S. 3502. A bill to require the Federal Aviation Administration to establish annual performance objectives and to hold the Chief NextGen Officer accountable for meeting such objectives;

to the Committee on Commerce, Science, and Transportation.

Mr. DAINES. Mr. President, in 2003, Congress mandated the Next Generation Air Transportation System known as NextGen, transitioning our radar-based system with radio communication to a satellite-based one, to increase safety and efficiency. NextGen deployment has been bogged with delays and cost overruns, highlighted by Government Accountability Office reports. Final implementation is to be completed by 2025. This legislation would simply create measurable annual performance goals and hold federal officials accountable to meeting these goals through the remainder of implementation.

I want to thank Senator BOOKER for being original cosponsors of this bill and I ask my other Senate colleagues to join us in support of this legislation.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.
