

House of Representatives on March 6, 2015, by Representative Christopher Gibson, and on March 19, 2015, by Senator Kirsten Gillibrand in the U.S. Senate; and

Whereas, More than 30 national veterans service organizations support the Congressional House and Senate legislation entitled “Blue Water Navy Vietnam Veterans Act of 2015”; and

Whereas, Various agencies of the federal government have recently demonstrated awareness of the hazards of Agent Orange exposure through participation and funding of the identification, containment, and mitigation of dioxin “hot spots” in Vietnam; and

Whereas, The United States Congress should reaffirm the nation’s commitment to the well-being of all of its veterans by directing the United States Department of Veterans Affairs to properly administer the federal “Agent Orange Act of 1991” and by passing House Resolution 969 and identical companion bill Senate 681, the “Blue Water Navy Vietnam Veterans Act of 2015”, under the presumption that herbicide exposure in the Republic of Vietnam includes service on the offshore waters; now, therefore,

*Be It Resolved by the Senate of the Seventieth General Assembly of the State of Colorado:*

That we, the members of the Senate of the Colorado General Assembly, hereby respectfully encourage the United States Congress to restore the presumption of service connection for Agent Orange exposure to United States veterans who served on the waters off the coast of the Republic of Vietnam; and

*Be It Further Resolved,* That copies of this resolution be sent to President Barack Obama; Vice President and President of the Senate Joe Biden; Speaker of the House of Representatives Paul Ryan; Chairman of the Subcommittee on Disability Assistance and Memorial Affairs in the House of Representatives; Chairman of the House Committee on Veterans Affairs; Chairman of the Senate Committee on Veterans Affairs; and to each member of the Colorado Congressional delegation.

POM-250. A concurrent resolution adopted by the Legislature of the State of Hawaii urging the United States Congress to amend federal law to allow funds for the burial of qualified Filipino-American veterans in national and state veterans cemeteries to cover the costs of transporting the remains of Filipino-American veterans of World War II to the Philippines and for funeral and burial services in the Philippines; to the Committee on Veterans’ Affairs.

#### HOUSE CONCURRENT RESOLUTION No. 23

Whereas, during World War II, the Philippines was a Commonwealth of the United States, and, for four years, nearly 100,000 soldiers of the Philippine Commonwealth Army fought alongside the United States and Allied forces to defend and reclaim the Philippine Islands from foreign aggression; and

Whereas, these valiant Filipino soldiers fought, suffered, and died in some of the bloodiest battles of World War II, defending beleaguered Bataan and Corregidor, and thousands of them became prisoners of war, enduring the infamous Bataan Death March and years of captivity; and

Whereas, the sacrifices of these Filipino soldiers played a vital role in the Allied victory in the Pacific as their numerous guerrilla actions provided United States forces with time to build and prepare for the Allied counterattack; and

Whereas, these Filipino soldiers fought side-by-side with United States forces to secure their island nation as the strategic base from which the final effort by Allied forces to bring an end to World War II was launched; and

Whereas, the United States promised these Filipino soldiers pay and benefits for their military service under the United States

Armed Forces and for their oath of allegiance to the Constitution of the United States; however, soon after the war ended, legislation was passed that wrongfully took away the benefits and recognition they had earned; and

Whereas, because these World War II veterans had suffered a great wrong, and recognizing that for those with family in the Philippines the return of their remains to the Philippines is a profound and fervent wish, the Legislature in 2003 enacted Act 101, Session Laws of Hawaii 2003, requiring the Office of Veterans’ Services to pay up to \$2,500 for the transport of their remains to the Philippines and funeral and burial services in the Philippines; and

Whereas, funding, however, has not been provided to fulfill this statutory requirement; and

Whereas, in the early 2000s, the United States also enacted legislation requiring the Veterans Administration to pay the full cost of burials at national and state veterans cemeteries to the survivors of these World War II veterans; however, this legislation failed to address coverage of the costs of transport to and services in the Philippines to be with their loved ones; and

Whereas, though many years have transpired since World War II, the words of United States President Harry S. Truman in 1946 remain the honest truth: “I consider it a moral obligation of the United States to look after the welfare of Philippine Army veterans.”; and

Whereas, for the small number of World War II Filipino-American veterans who are still living, this moral obligation of the United States should extend to fulfilling their wish for a resting place in the Philippines among their loved ones, for this is an entitlement that they have clearly sacrificed for and earned; Now, therefore, be it

*Resolved,* By the House of Representatives of the Twenty-eighth Legislature of the State of Hawaii, Regular Session of 2016, the Senate concurring, that Congress is urged to amend federal law to allow funds for the burial of qualified Filipino-American veterans in national and state cemeteries to cover the costs of transporting the remains of eligible Filipino-American veterans of World War II to the Philippines and for funeral and burial services in the Philippines; and be it further

*Resolved,* That certified copies of this Concurrent Resolution be transmitted to the President of the United States, Speaker of the United States House of Representatives, President of the United States Senate, Hawaii’s Congressional delegation, and the Director of the Office of Veterans’ Services.

POM-251. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to adopt legislation similar to the Toxic Exposure Research Act of 2015; to the Committee on Veterans’ Affairs.

#### HOUSE CONCURRENT MEMORIAL 2006

Whereas, thousands of veterans have been exposed to Agent Orange and other chemical agents during the course of their service to the United States; and

Whereas, today, many of the children and grandchildren of veterans are suffering serious health issues that are related to the veterans’ exposure to chemical agents; and

Whereas, the people of the United States owe it to their veterans to better understand the impacts of these exposures in order to guarantee that the children and grandchildren of veterans receive appropriate treatment; and

Whereas, the full effects of exposure to dangerous chemicals such as Agent Orange is still unknown, and a national research center is needed to further study the impact these exposures have on veterans, their children and their grandchildren; and

Whereas, the Toxic Exposure Research Act of 2015 is a critical step in protecting the veterans of the United States.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress adopt legislation similar to H.R. 1769 and S. 901, the Toxic Exposure Research Act of 2015, that would establish in the United States Department of Veterans Affairs a national center for research on the diagnosis and treatment of health conditions of the descendants of veterans exposed to toxic substances during service in the armed forces of the United States that are related to that exposure.

2. That the Secretary of State of the State of Arizona transmit a copy of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.
