PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-157. A concurrent resolution adopted by the House of Delegates of the State of West Virginia urging the United States Congress to provide funding for the West Virginia National Guard to sustain and enhance its capabilities in its role in a regional catastrophe and to modernize the antiquated avionics of its fleet of C130s and other aircraft to meet global airspace requirements for 2020; to the Committee on Armed Services.

HOUSE CONCURRENT RESOLUTION NO. 20

Whereas, In the event of a regional catastrophe, West Virginia's east-west highways, including I-68 and I-64 are links to the major exit corridors from the FEMA National Capital Region (NCR) westward and, assuming that a regional catastrophe will likely include Baltimore to the north of the NCR and Richmond to the south of the NCR, westward evacuation utilizing these highways is highly likely and is, in fact anticipated; and

Whereas, The routes through West Virginia will traverse rural areas that do not have infrastructure adequate for what could be a mass of evacuees in the worst-case scenario; experience in regional emergencies, such as Superstorm Sandy in 2012, illustrates some shortcomings in planning that is less focused on regions and more on states; and

Whereas, West Virginia is perfectly (and geographically) postured to support any emergency or disaster response to the NCR, including mass evacuation westward; and

Whereas, FEMA regions do not necessarily represent grouping of states likely to be involved in some scenarios; FEMA region III contains the NCR and West Virginia as its western-most edge and in a major catastrophe, Regions V, with Ohio, Indiana, and Illinois, VII with Missouri, and IV with Kentucky, Tennessee, and North Carolina are likely to be involved in some combinations; and

Whereas, The National Guard, through the use of Emergency Management Assistance Compacts, can operate across state lines to provide vital response capability in security, transportation, medical, housing, communications, command and control, and others based on its dual role in military preparedness and state civil support; and

Whereas, Military Force Structure assigned to the National Guard must be considered by Federal Military planners for the dual use they can encounter; National Guard Organizations require personnel, equipment, organization, training, leadership and funding to maintain federal military standards and to be prepared to respond to a domestic emergency or disaster; and

Whereas, Regional catastrophic planning is dependent on National Guard assets, capabilities and responsiveness; consequently, it is also critical that federal military planners assess the impact of their force structure changes on regional capability needs as I well as those that are state specific; and

Whereas, The C-130 H3 "Hercules" aircraft assigned to the 130th Airlift Wing of the West Virginia National Guard at Yeager Airport in Charleston, West Virginia will eventually become obsolete without system modernization to the communication, naviga-

tion, and surveillance (CNS) components; National Air Traffic Control (ATC) agencies and the International Civil Aviation Organization (ICAO) are modernizing airspace faster than the US Air Force is updating C-130 avionics capabilities; and

Whereas, Aircraft component acquisition becomes increasingly difficult as fewer C-130 H aircraft remain in the Air Force inventory and the unique components of the C-130, including its self contained navigational system (SCNS), face short term supply chain shortages that could be remedied with aircraft avionics modernization; and

Whereas, The contract to perform maintenance on aircraft flight computers is renewed annually and this perpetual reliance on short term contracts increases sustainment cost and challenges mission effectiveness and operational planning; and

Whereas, Reliance on short term contracts and antiquated avionics will increase Air Force expense in the long run as it translates to more expensive mission-essential contracts and increased fuel expenditures due to inefficient routing: Now, therefore, be it

Resolved by the Legislature of West Virginia, That the Legislature hereby urges the United States Congress to provide funding for the West Virginia National Guard to sustain and enhance its capabilities in its role in a regional catastrophe and to modernize the antiquated avionics of its fleet of C-130s and other aircraft to meet global airspace requirements for 2020; and be it

Further Resolved, That the Clerk of the House of Delegates is hereby directed to forward a copy of this resolution to the President and Secretary of the United States Senate, the Speaker and Clerk of the House of Representatives and to the members of West Virginia congressional delegation.

POM-158. A joint resolution adopted by the Legislature of the State of Tennessee urging the President of the United States and the United States Congress to take immediate action to protect citizens and lawful residents from the consequences resulting from the uncontrolled influx of undocumented immigrants into this country; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 70

Whereas, the federal Department of Homeland Security has set forth in a report, entitled Estimates of the Unauthorized Immigrant Population Residing in the United States: January 2011 that the unauthorized immigrant population totaled 11.5 million in 2011; and

Whereas, the U.S. Customs and Border Protection agency apprehended 486,651 individuals crossing the borders of the United States in fiscal year 2014 alone; and

Whereas, the power to control immigration and naturalization is reserved to the federal government by the provisions of Article I, Section 8, of the United States Constitution, which tasks the legislative branch with establishing uniform rules of naturalization; and

Whereas, the explosive growth in numbers of illegal immigrants, including a substantial increase in unaccompanied alien children, over the past few years reflects a failure by the President of the United States, his administration, and the various members of Congress to implement procedures that adequately address this issue; and

Whereas, despite the lack of authority granted to the states to fully address the issue of illegal immigration, as evidenced by recent court decisions, including *Arizona v. United States*, 132 S. Ct. 2492 (2012), the costs of supporting illegal immigrants in this country continues to fall directly to the several states, and their counties and cities; and
