PROCEEDINGS AND DEBATES OF THE 114th CONGRESS, SECOND SESSION

Vol. 162

WASHINGTON, MONDAY, APRIL 25, 2016

No. 63

House of Representatives

The House met at 11:30 a.m. and was called to order by the Speaker pro tempore (Mr. WHITFIELD).

DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
April 25, 2016.

I hereby appoint the Honorable ED WHITFIELD to act as Speaker pro tempore on this day.

PAUL D. RYAN,
Speaker of the House of Representatives.

PRAYER

Reverend William Gurnee, St. Pius X Catholic Church, Bowie, Maryland, offered the following prayer:

Gracious Lord, as the gift of new life surrounds us in nature, we turn with gratitude for the people of this Nation and those who represent them.

Send Your spirit of right judgment upon the Members of this body so that they may guard the dignity of the poor and protect the opportunity for all to succeed.

Give them courage, give them fortitude, and give them, above all else, the knowledge that they have served their country well.

We humbly ask all this in Your Holy Name.

Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the

last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. The Chair will lead the House in the Pledge of Allegiance.

The SPEAKER pro tempore led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

COMMUNICATION FROM CHAIR OF COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE

The SPEAKER pro tempore laid before the House the following communication from the Chair of the Committee on Transportation and Infrastructure; which was read and, without objection, referred to the Committee on Appropriations:

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,

Washington, DC, April 21, 2016.

Hon. PAUL RYAN,
Speaker of the House, House of Representatives, The Capitol, Washington, DC.

DEAR MR. SPEAKER: On April 20, 2016, pursuant to section 3307 of Title 40, United States Code, the Committee on Transportation and Infrastructure met in open session to consider two resolutions included in the General Services Administration's Capital Investment and Leasing Programs.

The Committee continues to work to reduce the cost of federal property and leases.

The two resolutions considered for alteration projects address serious health and life safety issues and will consolidate agencies out of leased space into owned space reducing the costs to the taxpayer. The amounts authorized are consistent with existing funding. In total, these resolutions represent more than \$27 million in avoided lease costs.

I have enclosed copies of the resolutions adopted by the Committee on Transportation and Infrastructure on April 20, 2016.

Sincerely,

BILL SHUSTER,
Chairman.

Enclosures.

AMENDED COMMITTEE RESOLUTION

ALTERATION—EDWARD J. SCHWARTZ FEDERAL BUILDING AND U.S. COURTHOUSE, SAN DIEGO, CA

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. § 3307, appropriations are authorized for the design and construction for the reconfiguration and alteration of space in the Edward J. Schwartz Federal Building-Courthouse to backfill vacant space resulting from the opening of the San Diego Courthouse in FY2013, allowing federal tenants to reduce their overall footprint, the relocation of childcare operations currently housed in leased space, and correcting life safety and security deficiencies at an additional design and review cost of \$5,795,000, an estimated additional construction cost of \$49,800,000 and an additional management and inspection cost of \$5,250,000 for an additional total estimated project cost of \$60,845,000, a prospectus for which is attached to and included in this resolution. This resolution amends the resolution adopted by the Committee on September 17, 2014 related to prospectus PCA-0167-SD14.

Provided, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Prospectus Number: PCA-0167-SD16

FY2016 Project Summary

Through amended prospectus, the General Services Administration (GSA) proposes design and construction for the reconfiguration and alteration of space in the Edward J. Schwartz Federal Building-Courthouse (FB-CT) to backfill vacancy resulting from the opening of the San Diego Courthouse in FY2013. In addition to recapturing vacant space, the project allows federal tenants to reduce their overall footprint by consolidating their operations in federal space, relocate childcare operations currently housed in leased space, and correct significant life safety and security deficiencies in the facility. Approximately 94,000 rentable square feet will be reconfigured, allowing the Government to release costly leased space reducing the Government's rental payment to the private sector by approximately \$2,723,000 annually.

This prospectus amends Prospectus No. PCA-0167-SD14, to reflect scope changes since the submission of the FY2014 prospectus and to complete work that was not previously approved or funded in FY 2014. Of the \$61,136,000 requested in FY14, GSA received approval for a portion of the proposed project request and apportioned \$19,729,000 of funding as part of its FY2014 Major Repair and Alteration Expenditure Plan.

Building

The 895,247 gross square foot (rsf) Edward J. Schwartz Federal Building and US Courthouse, at 880 Front Street in downtown San Diego, was built in 1973. It consists of two adjacent structures: a six-story federal office wing, a five-story court wing, and underground parking and basement offices. The building's two wings share an upper basement and are connected by a bridge between the fifth and sixth floors.

Tenant Agencies

Judiciary, U.S. Department of Homeland Security, Probation; U.S. Department of Justice, U.S. Treasury Department, U.S. Environmental Protection Agency, GSA, and Childcare.

Proposed Project

Approximately 67,000 RSF of vacant space will be built out for backfill occupancy by the Executive Office for Immigration Review (EOIR), the U.S. Coast Guard, Probation, Grand Jury, and the U.S. Environmental Protection Agency (EPA). Two public restrooms will be remodeled for compliance with the Architectural Barriers Act Accessibility Standard (ABAAS). Security upgrades, including hardening on several facades and the installation of bollards and an anti-ram barrier at the entrance to the garage will be undertaken. Building system upgrades including new automatic transfer switches, a new electric fire pump, new domestic water shut-off valves, a new emergency generator and new quick response fire sprinkler heads will be installed. Precast concrete panels on the south elevation of the building's office wing will be cleaned and sealed. Approximately 13,000 rsf of space will also be built out for a childcare center currently housed in leased space. In addition, approximately 5,000 rsf of vacant storage will be returned to parking for government vehicles in the upper basement and 10,000 rsf of basement space will be prepared for tenant occupancy.

Justification

In FY2014, GSA submitted Prospectus Number PCA-0167-SD14, proposing a \$61,136,000 repair and alteration project to alter vacant space, consolidate multiple agencies, and upgrade building systems. In the absence of full funding for the FY2014 Capital Investment and Leasing Program, GSA's FY2014 Expenditure Plan for Major Repairs and Alterations Program funded the project at \$19,729,000. The Senate Committee on Environment and Public Works and the House Committee on Transportation and Infrastructure approved the reduced scope and funding. This amended prospectus allows GSA to accomplish scope that was not funded in FY2014 and to undertake additional scope items including conversion of vacant storage space, childcare and consolidate multiple agencies.

The project will allow GSA to backfill approximately 94,000 rsf vacated by certain District Court Judges and staff, and the Court clerk's operations when they moved to the new San Diego Courthouse in FY2013 as well as additional space vacated by the Internal Revenue Service when they relocated to Courthouse.

Currently the building does not meet blast and security standards. In addition, failure to repair or replace the outdated and inefficient building systems will cause operating costs to continue to increase and would likely lead to costly system failures. Further deterioration of the building's systems will make it difficult to backfill the space vacated by tenants that relocated to the San Diego Courthouse Annex.

Summary of Energy Compliance

This project will be designed to conform to requirements of the Facilities Standards for the Public Buildings Service and will implement strategies to meet the Guiding Principles for High Performance and Sustainable Buildings. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

FY 2016 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project to remediate mold, eliminate water infiltration, replace the building facade, and undertake system and site upgrades at the Pensacola District Courthouse located at 1 North Palafox Street in Pensacola, FL (the "District Courthouse").

The District Courthouse is a leased facility that was constructed on land owned by the City of Pensacola and made available to GSA's selected developer pursuant to a Ground Lease. It was constructed for use by the Courts and leased by GSA since 1997. The firm term of the current space lease between GSA and the owner of the courthouse, Palafox Street Associates, LP, expires on July 31, 2017 (the "Courthouse Lease"). GSA has an unconditional right to accept an irrevocable Offer of Donation from the City of Pensacola to take fee simple ownership of the site and improvements at the end of the current 20-year Courthouse Lease term. GSA plans to acquire ownership of the site and improvements by accepting the Offer of Donation, thereby taking ownership from the City of Pensacola upon expiration of the initial term of the Courthouse Lease.

Building

The District Courthouse in Pensacola is a five-story leased building built for use by the Federal judiciary and occupied in August 1997 under a 20-year, below-prospectus lease (including two options of 5 additional years each). The building is owned by GSA's current Lessor, Palafox Street Associates, and was constructed on land owned by the City of Pensacola pursuant to a Ground Lease between the City of Pensacola and the building's developer. The ground lease agreement is coterminous with the Courthouse Lease. This Court's function in this building is in conjunction with the court and court-related functions housed in the federally owned Winston E. Amow U.S. Courthouse, located at 100 N. Palafox Street. The Amow Courthouse is 79,840 rentable square feet (RSF) and provides 5 inside parking spaces and 22 outside surface parking spaces.

The Courthouse Lease expires on July 31, 2017. Upon expiration of the Courthouse Lease, GSA has the right, through an Offer of Donation provided from the City of Pensacola, to assume ownership of the underlying land and improvements. With the end of the current lease term nearing, GSA plans to accept the donation, enabling the Government to take ownership of the District Courthouse land and improvements from the City, at no cost.

Proposed Project

GSA proposes alterations to the District Courthouse that will correct the water intrusion issues in the building by replacing the building's facade, installing a new standing seam metal roof system, repairing structural damage to the building caused by the water

intrusion, and completely abating the presence of mold created by the water intrusion. The new building envelope will be weathertight and meet the State of Florida hurricane requirements. GSA will also install a new security blast protection system to the exterior during the facade repairs consistent with current security standards. Interior finishes throughout the building damaged by the water intrusion will also be repaired or replaced. In addition, the project will modernize the outdated fire safety system and the heating ventilating and air conditioning (HVAC) system by adding additional variable air volume boxes and a new building automation system to better control the interior humidity. The restrooms in the building will also be upgraded, including the installation of floor drains, replacement of wall finishes, and Architectural Barriers Act Accessibility Standard compliant unisex restrooms will be installed on each floor. Grounds and approaches will be repaired after facade demolition and replacement. Parking will be repaved and waterproofing and drainage will be installed on the site.

Plumbing Upgrades	798,000
Site Repairs/Improvements	760,000
Demolition	<u>482,000</u>
Total ECC	\$25,259,000

Justification

The existing leased District Courthouse has experienced water intrusion issues dating back to initial occupancy. GSA under the Courthouse Lease is responsible for all maintenance and capital improvements, and has made numerous repairs over the term of the lease to attempt to resolve these issues. However, the selective repairs have not been able to adequately correct the building deficiencies, and water intrusion issues persisted. GSA identified significant water intrusion and mold issues in 2014, and, as a result, GSA is pursuing a comprehensive solution. Due primarily to the health-related concerns reported by building occupants, and the limited ability to move occupants within the building during the proposed renovation without disrupting agency missions, GSA

relocated all building tenants out of the leased District Courthouse and into a 14,946 rentable square foot lease in June 2015 and the Arnou Courthouse. The 1 N. Palafox Street courthouse is currently vacant and will remain so for the duration of the renovation project.

Summary of Energy Compliance

This project will be designed to conform to requirements of the Facilities Standards for the Public Buildings Service and will implement strategies to meet the Guiding Principles for High Performance and Sustainable Buildings. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

Alternatives Considered (30-year, present value cost analysis)

Alteration:	\$56,120,271
New Construction:	\$53,371,076
Lease	\$100,838,333

GSA has determined that taking ownership of the courthouse and executing the repair and alterations project identified in this prospectus is the most efficient means of housing the U.S. District Courts in Pensacola, FL. The 30-year, present value cost of alteration is \$2,749,195 more than the cost of new construction with an equivalent annual cost disadvantage of \$147,610, and \$44,718,062 less than the cost of a lease with an equivalent annual cost advantage of \$2,548,623. At this time, the GSA Federal Building Fund has the necessary funds available to support the limited alteration of the District Courthouse allowing for re-occupancy of the District Courthouse. Utilizing existing Federal Building Fund resources, the Alteration alternative also provides a long-term housing solution for building occupants more quickly than the New Construction alternative.
