

sown seeds around the world so that when I have met and wept with people, victims in Nigeria and around the world, they don't understand why America doesn't stand up against Christian genocide around the world and their suffering. Because when you look, the United States Government will litigate against the Little Sisters of the Poor, Mother Teresa, basically, and say: You have got to believe what we tell you to believe. You have got to practice the religious beliefs we tell you to believe. We don't care how moral and Christian and wonderful and humble and helpful you have been. We don't care. You are going to do what the new God of this country says, the five majority on the Supreme Court. That is the new God.

It is about marriage. It is about everything else. Until the five majority in the Supreme Court wake up and allow freedom of religion not to be prohibited, consistent with the First Amendment of the United States Constitution, then we have not a whole lot of time left as a free people.

As an Australian group told me, if something happens to the United States, forget trying to come to Australia. We are gone as soon as you are.

It is time we stand up and make sure religious freedom lives again completely free in America.

Mr. Speaker, I yield back the balance of my time.
