excess energy it creates and saves Hayward an estimated \$400,000 each year.

Some of these technologies also help reduce the environmental impact to the community. The Facility's new digesters, which convert bio-waste to energy, accept waste fats, oils, and greases from the area to help fuel them, keeping those wastes out of landfills. The Facility also sends treated, non-potable water to a nearby power plant, reducing the cost of pumping the water into the San Francisco Bay, and better harnessing water resources in this time of severe drought.

The Facility's revolutionary measures have recently been recognized by organizations across the country. In October 2015, the EPA selected it for the Green Power Leadership Award. On May 26, the Facility will receive the Bay Area's oldest environmental award, the Acterra Business Environmental Award.

The Facility's commitment to the Hayward community and environment is truly extraordinary. I want to acknowledge it and the City of Hayward for their dedication to a sustainable future.

PAYING TRIBUTE TO PAT FOX FOR HER 11 YEARS OF OUTSTANDING SERVICE AS PRESIDENT AND CEO OF RIVERVIEW HEALTH

HON. SUSAN W. BROOKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mrs. BROOKS of Indiana. Mr. Speaker, I rise today to honor Pat Fox on the occasion of her retirement. For over a decade, Pat has served as President and CEO of Riverview Health in Noblesville, Indiana. Pat has an impressive 45 years in the healthcare industry and her passion for patient care and dedication to making Riverview a first-rate hospital has left an enduring impact on the Riverview Health system. The people of Indiana's Fifth Congressional District are forever grateful for

Pat Fox's commitment to making Riverview Health a great place to work, practice medicine, and receive excellent patient care.

Pat began her career in the health industry as a nurse aid in a small county hospital and decided she wanted to pursue a nursing degree. After completing her degree to become an R.N. at St. Mary's in Chicago, she went on to receive a bachelor's degree in Public Health Administration from Indiana University and a master's degree from St. Francis in Illinois. Pat remains a licensed R.N. today, however for the past 30 years she has served in leadership roles in hospitals throughout Indiana.

She began her career in hospital administration as a manager at Wishard Hospital in Indianapolis, which is now known as Eskenazi, and worked her way up to Vice President of Patient Care Services. In 2000, Pat was recruited by Riverview Health for her strong leadership skills to fill the position of Chief Operating Officer. Four years later, when the CEO retired, Pat was promoted. Throughout her 11 year tenure as CEO of Riverview Health, she has been instrumental in helping the Riverview Health system grow into an exceptional and widely-respected health system.

Riverview Health opened its first hospital in May of 1951. At the time, it was just one hospital, but over the past 55 years, Riverview has committed itself to adapting and expanding its facilities to meet the healthcare needs of its community. When Pat started in 2000, Riverview Health was considered a small county hospital with six physicians working outside the hospital in offices around Hamilton County. Under her administration, the health system has grown into a first-class network of 55 facilities, including the large hospital, offices, nursing homes and numerous other facilities focused on outpatient care. Most notably, Pat is responsible for leading the efforts in opening the Women's and Children's units, a new Emergency Center, and facilitation of a physician-led multi-disciplinary breast cancer team. Riverview Health has also been selected to receive a number of prestigious awards under Pat's leadership. Riverview Health was honored with an AchieveWELL certification from The Wellness Council of Indiana (2011), the Patient Safety Excellence Award from HealthGrades (2012), Five-Star Excellence Award from the Professional Research Consultants Inc. (2014), and has consistently ranked in the top 5 percent of U.S. hospitals.

Beyond her work with Riverview, she is an active member of the community. She serves on a number of non-profit boards, including the Cherish Center, Noblesville Youth Assistance Program, Prevail, Inc., and the Westfield Chamber of Commerce. Her commitment to the Hoosier community and success as a leader has not gone unnoticed. She has received a number of awards, including Aspire Indiana's 2013 Aspiring Person Award for her diverse and meaningful involvement throughout the community.

Pat has devoted herself to attaining the vision she set out for the hospital when she began her career with Riverview, and over the last decade she has achieved that vision above and beyond. She transformed healthcare, particularly in Noblesville, but also throughout central Indiana and the Hoosier community is eternally grateful for her dedication to providing the highest standard of healthcare to Hoosiers. I am thrilled to hear
