

in their own homes also are helping seniors stay where they want to be—and that is less expensive for taxpayers than if these seniors were instead in nursing homes.

Mr. ENZI. I would also like to highlight the National Resource Center for Women and Retirement as a highly successful program run by the Women's Institute for a Secure Retirement—known to most as “WISER”—a non-profit organization dedicated to ensuring the security of women's retirement income through outreach, partnerships, and policy development. The staff and programs at WISER have provided important and effective trainings and education in my home State of Wyoming, as well as around the country.

Mr. ALEXANDER. For more than 50 years, the Older Americans Act has been effective in large part because these successful programs are funded through flexible grants to States. States know best what services will be most beneficial for their residents to live healthier, more independent lives as they age.

I want to thank Senator MURRAY for working with me on this bill in our committee.

I want to thank Senator COLLINS, whose leadership on the Special Committee on Aging was instrumental. Her determination to help seniors stay home and independent helped us get this bill through the full Senate.

I want to thank Senator BURR for his determination to get a result on the funding issue.

Finally, I would like to thank Senator SANDERS for his tireless work on this issue and on this bill.

NATIONAL CONGENITAL DIAPHRAGMATIC HERNIA AWARENESS MONTH

Mr. SESSIONS. Mr. President, today I wish to discuss S. Res. 408. I am delighted that the Senate has unanimously declared April as National Congenital Diaphragmatic Hernia Awareness Month for the fourth consecutive year. I would like to thank my friend and able colleague, Senator BEN CARDIN of Maryland, for joining me in this legislation. This resolution is very important to me and my family as my grandson Jim Beau is a CDH survivor.

I specifically wanted to speak today, April 19, to commemorate Congenital Diaphragmatic Hernia Action Day. Charities and families in 60 countries and cities all over the U.S. are working together to raise CDH Awareness through State and town proclamations, lighted buildings, Parades of Cherubs, fundraisers, and other events.

CDH is a birth defect that occurs when the fetal diaphragm fails to fully develop. The lungs develop at the same time as the diaphragm and the digestive system. When a diaphragmatic hernia occurs, the abdominal organs move into and develop in the chest instead of remaining in the abdomen. With the heart, lungs, and abdominal

organs all taking up space in the chest, the lungs do not have space to develop properly. This may cause the lungs to be small and underdeveloped.

A diaphragmatic hernia is a life-threatening condition. When the lungs do not develop properly during pregnancy, it can be difficult for the baby to breathe after birth, or the baby is unable to take in enough oxygen to stay healthy.

Several members from the CHERUBS group visited my office yesterday. I was encouraged by their good spirit and enthusiasm. These individuals have been coming to Capitol Hill every year for the last several years to advocate for Federal assistance for this birth defect. Over the last 4 years, we have made good progress.

We have seen an increase in funding at the National Institutes of Health, NIH. In fiscal year 2015, the NIH funded approximately \$3,300,000 in CDH research. This is an increase of \$800,000 from fiscal year 2014. We have also seen an increase in awareness and education. But more research is needed. The cause of CDH remains unknown. Most cases of diaphragmatic hernia are believed to be multifactorial in origin, meaning both genetic and environmental factors are involved. It is thought that multiple genes from both parents, as well as a number of environmental factors that scientists do not yet fully understand, contribute to the development of a diaphragmatic hernia.

Congenital diaphragmatic hernia is a birth defect that occurs in 1 out of every 3,836 live births worldwide.

The CDC estimates that CDH affects 1,088 babies in the U.S. each year.

Every 10 minutes, a baby is born with CDH, adding up to more than 700,000 babies with CDH since just 2000; yet most people have never heard of CDH.

Up to 20 percent of cases of CDH have a genetic cause due to a chromosome defect or genetic syndrome.

According to the CDC, babies born with CDH experience a high mortality rate ranging from 20–60 percent depending on the severity of the defect and the treatments available at delivery. The mortality rate has remained stable since 1999.

Approximately 40 percent of babies born with CDH will have other birth defects, in addition to CDH. The most common is a congenital heart defect.

Awareness, good prenatal care, early diagnosis, and skilled treatment are the keys to a greater survival rate in these babies. That is why this resolution is so important.

In 2009, my grandson Jim Beau was diagnosed with CDH during my daughter Mary Abigail's 34th week of pregnancy. At that time, no one in my family had heard of CDH before. My family was very lucky that Jim Beau's defect was caught before he was born and that he was in the right place to receive excellent care for his CDH.

He is now a happy, rambunctious 6-year-old.

The resolution Senator CARDIN and I introduced is important because it will bring awareness to this birth defect, and this awareness will save lives. Although hundreds of thousands of babies have been diagnosed with this defect, the causes are still unknown, and more research is needed. Every year more is learned and there are more successes. We are making good progress, and we must continue these efforts.

I want to thank my colleagues for joining me in supporting this legislation to bring awareness to CDH.

I thank the Chair.

TRIBUTE TO LARRY MACDONALD

Ms. BALDWIN. Mr. President, today I wish to recognize Larry MacDonald as he retires from the city of Bayfield, WI, after an impressive 20 years as the city's mayor. Since his election in 1994, Larry has dedicated himself to improving the city of Bayfield and making it a wonderful destination in northwestern Wisconsin.

Larry was born in Munich, Germany, to American parents. After growing up in the Twin Cities area of Minnesota, Larry and his wife, Julie, moved to Bayfield in 1989. They opened Cooper Hill House B&B, contributing to Bayfield's tradition of welcoming visitors from across the State to beautiful Bayfield County. The MacDonalds also opened the Apostle Islands Outfitters that, for close to two decades, supported Bayfield and the city's practice of providing outstanding outdoor recreation opportunities to residents and tourists alike.

While he has served as mayor for 20 years, Larry's career in public service began as a casual interest in local government. However, as a proactive politician, a committed environmentalist, and a savvy businessman, Larry's casual interest quickly grew into a remarkable passion for his work and dedication to his city. Over the past two decades and despite an ill-fated attempt at retirement in 2004, Larry has influenced all aspects of the Bayfield community.

The city of Bayfield is the smallest city in Wisconsin, but one of our most popular destinations. A beautiful city located on Lake Superior, Bayfield draws visitors from across the State. When others would be daunted, he faced head-on the challenges of a local economy based on tourism, working with local organizations and listening closely to his community. Larry also dedicated his career to maintaining the natural beauty of Lake Superior and the Apostle Islands through his work as a board member of the Alliance of the Great Lakes and the Apostle Islands National Lakeshore. As mayor, he led the city to be one of the first in the Nation to adopt an eco-municipality resolution, thereby codifying its commitment to sustainability, setting an example for others to follow, and preserving Bayfield's natural resources for generations to come.

Larry's involvement in the community goes beyond his work as mayor. His many civic contributions include roles as master of ceremonies for the Bayfield Apple Festival for many years, an avid participant in the Big Top Chautauqua annual Pie & Politics event, and a regular contributor to the Bayfield School Reading Days. Larry's influence can be seen throughout the city, whether it is through his community work, the time he has spent working at his family's business interests, or simply enjoying the city.

However, when he looks back on his many roles in life, his greatest accomplishment will be his 20 years of service as mayor. Larry himself describes it as the best job he ever had. While he attributes his success to the Bayfield community, the city council and his dedicated staff, Larry's success comes from his own will. His investment in his staff, his honesty and involvement, and his personal touch are what spurred Bayfield residents to return him to office year after year. Although in retirement he will no longer be in the mayor's office, Larry's legacy will remain.

Over the past 20 years, Larry has impacted Bayfield residents and the community around him through his dedication, honest nature, and kind heart. I am so pleased to join others in recognizing Larry's success and accomplishments. I wish him, his wife, Julie, their children, many grandchildren and great-grandchildren all the best in the next chapter of their lives together.

ADDITIONAL STATEMENTS

TRIBUTE TO MICHAEL THOMPSON

• Mr. SCOTT. Mr. President, I wish to congratulate and recognize Mr. Michael Thompson of Greenville, SC, for receiving one of Scouting's highest honors—the Distinguished Eagle Scout Award. This is a significant achievement and a testament to his continued service to our country, State, and especially to the South Carolina community.

As sitting president of the Blue Ridge Council Boy Scouts, Michael Thompson's love for service and the community, as well as his many achievements, place him in the company of other great individuals who have received this award, such as President Gerald Ford, Neil Armstrong, and former Secretary of Defense Dr. Robert Gates, to name a few. His involvement in the Upstate community represents what it truly means to be an outstanding leader.

It is with pride and honor that we recognize Mr. Michael Thompson and his outstanding achievements today and add his legacy to our April 19, 2016, Congressional Record. We will always remember his admiration for the community, the Upstate, and above all for the scouts.●

100TH ANNIVERSARY OF THE FOUNTAIN INN WESLEYAN METHODIST CHURCH

• Mr. SCOTT. Mr. President, today I wish to honor one of South Carolina's most impactful ministries, the Fountain Inn Wesleyan Methodist Church. Celebrating 100 years of faith and teachings on April 24, 2016, the church has remained dedicated to its vision, "To exalt Jesus Christ by Evangelizing the Lost, Disciplining Believers, Equipping the Church, and Ministering to the Community," and intends to continue on this path for years to come.

Evangelist Rev. J.M. Hames first organized the church in 1916, and its official name, the Wesleyan Church, was obtained in 1968 following mergers with several other denominations. Following a tent revival meeting at the start of its history, the church began as a place of worship for workers and residents of the Woodside Mill Village community. It was later provided its permanent place of worship when the Woodside Mill company deeded the building and property to the Wesleyan Methodist Church.

Despite many changes incurred over time, including the leadership of 21 pastors, the church has continued to serve the community without straying from its initial mission. The Fountain Inn Wesleyan Methodist Church has remained a consistent source of guidance for its community and has brought many individuals to know the Lord throughout its history.

It is with honor and admiration that we recognize the Fountain Inn Wesleyan Methodist Church and its great impact, adding its legacy to our April 19, 2016, Congressional Record.●

TRIBUTE TO SOPHIE DOEDEN

• Mr. THUNE. Mr. President, today I recognize Sophie Doeden, an intern in my Aberdeen, SD, office for all of the hard work she has done for me, my staff, and the State of South Dakota.

Sophie is a graduate of Beresford High School in Beresford, SD. Currently, Sophie is attending Northern State University, where she is majoring in political science. Sophie is a dedicated worker who has been committed to getting the most out of her experience.

I extend my sincere thanks and appreciation to Sophie Doeden for all of the fine work she has done and wish her continued success in the years to come.●

MESSAGE FROM THE PRESIDENT

A message from the President of the United States was communicated to the Senate by Mr. Pate, one of his secretaries.

PRESIDENTIAL MESSAGE

REPORT RELATIVE TO THE
ISSUANCE OF AN EXECUTIVE
ORDER EXPANDING THE SCOPE
OF THE NATIONAL EMERGENCY
ORIGINALLY DECLARED IN EX-
ECUTIVE ORDER 13566 OF FEB-
RUARY 25, 2011, WITH RESPECT
TO LIBYA—PM 46

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), I hereby report that I have issued an Executive Order (the "order") expanding the scope of the national emergency declared in Executive Order 13566 of February 25, 2011, with respect to the unusual and extraordinary threat to the national security and foreign policy of the United States posed by the situation in Libya.

In the order, I find that the ongoing violence in Libya, including attacks by armed groups against Libyan state facilities, foreign missions in Libya, and critical infrastructure, as well as human rights abuses, violations of the arms embargo imposed by United Nations Security Council Resolution 1970 (2011), and misappropriation of Libya's natural resources threaten the peace, security, stability, sovereignty, democratic transition, and territorial integrity of Libya, and thereby constitute an unusual and extraordinary threat to the national security and foreign policy of the United States. The order blocks the property and interests in property of persons determined by the Secretary of the Treasury, in consultation with the Secretary of State:

• to be responsible for or complicit in, or to have engaged in, directly or indirectly, any of the following:

○ actions or policies that threaten the peace, security, or stability of Libya, including through the supply of arms or related materiel;

○ actions or policies that obstruct, undermine, delay, or impede, or pose a significant risk of obstructing, undermining, delaying, or impeding, the adoption of or political transition to a Government of National Accord or a successor government;

○ actions that may lead to or result in the misappropriation of state assets of Libya; or

○ threatening or coercing Libyan state financial institutions or the Libyan National Oil Company;

• to be planning, directing, or committing or to have planned, directed, or committed, attacks against any Libyan state facility or installation (including oil facilities), against any air, land, or sea port in Libya, or against any foreign mission in Libya;
