

on the first day of the next Congress and hope to have President-elect Trump's support to keep the law behind his promise.

HUSTON-TILLOTSON UNIVERSITY

(Mr. WILLIAMS asked and was given permission to address the House for 1 minute.)

Mr. WILLIAMS. Mr. Speaker, I am proud to represent several Texas colleges and universities in my Texas 25th Congressional District, but it is Austin's first institution of higher education that I would like to speak about today.

Huston-Tillotson University is referred to by many as the jewel of the east Austin community. I have had the pleasure of meeting the school's president, Dr. Colette Pierce Burnette. She is only the second female president in the institution's rich history. I can tell you, Dr. Colette Pierce Burnette is an experienced leader who is committed to the success of her students.

Huston-Tillotson College was chartered by the State of Texas in 1952 and was renamed to Huston-Tillotson University in 2005. Its name derives from the merger of Tillotson College and Samuel Huston College.

The school's focus is on liberal arts. It offers associate and master's degrees, in addition to bachelor of arts and bachelor of science degrees, in more than 19 areas of study.

I would like to thank President Colette Pierce-Burnette, the faculty, and the administration for their devotion to higher education, and I expect they will keep up the good work for many years to follow.

In God we trust.

RECOGNIZING AIRBORNE FIRST CLASS IRVING MUNROE

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, I rise today in recognition of Airborne First Class Irving Munroe, a veteran of the United States Air Force from my district in Rhode Island.

On June 1, 1951, just few days shy of his 20th birthday, Airman Munroe went missing in action after his aircraft was shot down over Kwaksan, North Korea.

Airman Munroe was a devoted son and brother, and our Nation will never be able to fully repay his family for their loss. Airman Munroe was finally laid to rest at Arlington National Cemetery on October 13, 2016, in a ceremony attended by those closest to him.

His family, which has accumulated more than 100 years of total military service over two generations, truly understands the meaning of service to our country.

Americans are fortunate to live in a free and safe country because of the extraordinary sacrifices of those who have served in our Armed Forces. We owe all who serve and their families our genuine gratitude and deep respect.

On behalf of a grateful Nation, I want to sincerely thank the Munroe family for their service.

HONORING THE SERVICE OF JAMES "J.H." LANGDON

(Mr. ROUZER asked and was given permission to address the House for 1 minute.)

Mr. ROUZER. Mr. Speaker, it was 16 years ago when I was embarking on a run for North Carolina Commissioner of Agriculture that my uncle told me there was a man I needed to meet. That man was James H. Langdon, whom we all call J.H. Today I rise to honor his service in the North Carolina House, which will soon officially come to a close.

A former ag education teacher, J.H. has served six terms in the North Carolina House and has either taught or represented practically every citizen in Johnston County and beyond. As chairman of the house agriculture committee, J.H. has been a tireless advocate for agriculture and our farm families.

I know of no one who talks less but does more, which I attribute to his great and abiding love for and faith in our Creator. J.H.'s legacy will be felt across the State of North Carolina for generations to come.

On behalf of the citizens of Johnston County and the countless individuals he has touched, I wish him and his wife, Lena, much happiness as they continue their wonderful journey together.

EVERYONE MUST BEAR THE COST OF OUR MILITARY

(Mr. O'ROURKE asked and was given permission to address the House for 1 minute.)

Mr. O'ROURKE. Mr. Speaker, those who have truly borne the cost of the wars that we have waged since 9/11 have been the men and women who wear the uniform and their families—fewer than 1 percent of the people in this country. For the rest of us, we have deferred our obligations and our payments to future generations.

Harvard's Linda Bilmes estimates that the wars that we are waging since 9/11 will cost this country nearly \$1 trillion in healthcare costs and support costs for the veterans who have fought those wars. That is why I am asking my colleagues from both sides of the aisle to join me in sponsoring the Veterans Health Care Trust Fund Act, which would create a surtax on each and every American who has not served to ensure that we pay for our wars as we wage them and have the resources to take care of the veterans who fight them. It is going to ensure transparency in the cost of these wars; it is going to ensure that everyone bears their fair share of the burden; and it is going to ensure that we always have the resources to always take care of the veterans.

Mr. Speaker, I ask that everyone join me in this important effort.

FAREWELL ADDRESS

(Mr. DOLD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DOLD. Mr. Speaker, on one of the last days to be able to come and address the House before the end of this Congress, I want to take this opportunity, really, to thank the people that work here in the House.

We up here talk about our constituents back at home, and Congresses will come and go, but it is the staff here that make this institution run. I want to thank them for the great work that they do. Frankly, there are far too few of us that actually recognize the work that happens.

From the folks down in the wood shop, to the people who are working behind the rostrum, to our Capitol police officers, to Father Conroy, who keeps us on the straight and narrow, we thank you for your service.

I do want to take this opportunity, as we are about to embark on the holidays, to thank them for the great work that they do for each and every one of us and for our Nation, because they are the ones that truly keep this institution running and make sure that we have a sense of history and that, again, this august body is one that will be represented well for years and, hopefully, centuries to come.

PENTAGON'S WASTEFUL BACK OFFICE BUREAUCRACY

(Mr. SCHRADER asked and was given permission to address the House for 1 minute.)

Mr. SCHRADER. Mr. Speaker, I rise today to call upon this body to protect our national security by ensuring that the billions we spend through the Pentagon are, in fact, well spent.

We are currently embarking on enacting a CR that is inadequate for education, health care, and economic and job development. It contains a bloated Defense Department with even more money, despite documentation of \$125 billion in waste and inefficiencies that their own investigation showed.

This does not relate to our servicemen and -women who do a great job for our country protecting freedom around the world. This is money that we could use to fund all the war spending and drive down the costs of the Pentagon and Department of Defense almost 20 percent without affecting existing programs.

I think we need to declassify the Department of Defense study and use that money for the taxpayers to drive down our debt and deficit and make this country great again.

25TH ANNIVERSARY OF KJIL AND GREAT PLAINS CHRISTIAN RADIO

(Mr. HUELSKAMP asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. HUELSKAMP. Mr. Speaker, this year marks 25 years of KJIL and Great Plains Christian Radio in Meade, Kansas, providing Christian music, weather, sports news, and inspiration to farmers, ranchers, businesses, and into the homes and vehicles of thousands of Kansas families.

The process of going from dream to reality took nearly 10 years; but within 24 hours after completing their transmission tower, KJIL took to the air September 5, 1992, at 99.1 FM. In 2001, they added another station in Abilene, Kansas, at 105.7 FM.

Since then, their story is one of God's constant faithfulness and provision. What started as a small dream for a rural county and my home county of southwest Kansas now includes nearly 40 translators, including the neighboring States of Oklahoma, Texas, and Colorado. Nearly my entire congressional district receives radio signals from Great Plains Christian Radio.

Not only has KJIL served our region so faithfully for 25 years, they have also done so with excellence. The Kansas Association of Broadcasters has awarded them Station of the Year twice. They have also been the recipients of a trio of awards from Focus on the Family Station of the Year—the list goes on and on.

Any opportunity to commend KJIL and their history of humbly serving Kansas requires recognition of the people who made it happen, such as Don Hughes, Jim Fairchild, and my good friend, Michael Luskey, who is currently the CEO and GM. I sincerely hope and pray that KJIL will have service for another 25 years.

STOP ARMING TERRORISTS

(Ms. GABBARD asked and was given permission to address the House for 1 minute.)

Ms. GABBARD. Mr. Speaker, under U.S. law, it is illegal for you or me or any American to provide any type of assistance to al Qaeda, ISIS, or other terrorist groups. If we broke this law, we would be thrown in jail. Yet the U.S. Government has been violating this law for years, directly and indirectly supporting allies and partners of groups like al Qaeda and ISIS with money, weapons, intelligence, and other support in their fight to overthrow the Syrian Government.

A recent New York Times article confirmed that “rebel groups” supported by the U.S. “have entered into battlefield alliances with the affiliate of al Qaeda in Syria, formerly known as Al Nusra.”

The Wall Street Journal reports that rebel groups are “doubling down on their alliance” with al Qaeda. This alliance has rendered the phrase “moderate rebels” meaningless. We must stop this madness. We must stop arming terrorists.

I am introducing the Stop Arming Terrorists Act today to prohibit tax-

payer dollars from being used to support terrorists.

□ 0915

PROVIDING FOR CONSIDERATION OF THE SENATE AMENDMENT TO H.R. 2028, ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2016, AND PROVIDING FOR CONSIDERATION OF S. 612, GEORGE P. KAZEN FEDERAL BUILDING AND UNITED STATES COURTHOUSE

Mr. WOODALL. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 949 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 949

Resolved, That upon adoption of this resolution it shall be in order to take from the Speaker's table the bill (H.R. 2028) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2016, and for other purposes, with the Senate amendment thereto, and to consider in the House, without intervention of any point of order, a motion offered by the chair of the Committee on Appropriations or his designee that the House concur in the Senate amendment with an amendment consisting of the text of Rules Committee Print 114-70 modified by the amendment printed in the report of the Committee on Rules accompanying this resolution. The Senate amendment and the motion shall be considered as read. The motion shall be debatable for one hour equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The previous question shall be considered as ordered on the motion to its adoption without intervening motion.

SEC. 2. Upon adoption of this resolution it shall be in order to consider in the House the bill (S. 612) to designate the Federal building and United States courthouse located at 1300 Victoria Street in Laredo, Texas, as the “George P. Kazen Federal Building and United States Courthouse”. All points of order against consideration of the bill are waived. An amendment in the nature of a substitute consisting of the text of Rules Committee Print 114-69 shall be considered as adopted. The bill, as amended, shall be considered as read. All points of order against provisions in the bill, as amended, are waived. The previous question shall be considered as ordered on the bill, as amended, and on any further amendment thereto, to final passage without intervening motion except: (1) one hour of debate equally divided among and controlled by the respective chairs and ranking minority members of the Committees on Energy and Commerce, Natural Resources, and Transportation and Infrastructure; and (2) one motion to recommit with or without instructions.

The SPEAKER pro tempore (Mr. SIMPSON). The gentleman from Georgia is recognized for 1 hour.

Mr. WOODALL. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentlewoman from New York (Ms. SLAUGHTER), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

GENERAL LEAVE

Mr. WOODALL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Georgia?

There was no objection.

Mr. WOODALL. Mr. Speaker, when you asked me to clarify the number of the resolution, I am reminded of my mother when she used to ask me if I wanted to take out the trash. She was not asking me if I wanted to take out the trash. She was suggesting, very politely, that it was my responsibility to get out of my chair and get out there and take out that trash. I think about all of the folks that invest themselves in our success here. When you give me a chance to clarify, candidly, I am a little surprised that I need to because I am surrounded by a team of excellence. I should have just spoken it right back to you.

We have two bills today, Mr. Speaker, that are the result of a whole lot of mothers, a whole lot of staffers, and a whole lot of constituents asking the Members of Congress if they would like to take out the trash, telling folks that they have responsibilities that need to be handled and they need to be handled now.

It is two bills that this rule makes in order for consideration today, Mr. Speaker. It is S. 612, which is the Water Infrastructure Improvements for the Nation Act. That is what they call it on the Senate side. On our side, it is the Water Resources Development Act, the WRDA bill, a bill that authorizes projects one by one, considered by the U.S. House of Representatives, not led by the agencies, but led by the people's House, and directed to the agencies for accomplishment.

The second bill is H.R. 2028. It is the continuing resolution bill for FY 2017 funding, Mr. Speaker. I don't need to tell you—you know the Appropriations Committee well—but this year, for the first time since the people of the Seventh District of Georgia entrusted me with a voting card, we passed an appropriations bill on time. We did it for our veterans. It was signed by the President of the United States before the end of the fiscal year. We took a step at getting back towards regular order a commitment we have all made to one another, and a commitment that this funding bill will bring to fruition.

It is not what any of us would have wanted on day one, it is not the way any of us believed that we could have completed this process had we had more time, but it is the proper way to make sure that certainty, rather than uncertainty, governs this land.

I have got my colleague from the Rules Committee and the Appropriations Committee, the gentleman from Oklahoma (Mr. COLE) here with me, Mr. Speaker, so I won't belabor that side of the issue. But what I do want to talk about is something I know well, and that is the WRDA bill.
