

women who have been killed in the line of duty throughout U.S. history.

Each are unique in their own personal stories but they are uniform in their fidelity to truth and justice.

The individuals are heroes, not because of the manner in which they died but because time and again they answered a call to do right, impervious to the constant lurking of danger.

Regrettably, 123 new names of officers killed in the line of duty in 2015 will be added to the rolls this week and we know that they will not be the last.

Mr. President, the men and women of law enforcement make sacrifices both big and small, frequently missing family celebrations and holidays because they believe in serving something greater than themselves.

The work of law enforcement is not a job, it is a calling.

That calling and those officers' devotion to duty merits our admiration and we are deeply indebted to them.

I call on all Americans this week to pause and contemplate the safety and security they enjoy.

We all must recognize that such peace is the result of sacrifices made by the brave men and women of law enforcement.

I also want to take this opportunity to urge my colleagues to support this year's resolution designating National Police Week.

ADAM WALSH REAUTHORIZATION ACT OF 2016

Mr. LEAHY. Mr. President, hopefully this week the Senate will vote on legislation to reauthorize key elements of the Adam Walsh Act. I supported this important law when it was first enacted nearly 10 years ago, and I am proud to be a cosponsor of this reauthorization bill. Over the years, I have worked closely with John Walsh and others who have been such tireless advocates on behalf of missing and exploited children. And as a Senator and former prosecutor, but most importantly, as a father and a grandfather, I take seriously my duty to protect the children of Vermont and every community throughout the country.

The Adam Walsh Reauthorization Act will reauthorize two important programs that assist State and local law enforcement agencies to monitor and apprehend sex offenders. Specifically, this legislation authorizes the Attorney General to continue providing grants to State and local law enforcement agencies in their efforts to improve sex offender registry systems. The bill also reauthorizes funding for grants to improve information sharing and verification and supports the work of the U.S. Marshals Service in helping State and local law enforcement to locate and apprehend sex offenders who fail to comply with registration requirements.

Last Congress, I was proud to help lead the fight to reauthorize the National Center for Missing and Exploited

Children, NCMEC, which has served for more than three decades as a national clearinghouse on issues related to missing and exploited children. I know that the center works closely with the marshals and other Federal, State, and local law enforcement agencies, and the Adam Walsh Reauthorization Act will help further our support for these collaborative efforts.

The bill also includes an important set of provisions authored by Senator SHAHEEN to protect the rights of sexual assault survivors. I want to thank and applaud Senator SHAHEEN for her hard work and leadership on the Sexual Assault Survivors Rights Act. As an original cosponsor of her bill, I supported the inclusion of her important measure as part of this bill.

I encourage all Senators to support this bill. I hope that the House will take it up and promptly pass it so that it can be signed into law by the President. There is no need to delay any longer our support for the Federal, State, and local enforcement agencies that work tirelessly to protect the children of our community. But once this bill becomes law, our job does not end there. It is not sufficient to just pay lip service to this issue and allow Congress to pat itself on the back for passing an authorization bill. Just as we have seen with our efforts to combat the opioid abuse epidemic, a bill that authorizes programs is important and worthy of support, but ultimately an empty promise if it is not backed up with the actual Federal resources that Congress authorizes. I will keep fighting to ensure that Congress puts its money where its mouth is and provides the funding that is necessary to support these important efforts. I will continue fighting to improve our laws so that we protect the most vulnerable in all of our communities.

ARMS SALES NOTIFICATION

Mr. CORKER. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. BOB CORKER,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 15-70, concerning the Department of the Navy's proposed Letter(s) of Offer and Acceptance to the Government of Egypt for defense articles and services estimated to cost \$143 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

J.W. RIXEY,
Vice Admiral, USN, Director.

Enclosures.

TRANSMITTAL NO. 15-70

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

- (i) Prospective Purchaser: Egypt.
- (ii) Total Estimated Value:
Major Defense Equipment* \$116 million.
Other \$ 27 million.
Total \$143 million.

(iii) Description and Quantity or Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE) includes:
Twenty (20) UGM-84L Harpoon Block II Encapsulated Missiles

Two (2) Encapsulated Harpoon Certification Training Vehicles (EHCTV)

Non-MDE items also included are containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor representative technical assistance, engineering and logistics support services, and other related elements of logistics support.

(iv) Military Department: Navy (XX-P-LFW)

(v) Prior Related Cases, if any:

FMS case ABW-\$48M-12 Nov 97.

FMS case ABZ-\$68M-27 Mar 98.

FMS Case CAN-\$107M-22 Jan 03.

(vi) Sales Commission. Fee. etc.. Paid. Offered, or Acreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached Annex.

(viii) Date Report Delivered to Congress: May 11, 2016.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Egypt—UGM-84L Harpoon Block II Encapsulated Missiles

The Government of Egypt has requested a possible sale of:

Major Defense Equipment (MDE) includes:
Twenty (20) UGM-84L Harpoon Block II Encapsulated Missiles

Two (2) Encapsulated Harpoon Certification Training Vehicles (EHCTV).

Non-MDE items also included are containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor representative technical assistance, engineering and logistics support services, and other related elements of logistics support.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner that has been and continues to be an important force for

political stability and economic progress in the Middle East.

The proposed sale of these submarine-launched missiles will support the Egyptian Navy's Type 209 submarines, increasing its anti-surface warfare and maritime security capabilities. Egypt already possesses Harpoon Block II missiles and will have no difficulty absorbing these additional weapons.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be The Boeing Company in St. Louis, Missouri. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require annual trips to Egypt involving U.S. Government and contractor representatives for technical reviews, support, and oversight for approximately five years.

There will be no adverse impact on United States defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 15-70

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The UGM-84L Harpoon Block II Encapsulated missile system is classified CONFIDENTIAL. The Harpoon missile is a conventional tactical weapon system currently in service in the U.S. Navy and in 29 other foreign nations. It provides day, night, and adverse weather, stand-off capability and is an effective Anti-Surface Warfare missile. The UGM-84L incorporates components, software, and technical design information that are considered sensitive. The following components of the proposed sale are classified CONFIDENTIAL:

- a. The Radar Seeker
- b. The Global Positioning System/Inertial Navigation System (GPS/INS)
- c. Operational Flight Program Software
- d. Missile operational characteristics and performance data

These elements are essential to the ability of the Harpoon missile to selectively engage hostile targets under a wide range of operations, tactical, and environmental conditions.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities. All defense articles and services listed in this transmittal have been authorized for release and export to Egypt.

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. BOB CORKER,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 16-08, concerning the Department of the Army's proposed Letter(s) of Offer and Acceptance to the United Arab Emirates for defense articles and services estimated to cost \$476 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

JENNIFER ZAKRISKI,
(For J. W. Rixey, Vice Admiral, USN
Director).

Enclosures.

TRANSMITTAL NO. 16-08

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: United Arab Emirates.

(ii) Total Estimated Value:
Major Defense Equipment* \$ 468 million.
Other \$ 8 million.
TOTAL \$ 476 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE):
Four-thousand (4,000) AGM-114 R/K Hellfire Missiles.

Also included are the following non-MDE items: training and technical assistance. The estimated cost is \$476 million.

(iv) Military Department: Army (AE-B-ZUF, Amendment 2)

(v) Prior Related Cases, if any:
AE-B-JAH-02 Jan 92—\$606 million.
AE-13-UDE-06 Jan 00—195 million.
AE-B-ZUF-31 Dec 08—\$174 million.
AE-B-ZUL-21 Oct 09—\$252 million.

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached Annex.

(viii) Date Report Delivered to Congress: May 11, 2016.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

United Arab Emirates—AGM-114 R/K Hellfire Category III Missiles

The United Arab Emirates (UAE) has requested a possible sale of four-thousand (4,000) AGM-114 R/K Hellfire Missiles over the next three (3) years in increments of one-thousand (1,000) to one-thousand five-hundred (1,500) missiles. Also included in this possible sale are training and technical assistance. The total estimated value of MDE is \$468 million. The overall total estimated value is \$476 million.

This proposed sale will enhance the foreign policy and national security of the United States by helping to improve the security of a partner country, which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale will improve the UAE's capability to meet current and future threats and provide greater security for its critical infrastructure. The UAE will use the enhanced capability to strengthen its homeland defense. (UAE will have no difficulty absorbing these Hellfire missiles into its armed forces.)

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Lockheed Martin Missile and Fire Control in Dallas, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government or contractor representatives to the United Arab Emirates.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 16-08

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

Annex Item No. vii

(vii) Sensitivity of Technology

1. The AGM-114 R/K Hellfire Category III Missile is an air-to-ground missile used

against heavy and light armored targets, thin-skinned vehicles, urban structures, bunkers, caves, and personnel. The missile is Inertial Measurement Unit-based, with a variable delay fuze, improved safety and reliability. The highest level for release of the AGM-114 R/K Hellfire Missile Semi-Active Laser is SECRET, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is SECRET: the highest level that must be disclosed for production, maintenance or training is CONFIDENTIAL. Reverse engineering could reveal CONFIDENTIAL information. Vulnerability data, countermeasures, vulnerability/susceptibility analyses and threat definitions are classified up to SECRET.

2. A determination has been made that the Government of the United Arab Emirates can provide substantially the same degree of protection for the technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

3. All defense articles and services listed in this transmittal have been authorized for release and export to the United Arab Emirates.

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. BOB CORKER,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(5)(A) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 01-16. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 11-37 of 28 October 2011.

Sincerely,

J. W. RIXEY,
Vice Admiral, USN, Director.

Enclosures.

TRANSMITTAL NO. 01-16

Report of Enhancement or Upgrade of Sensitivity of Technology or Capability (Sec. 36(B)(5)(A), AECA)

i. Purchaser: Government of Finland.
ii. Sec. 36(b)(1), AECA Transmittal No.: 11-37; Date: 28 October 2011; Military Department: Air Force.

iii. Description: On 28 October 2011, Congress was notified by Congressional certification transmittal number 11-37, of the possible sale under Section 36(b)(1) of the Arms Export Control Act (AECA) of 70 AGM-158 Joint Air-to-Surface Standoff Missiles (JASSM), 2 test vehicles, support and test equipment, publications, and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated total cost was \$255 million. Major Defense Equipment (MDE) constituted \$134 million of this total.

This transmittal reports the addition of one test vehicle, a JASSM Missile in which the warhead has been replaced by test instruments. The additional unit will result in a net increase in cost of MDE of \$2 million, resulting in a revised MDE cost of \$136 million. The total cost will remain at \$255 million.

iv. Significance: This report is being provided to increase the quantity of JASSM test vehicles Finland will procure from 2 to 3. The additional equipment provides Finland additional capability to support its JASSM missiles.

v. Justification: This proposed sale will contribute to the foreign policy goals and national security objectives of the United States by improving the security of a partner nation that remains an important force for political stability and economic progress in Europe. Finland intends to integrate the JASSM on its F/A-18C/D aircraft. Finland's acquisition of JASSM is intended to modernize its current aircraft munitions suite and counter potential threats. This will contribute to the Finnish military's goal of updating its capability. Finland will have no difficulty absorbing this additional test vehicle into its inventory.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

vi. Date Report Delivered to Congress: May 13, 2016.

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. BOB CORKER,
*Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.*

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(5)(A) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 0L-16. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 13-67 of January 14, 2014.

Sincerely,

J.W. RIXEY,
Vice Admiral, USN, Director.

Enclosure.

TRANSMITTAL NO. 0L-16

Report of Enhancement or Upgrade of Sensitivity of Technology or Capability (Sec. 36(B)(5)(A), AECA)

(i) Purchaser: Government of Singapore.
(ii) Sec. 36(b)(1), AECA Transmittal No.: 13-67; Date: 14 January 2014; Military Department: Air Force.

(iii) Description: On 14 January 2014, Congress was notified by Congressional certification transmittal number 13-67, of the possible sale under Section 36(b)(1) of the Arms Export Control Act of:

70 Active Electronically Scanned Array Radars (AESA)

70 LN-260 Embedded Global Positioning System/Inertial Navigation Systems (GPS/INS)

70 Joint Helmet Mounted Cueing Systems (JHMCS)

70 APX-125 Advanced Identification Friend or Foe (IFF) Combined Interrogator Transponders

3 AIM-9X Block II Captive Air Training Missiles

3 TGM-650 Maverick Missiles for testing and integration

4 GBU-50 Guided Bomb Units (GBU) for testing and integration

5 GBU-38 Joint Direct Attack Munitions for testing and integration

3 CBU-105 (D-4)/B Sensor Fused Weapons for testing and integration

1 AIS Interface Test Adapters for software updates

1 Classified Computer Program Identification Numbers (CPINs)

4 GBU-49 Enhanced Paveways for testing and integration

2 DSU-38 Laser Seekers for testing and integration

6 GBU-12 Paveway II, Guidance Control Units

Also included were Modular Mission Computers (MMC), a software maintenance facility, cockpit multifunction displays, radios, secure communications, video recorders; a

Joint Mission Planning System (JMPS); maintenance, repair and return, aircraft and ground support equipment, spare and repair parts, tool and test equipment; engine support equipment, publications and technical documentation; aerial refueling support, aircraft ferry services, flight test; personnel training and training equipment, site surveys, construction, U.S. Government and contractor engineering, technical, and logistics support services, and other related elements of logistics and program support. The estimated value of Major Defense Equipment (MDE) was \$330 million. The estimated total cost was \$2.43 billion.

This transmittal reports an update to the MDE status of the MMC and cockpit multifunction displays. The MMC and cockpit multifunction displays included in the notified sale were categorized as MDE by the U.S. Air Force in June and August 2015, respectively. Updating the designation of this equipment as MDE results in a \$62.2 million increase to the MDE value of this sale. The new estimated MDE value is \$392.2 million. The total case value will remain \$2.43 billion.

(iv) Significance: This equipment provides the Republic of Singapore Air Force improved situational awareness and the ability to interpret complex tactical situations more quickly and accurately.

(v) Justification: This proposed sale will contribute to the foreign policy and national security of the United States by increasing the ability of Singapore to contribute to regional security. The proposed sale will improve the security of a strategic partner which has been, and continues to be, an important force for political stability and economic progress in the Asia Pacific region.

(vi) Date Report Delivered to Congress: May 13, 2016.

TRIBUTE TO PASTOR BENNIE MORAN

Mrs. CAPITO. Mr. President, today I wish to honor Pastor Bennie Moran of Faith Baptist Church in Morgantown, WV, upon his retirement after 49 years of faith-based service to the community. Pastor Moran held the church's first service in 1967 from his home with only 10 people in attendance. Word of the newly formed church spread throughout the county, so the growing congregation had to meet at the Westover Community Building for the next 7 years. In 1973, the church moved into its first permanent location. Faith Baptist Church remained there until 1995, which is when they moved into their current location. Pastor Moran was there helping the church every step of the way.

Born in Fairmont, WV, Bennie grew up a son of a coal miner. He attended Fairmont State University for his undergraduate degree and received his doctorate from Bob Jones University. Bennie also proudly served his country in the U.S. Army. I am honored to represent this individual who has faithfully served both this country and his community. Today I ask my colleagues to join me in honoring Pastor Moran's service to Faith Baptist Church and the State of West Virginia.

ADDITIONAL STATEMENTS

HOLOCAUST MEMORIAL OBSERVANCES OF GREELEY AND NORTHERN COLORADO

● Mr. BENNET. Mr. President, for over 35 years, the Holocaust Memorial Observances of Greeley and Northern Colorado have worked to raise awareness of the atrocities of Nazi crimes and the perils of anti-Semitism and have fostered greater understanding and knowledge throughout Colorado. Through various educational experiences, the Holocaust Memorial Observances have preserved many of the stories of the courage and bravery that have come to define that period.

This month, the members of the Holocaust Memorial Observances committee hosted a series of discussions, films, and school visits, including a presentation by Holocaust survivor Peter Daniels, formerly known as Peter Berlowitz. Thanks to the committee's hard work, our children, grandchildren, and generations after them will have the opportunity to reflect on the experiences of people like Peter Daniels and his inspiring story of survival and determination.

It is my pleasure to commend the Holocaust Memorial Observances of Greeley and Northern Colorado committee for their dedicated service to this critical cause and to congratulate the committee on continuing to provide a platform for individuals to counteract hate and prejudice.●

TRIBUTE TO MARK VAN TINE

● Mr. BENNET. Mr. President, today I wish to recognize Mark Van Tine, vice president of Digital Aviation for the Boeing Company and chief executive officer of Jeppesen. He is retiring after 35 years with the company as a champion of the aviation industry.

Mr. Van Tine leads more than 3,800 employees at Jeppesen, which is headquartered in Englewood, CO, and serves general, business, military, and the commercial aviation sectors. Additionally, Jeppesen works closely with the aviation industry to improve the flying experience at Denver International Airport. A new navigation pattern design, for example, allows commercial airline pilots to descend in a single, smooth arc rather than a more traditional stair-step pattern, resulting in lower costs, fewer carbon emissions, and gentler landings.

Since 1981, Mr. Van Tine has held numerous positions at Jeppesen, including serving as its chief information officer, before being named CEO in 2002. In 2012, he became the leader of Boeing's new Digital Aviation organization, taking on the tremendous challenge of overseeing Jeppesen's digital transformation. This involved moving the entire global aviation industry to electronic charts, which reduced paperwork and increased efficiency.
