## NOT VOTING—9

Beyer	Lujan Grisham	Sewell (AL)
Fattah	(NM)	Van Hollen
Fincher	Matsui	
Hoyer	Payne	

## ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. POE of Texas) (during the vote). There are 2 minutes remaining.

□ 1609

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

## PERSONAL EXPLANATION

Ms. MICHELLE LUJAN GRISHAM of New Mexico. Mr. Speaker, on rollcall No. 159 on the Motion to Recommit H.R. 1206, I am not recorded due to a family emergency. Had I been present, I would have voted "aye."

On rollcall No. 160 on H.R. 1206, I am not recorded due to a family emergency. Had I been present, I would have voted "nay."

On rollcall No. 161 on H.R. 4885, I am not recorded due to a family emergency. Had I been present, I would have voted "nay."

## HOUR OF MEETING ON TOMORROW

Mr. WALKER. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 9 a.m. tomorrow.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from North Carolina?

There was no objection.

## HONORING BOBBY ROBERTS

(Mr. HILL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HILL. Mr. Speaker, I rise in honor of the lifetime of civic contributions and the legacy of one of Arkansas' great leaders, Bobby Roberts.

Bobby will be greatly missed after his retiring earlier this year from a 27-year career of service to our library system, particularly in his helping assure the growth of educational libraries and humanities throughout our State.

In assuming the role of executive director of the Central Arkansas Library System in 1989, Bobby helped take the system to new heights—expanding from 6 libraries to a total of 14, including 9 branches in the city of Little Rock.

Bobby Roberts has made our central Arkansas community better read, better networked, and better led. I extend my best regards in this next chapter of his life.

## HACK THE PENTAGON BUG BOUNTY PROGRAM

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, on Monday, the Department of Defense kicked off the first bug bounty program in the history of the Federal Government. Like similar programs used in industry, Hack the Pentagon is based on a coordinated vulnerability disclosure process. If a security researcher finds a security problem in public-facing Web sites that are operated by the DOD, he or she can submit it for review. Should the bug represent a security risk, the Department will then pay the researcher a bounty for his or her work.

Coordinated vulnerability programs allow us to crowdsource security, encouraging curious minds to share their discoveries responsibly while providing accountability for institutions that operate or develop software.

I congratulate Secretary Carter for his leadership in creating this program, and I hope other agencies consider adopting programs like this of their own.

Mr. Speaker, I encourage any hackers out there to check out Hack the Pentagon site and help make the pilot program a success.

## CAMERAS IN THE SUPREME COURT

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Mr. Speaker, the Supreme Court of the United States heard the historical case of United States v. Texas, on Monday, regarding executive overreach.

People all over the country are interested in this case, but only a handful of spectators could see the public proceedings. The courtroom is small, and seating is limited. If the public has the right to be present in the courtroom of the Supreme Court, the public should be allowed to view the proceedings in their entirety on television or through live streaming.

Imagine the benefit to law school students to see actual proceedings of the Supreme Court. Also, the public is concerned and wants to know what happens behind those closed doors. It is time to educate the world about what actually occurs in the most important court in the world—the United States Supreme Court.

I was one of the first judges in Texas to allow cameras in the courtroom. All the naysayers said it wouldn't work, but it did. It was a benefit to all. Let the world know what happens in the Supreme Court. Allow these cameras.

Currently, Representative CONNOLLY from Virginia and I are cosponsoring a bill to do exactly this. It is better to show all of the proceedings to the pub-

lic than to rely on a 30-second sound bite from a news reporter on television during the 5 o'clock news.

And that is just the way it is.

## GOVERNMENT BY THE PEOPLE ACT

(Mr. BRENDAN F. BOYLE of Pennsylvania asked and was given permission to address the House for 1 minute.)

Mr. BRENDAN F. BOYLE of Pennsylvania. Mr. Speaker, in this often colorful Presidential election, which has gotten much attention not only here in the United States but around the world, it occurred to me in watching the coverage last night that there is actually something the majority of Americans and probably a majority of both those who are supporting Donald Trump and those who are supporting BERNIE SANDERS agree on; that is that they believe Washington, D.C., is bought and paid for.

Mr. Speaker, as someone who has chosen public service as a profession, that deeply concerns me.

A majority of Americans believe right now that we are all tainted by this campaign finance process, even though I believe that most who have chosen this profession are good and honorable people who are wanting to do the right thing. The fact is we are all tainted by the way in which our campaigns are financed, but we can change that.

It is time for public financing of elections. It is time for H.R. 20, Government By the People Act. Let's get all of the outside money entirely out of the system and return the confidence that the people will have in their elected officials.

## HONORING DOYLE AND REBECCA CORMAN FOR THEIR IMPACT ON CENTRE COUNTY YOUTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise to congratulate Doyle and Becky Corman for earning the Joe and Sue Paterno Community Impact Award in recognizing their dedication and their contributions to the youth of Centre County, Pennsylvania.

The Juniata Valley Council of the Boy Scouts of America, which I had spent more than three decades serving within the Council as a scoutmaster, executive board member, and president, offers the award. Given my history with the Council, I can tell you that the Cormans follow a long line of men and women who have dedicated their lives to the service of their community.

Mr. Corman served as a State Senator from Centre County for more than 20 years, from 1977 to 1998. Over the years, he and his wife, Becky, have provided vital support for community organizations, including the Boy Scouts, the YMCA, a scholarship to Penn State University, and much, much more.

They are also the parents of Pennsylvania State Majority Leader Jake Corman. The Cormans are a real credit to Centre County and its communities.

I congratulate the Cormans on this award, and I look forward to many more years of their work for our region's youth.

#### HOUSTON FLOODING ASSISTANCE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, I just returned from my district which I might say is under water with, again, another torrential rain that has caused so many Houstonians and those in the surrounding areas to suffer. We did this with Tropical Storm Allison last year in May 2015, and now again in 2016.

You see the depth of devastation by the families that I visited at M.O. Campbell and in apartment complexes. First, let me thank the mayor and county government officials who are working so hard.

We need to move as quickly as possible for the Presidential declaration of natural disaster. I know it is a process, and I accept that. But we also have to have a way of investing in the infrastructure of overcoming the terrible aspect of places where water comes with no place to go.

We need a national infrastructure effort and one that involves the State of Texas and Houston, Harris County, as well because we lost eight lives.

Finally, let me say, Mr. Speaker, as I indicate to the Texas Department of Transportation that receives Federal funds, we must put flashing lights and signals where there are underpasses where people have died. We have to save lives.

I will continue to fight for housing and for the Federal declaration and for FEMA. People are suffering, and we are going to work with them and give them hope.

#### EARTH DAY

(Ms. LORETTA SANCHEZ of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise today in honor of Earth Day, which we will celebrate this Friday. Each year on Earth Day we recommit to preserving a healthy and sustainable environment for our future generations.

When Pope Francis addressed Congress over 6 months ago, he called for a courageous and responsible effort to redirect our steps and to avert the most

serious effects of the environmental deterioration caused by human activity.

That is why I believe that the greatest thing that this Chamber can do right now in honor of Earth Day is to fully reauthorize the Land and Water Conservation Fund.

The Land and Water Conservation Fund has provided critical funding to help protect and preserve our natural areas, our water resources, and our cultural heritage.

So it is an important source of funding that allows so many of our Nation's urban youth to understand the environment, to get to know the wilderness, to gain that valuable understanding and respect for wildlife and our environment.

We must act responsibly and permanently reauthorize the Land and Water Conservation Fund.

#### EARTH DAY

(Mr. LOWENTHAL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LOWENTHAL. Mr. Speaker, this Earth Day, we celebrate the historic steps that most of the world's countries, from tiny island nations to the biggest polluters, are taking to reduce pollution and to improve the state of our climate.

On Earth Day, more than 160 countries, including the United States, are signing the landmark Paris climate agreement, taking the next step toward creating a healthier and a safer environment for our communities and protecting our families and our children's health.

I am proud that the United States is leading this effort. I urge my colleagues to throw out those tired and false talking points about international inaction.

Instead, capitalize on this global effort by supporting a swift transition away from dirty fuels toward a future of low-cost, locally made clean energy.

This is our time to lead. Happy Earth Day 2016.

#### HONORING TONY R. RICHISON

(Ms. FUDGE asked and was given permission to address the House for 1 minute.)

Ms. FUDGE. Mr. Speaker, I rise in honor of Tony Richison, a veteran from Ohio's 11th Congressional District who died on March 30.

Mr. Richison and I were friends for many years. He was a respected leader in our community and served as a member of my selection panel for military service academy nominations.

Known for his big personality and love of service to his Nation, Mr. Richison entered the Army at age 16. He served for 10 years during the Korean war and received a Bronze Star for his bravery.

As a champion for returning servicemen and -women, he founded Veterans

for Ohio, a nonprofit that provided assistance to veterans in Cuyahoga County.

Through his work, more than 30 veterans won disability claims and more than 80 gained much-needed housing and medical assistance.

Mr. Richison was a patriot, a community leader, and an advocate. The State of Ohio is indebted to him for his service and sacrifice. He will be greatly missed.

#### CONGRATULATING EAST BRUNSWICK HIGH SCHOOL

(Mrs. WATSON COLEMAN asked and was given permission to address the House for 1 minute.)

Mrs. WATSON COLEMAN. Mr. Speaker, I rise today to recognize the hard work of East Brunswick High School's We the People team. We the People is a civic education program that has reached more than 28 million students since its inception in 1987.

Each year approximately 1,200 students from across the country demonstrate their knowledge of complex constitutional principles in both historical and contemporary contexts.

This week a talented group of young minds from East Brunswick High School in my district will compete for one of ten spots in the final round of competition. I wish both the coach and the team the best of luck and continued success.

#### CONGRATULATING SECOND CONGRESSIONAL DISTRICT APPOINTEES TO MILITARY ACADEMIES

(Mr. MOONEY of West Virginia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MOONEY of West Virginia. Mr. Speaker, I rise today to congratulate the following young men and women from the Second Congressional District on their appointments to one of our Nation's military academies:

Miss Sara Elizabeth Burton from Hedgesville High School in Berkley County and Mr. Zane Kessler from Teays Valley Christian Academy in Putnam County have both received appointments to the United States Air Force Academy.

Mr. Drew Polczynski from Jefferson High School in Jefferson County received appointments from both the Merchant Marine Academy and West Point. His mother, Julie, informs me that he plans on attending West Point in the fall.

Mr. Charles Willis from Carlisle High School received a Presidential appointment to West Point.

Finally, Mr. Jeremy Hammes from Herbert Hoover High School in Kanawha County and Mr. Seth Kirby from Wirt County High School have both received appointments from West Point.
