

that has taken place in Tennessee and Mississippi and at the Shiloh National Military Park. I think it is so significant that we have seen our local elected officials work with our State and Federal officials.

I do have to commend the employees of the National Park Service who have done a phenomenal job as they have worked toward the preservation of these entities, as Mr. CLAY said so very well, and who have looked at how we adjust the boundaries, expand the boundaries, and then preserve these areas. It is a part of the historical legacy, as has been said, not only of Tennessee's and Mississippi's, but of the United States'.

Indeed, over a half million visitors a year come to the Shiloh National Military Park. This will give the National Park Service the flexibility that it needs to look at adding in the additional 2,100 acres into this park. It would encompass the Fallen Timbers, the Russell House, and the Davis Bridge battlefields, and would provide that consideration for Parker's Crossroads. As I said, it is an important part of the National Park Service.

This legislation is the product of work from our local, State, and Federal officials and from the community groups and organizations that support this.

I thank my colleagues for their support.

Mr. CLAY. Mr. Speaker, I urge my colleagues to support this legislation.

I yield back the balance of my time.

Mr. HARDY. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Nevada (Mr. HARDY) that the House suspend the rules and pass the bill, H.R. 87, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Nevada (Mr. HARDY) and the gentleman from Missouri (Mr. CLAY) each will control 20 minutes.

The Chair recognizes the gentleman from Nevada.

Mr. HARDY. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of H.R. 2733, the Nevada Native Nations Land Act.

I commend my colleague from Nevada (Mr. AMODEI), the sponsor of this bill, for his tireless work on this important piece of legislation. Because he will speak further on the details that affect his district, I will provide a brief summary of the bill.

H.R. 2733, as amended, would require the Secretary of the Interior to place, approximately, 71,000 acres of Federal land into trust for six tribes in the State of Nevada. Gaming would be prohibited on these lands.

Located in my district, the Duckwater Shoshone Tribe would have, approximately, 31,000 acres of land placed into trust by the Secretary of the Interior. The tribe intends to utilize these lands for economic development and community growth. Specifically, the additional lands will allow the tribe to expand agricultural operations, additional housing and facilities development, and to protect cultural sites and wildlife.

Over 85 percent of the land that is located in Nevada is federally controlled, and tribes continue to have a small land base. This bill is an important step in promoting economic activity that will generate jobs in the tribal communities, benefitting both reservation economies.

I thank Mr. AMODEI for his efforts in getting this legislation to the floor.

Mr. Speaker, I reserve the balance of my time.

Mr. CLAY. Mr. Speaker, I yield myself such time as I may consume.

The six Nevada tribes that are affected by this legislation want to expand their reservations for a variety of purposes, including for recreational use, residential construction, and energy and mineral development. H.R. 2733 will allow the tribes to pursue these goals. By passing this bill, they will be able to preserve their cultural heritage and traditions, expand housing for their members, and realize new economic development opportunities.

The final legislation is the result of years of negotiations between the tribes, the Federal Government, the State of Nevada, and local stakeholders.

I commend my colleague from Nevada (Mr. AMODEI) for his work on behalf of the Nevada tribes and on this legislation. I urge its quick adoption.

Mr. Speaker, I reserve the balance of my time.

Mr. HARDY. Mr. Speaker, I yield 3 minutes to the gentleman from Nevada (Mr. AMODEI).

Mr. AMODEI. I thank my colleague from the Silver State and my colleague

from the Show Me State. I appreciate the background.

Mr. Speaker, this is the return of a bill that was passed in the 114th Congress by a voice vote in the House of Representatives. It went to the Senate. I can't tell you what happened there, but the good news is that the 114th Congress, the Senate, has moved on a companion bill; so we might actually get some resolution of this.

I note that my colleague from the Show Me State mentioned patience and hard work. I want to point out that, for the folks of the Fort McDermitt Paiute and Shoshone Tribe, the 19,000-acre transfer that is proposed in this piece of legislation was first before the United States Congress in a bill that was introduced in 1972 by then-Nevada Senators Alan Bible and Howard Cannon. Certainly, that tribe gets the "patience" award in terms of waiting to fill in what is largely checkerboard-type holdings to consolidate their holdings in the whole thing.

As a whole, about 31,000 acres are in my colleague's CD4 district, and 40,000 acres are in the rest of CD2. There is a variety of things to provide housing to attract healthcare facility givers and cultural resource preservation buffer zones. It has been through the planning process in those counties in which it is. Many off-road vehicle organizations support this. It can hardly be said to have been sprung on anybody.

I urge my colleagues' support.

Mr. CLAY. Mr. Speaker, I urge my colleagues to vote in favor of the legislation.

I yield back the balance of my time.

Mr. HARDY. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Nevada (Mr. HARDY) that the House suspend the rules and pass the bill, H.R. 2733, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

EEZ TRANSIT ZONE CLARIFICATION AND ACCESS ACT

Mr. HARDY. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3070) to clarify that for purposes of all Federal laws governing marine fisheries management, the landward boundary of the exclusive economic zone between areas south of Montauk, New York, and Point Judith, Rhode Island, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 3070

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "EEZ Transit Zone Clarification and Access Act".

(2) any activity authorized by such a permit.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Nevada (Mr. HARDY) and the gentleman from Missouri (Mr. CLAY) each will control 20 minutes.

The Chair recognizes the gentleman from Nevada.

GENERAL LEAVE

Mr. HARDY. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and to include extraneous materials on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Nevada?

There was no objection.

Mr. HARDY. Mr. Speaker, I yield myself such time as I may consume.

H.R. 3070, which was introduced by my colleague, Congressman LEE ZELDIN of New York, aims to eliminate Federal regulatory confusion around the Block Island Sound. His bill authorizes the Secretary of Commerce to permit striped bass fishing in the Block Island Transit Zone between Montauk, New York, and Point Judith, Rhode Island.

The bill before us today is the result of extensive input from area stakeholders and congressional deliberation. Following a Natural Resources Committee's oversight field hearing and a subsequent legislative hearing, the bill has been amended to resolve any concerns about the unintended impacts of other federally permitted activities. As such, the Natural Resources Committee passed this bill earlier this year by unanimous consent.

I urge my colleagues to support this bill, and I commend Mr. ZELDIN for his leadership on this bill.

I reserve the balance of my time.

Mr. CLAY. Mr. Speaker, I yield myself such time as I may consume.

As introduced, H.R. 3070 would have had sweeping negative impacts. It would have redrawn the boundary of the exclusive economic zone in an area between Montauk Point, New York,
