

repeal ObamaCare and replace it with step-by-step reforms that transform the health care delivery system by putting patients in charge, giving them more choices, and reducing the cost of health care so more people can afford it, which is precisely the alternative Republicans offered in 2008, 2009, and 2010, when ObamaCare was debated and voted in.

It also highlights the big structural change we will need to make in the near future to avoid a near collapse of our Nation's health insurance market.

Americans get their insurance, our insurance, through many different places, some from Medicare, some from Medicaid, and most from their employers, but nearly 11 million buy their insurance through the exchanges.

If the ObamaCare policyholder isn't bearing the cost of the higher premiums I just described, then you—the taxpayer—will because a large portion of ObamaCare premiums are subsidized with tax dollars. There is no excuse for having a failing insurance market where taxpayers are paying most of the bill and costs are so out of control that we may soon have a situation where no insurance company is willing to sell insurance on an ObamaCare exchange.

Where does that leave these 11 million Americans? ObamaCare and its one-size-fits all takeover of health care robs States of their abilities to provide access to affordable health care plans in a way that makes sense for their State populations and economies.

ObamaCare was supposed to create a marketplace where people would have more access to affordable, private health insurance plans. Robust, private, market competition was supposed to spur innovative insurance design and help drive down costs. But just the opposite has happened, as those stuck in ObamaCare are facing fewer and more expensive options.

Long term, Americans should have the freedom to make their own choices about their families' health care needs.

But short-term, in November, nearly 11 million Americans need freedom from the ObamaCare exchanges. And this legislation that I will introduce later today with other Senators will provide that immediately.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 559—DESIGNATING THE WEEK OF SEPTEMBER 12, 2016, AS "NATIONAL DIRECT SUPPORT PROFESSIONALS RECOGNITION WEEK"

Mr. CARDIN (for himself, Ms. COLLINS, Mr. PORTMAN, Mr. BROWN, Mr. BLUMENTHAL, Mr. MENENDEZ, Mr. GRASSLEY, Mr. MARKEY, Mr. KING, Ms. WARREN, and Ms. AYOTTE) submitted the following resolution; which was considered and agreed to:

S. RES. 559

Whereas direct support professionals, including direct care workers, personal assist-

ants, personal attendants, in-home support workers, and paraprofessionals, are key to providing publicly funded, long-term support and services for millions of individuals with disabilities;

Whereas direct support professionals provide essential support to help keep individuals with disabilities connected to their families, friends, and communities so as to avoid more costly institutional care;

Whereas direct support professionals support individuals with disabilities by helping those individuals make person-centered choices that lead to meaningful, productive lives;

Whereas direct support professionals must build close, respectful, and trusted relationships with individuals with disabilities;

Whereas direct support professionals provide a broad range of individualized support to individuals with disabilities, including—

- (1) assisting with the preparation of meals;
- (2) helping with medication;
- (3) assisting with bathing, dressing, and other aspects of daily living;
- (4) assisting with access to their environment;
- (5) providing transportation to school, work, religious, and recreational activities; and
- (6) helping with general daily affairs, such as assisting with financial matters, medical appointments, and personal interests;

Whereas the participation of direct support professionals in medical care planning is critical to the successful transition of individuals from medical events to post-acute care and long-term support and services;

Whereas there is a documented critical and increasing shortage of direct support professionals throughout the United States;

Whereas direct support professionals are a critical element in supporting individuals who are receiving health care services for severe chronic health conditions and individuals with functional limitations;

Whereas many direct support professionals are the primary financial providers for their families;

Whereas direct support professionals are hardworking, taxpaying citizens who provide an important service to people with disabilities in the United States, yet many continue to earn low wages, receive inadequate benefits, and have limited opportunities for advancement, resulting in high turnover and vacancy rates that adversely affect the quality of support, safety, and health of individuals with disabilities;

Whereas the Supreme Court of the United States, in *Olmstead v. L.C.* by Zimring, 527 U.S. 581 (June 22, 1999)—

(1) recognized the importance of the deinstitutionalization of, and community-based services for, individuals with disabilities; and

(2) held that, under the Americans with Disabilities Act of 1990 (42 U.S. 12101 et seq.), a State must provide community-based services to persons with intellectual and developmental disabilities if—

(A) the community-based services are appropriate;

(B) the affected person does not oppose receiving the community-based services; and

(C) the community-based services can be reasonably accommodated after the community has taken into account the resources available to the State and the needs of other individuals with disabilities in the State; and

Whereas, in 2016, the majority of direct support professionals are employed in home- and community-based settings and that trend will increase over the next decade: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week of September 12, 2016, as "National Direct Support Professionals Recognition Week";

(2) recognizes and appreciates the contribution, dedication, and vital role of direct support professionals in enhancing the lives of individuals with disabilities of all ages;

(3) commends direct support professionals for being integral to the provision of long-term support and services for individuals with disabilities; and

(4) finds that the successful implementation of the public policies affecting individuals with disabilities in the United States depends on the dedication of direct support professionals.
