

energy production, and gives States the time and flexibility they need to develop tailored, cost-effective plans to reduce their emissions. By nullifying the Clean Power Plan, S.J. Res. 24 not only threatens ongoing progress toward cleaner energy, but would also eliminate public health and other benefits of up to \$54 billion per year by 2030, including thousands fewer premature deaths from air pollution and thousands fewer childhood asthma attacks each year.

The Clean Power Plan is essential in addressing the largest source of greenhouse gas pollution in our country. It is past time to act to mitigate climate impacts on American communities. Because the resolution would overturn the Clean Power Plan, which is critical to protecting against climate change and ensuring the health and well-being of our Nation, I cannot support it.

To leave no doubt that the resolution is being vetoed, in addition to withholding my signature, I am returning S.J. Res. 24 to the Secretary of the Senate, along with this Memorandum of Disapproval.

BARACK OBAMA.
