CELEBRATING 81ST BIRTHDAY OF FORMER CONGRESSMAN WILLIAM STUCKEY, JR.

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today in recognition of former Congressman William S. Stuckey, Jr.'s 81st birthday today.

Born in 1935 in Eastman, Georgia, he attended the Georgia Military Academy and then graduated from the University of Georgia in 1956.

For Georgians, he is most known for his time spent in Congress from 1967 to 1977, serving the Eighth District of Georgia and later the Ninth District.

He went to great lengths to pass legislation that aided coastal Georgia's environmental heritage, including a bill that made Cumberland Island a national seashore by the United States National Park Service.

Thanks to Mr. Stuckey, the island is an impressive, well-preserved, and secluded maritime force that amazes visitors each year.

Another environmental bill passed by Mr. Stuckey made the Okefenokee Swamp a federally protected wilderness and created trails that visitors walk along today.

I want to thank Mr. Stuckey for his service to Georgia. I wish him a very happy birthday.

ZIKA VIRUS CRISIS

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, as we go home for the Memorial Day commemoration to honor the fallen in battle, as we go home to commemorate the next step in the lives of many of the graduates in our district, it is shameful that we have not completed our work on the full funding to fight the Zika virus crisis and respond to the President's request for \$1.9 billion.

Before I left my district on Monday, we had a major press conference with the mayor, the county commissioner, doctors, and others expressing their apprehension and concern about the dangerousness of the Zika virus.

We are trying to inform our constituents, but we are also pleading for resources to clean up sitting water and tires and to be able to continue the research for a vaccine. One of our experts indicated that they didn't know how dangerous the Zika virus will be.

Madam Speaker, it is important that we do our job. It is appropriate to take the President's request and pass it—\$1.9 billion—to do our job to fight the Zika virus.

HOUSE AMENDMENTS TO S. 2012

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, with the House amendments to S. 2012, California is moving in the direction of doing responsible management of California's water resources.

Since this House has taken action, it is now up to California's Senators to no

longer ignore the crisis facing our State.

We have heard a lot about California's water woes. Some falsely claim this bill prioritizes one area over another. But, also, it includes instead the strongest possible protections for northern California's area of origin and senior water rights.

It safeguards the most fundamental water right of all. Those who live where water originates will have access to it. Northern California water districts and farmers are strongly in support of this bill.

This measure accelerates surface water storage infrastructure projects, such as Sites Reservoir, which this year would have saved 1 million acre-feet of water had it been in place already. We can't expect 40 million people to survive on infrastructure designed generations ago.

We have heard wild claims about how this measure could cause harm to the Endangered Species Act. But, in reality, it lives within the Endangered Species Act and biological opinions.

Wildlife agencies currently base orders to cut off water to people on hunches, not data. This bill would provide actual facts to end the arbitrary decisions we have seen in recent years.

Finally, it allows more water to be stored and used during winter storms, when river flows are highest and there is no impact to fish populations.

The delta outflows surpassed record numbers this year. As a result, very little water actually got saved and much was wasted, which could be in the San Luis Reservoir.

We have to change these policies and save the people's water for California with smarter management.

LEAVE OF ABSENCE

By unanimous consent, leave of absence was granted to:

Mr. DUFFY (at the request of Mr. MCCARTHY) for today after 7:00 p.m. and for the balance of the week on account of the birth of his child.

Mr. LAMBORN (at the request of Mr. MCCARTHY) for today after 7:00 p.m. and for the balance of the week on account of attending his son's graduation from Harvard Law School.

BILL PRESENTED TO THE PRESIDENT

Karen L. Haas, Clerk of the House, reported that on May 24, 2016, she presented to the President of the United States, for his approval, the following bill:

H.R. 2814. To name the Department of Veterans Affairs community-based outpatient clinic in Sevierville, Tennessee, the Dannie A. Carr Veterans Outpatient Clinic.

ADJOURNMENT

Mr. LAMALFA. Madam Speaker, I move that the House do now adjourn.

The motion was agreed to; accordingly (at 11 o'clock and 25 minutes p.m.), under its previous order, the House adjourned until tomorrow, Thursday, May 26, 2016, at 9 a.m.
