

## EXTENSIONS OF REMARKS

VISIT TO HINDU HERITAGE DAY IN  
ELK GROVE VILLAGE, ILLINOIS  
ON JULY 23RD

**HON. RAJA KRISHNAMOORTHI**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 19, 2017*

Mr. KRISHNAMOORTHI. Mr. Speaker, today I honor the work and community engagement of the organizers of and participants in Hindu Heritage Day on Sunday, July 23 in Elk Grove Village, Illinois.

Hinduism is one of the world's oldest living religions, and the faith is richly diverse with traditions stretching back thousands of years. Hinduism is a religion that prides itself on plurality, inclusion, tolerance, non-violence, and the embrace of diversity. These same values line up with our shared American values, and it is without question that in these times, we must defend these values. When people try to divide Americans or separate us, we need to remember that all of us belong together and that diversity and inclusion make us stronger as a country.

Every time I visit with members of the Hindu community, I am inspired by their devotion and their commitment to making our communities stronger all over the nation. Mr. Speaker, as a Hindu-American, I am also proud to support my many friends and family who celebrate their religion and culture throughout the country.

I honor Hindu Heritage Day on July 23, 2017 in the metropolitan Chicago area.

IN HONOR OF PAUL W. SANBORN

**HON. FRANCIS ROONEY**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 19, 2017*

Mr. FRANCIS ROONEY of Florida. Mr. Speaker, I rise today to honor the memory of a true pioneer and icon for the City of Cape Coral. Paul Warren Sanborn was a man of commitment; to his wife of 70 years, Mildred, to his daughters, Carol, Donna, and Mary, to his friends, and to the community he loved, and that loved him back. There are far too many accomplishments in a life well lived to fit into this writing, but to put it simply, Paul was Mr. Cape Coral.

Paul Sanborn served his country as a B-24 gunner and radio operator with the U.S. Army Air Corps during World War II. Upon moving to Cape Coral in 1962, Paul immediately turned his service towards the small community of 1,100 people; as a charter member of the Rotary Club of Cape Coral and American Legion Post 90, Chamber of Commerce President, Cape Coral Hospital Board member, Lee County Mosquito Control official, Cape Coral High School task force member, and official city historian. During his 55 years in Cape Coral, countless other charitable, business

and civic organizations benefited from his generosity. Paul was named citizen of the year in both 1968 and 1992. By the time that Paul Sanborn Park was dedicated in 2008, the city had grown to a population of over 160,000.

Mr. Speaker, there is no greater example of service over self than Paul Sanborn. His wit, wisdom, generosity and friendship will be missed by all.

CONGRATULATING CATHY GERALI

**HON. ED PERLMUTTER**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 19, 2017*

Mr. PERLMUTTER. Mr. Speaker, I rise to congratulate Cathy Gerali, the District Manager of the Metro Wastewater Reclamation District (Metro District) in Colorado, on her election as the President of the National Association of Clean Water Agencies (NACWA). The Metro District was formed in 1961 and provides wholesale wastewater transmission and treatment services to 59 local governments and approximately 1.7 million people across the Denver metro area.

Cathy started her successful career at Metro District 35 years ago as an account clerk. Through her strong work ethic and dedication, she moved up the ranks to serve as the strategic planning and internal control officer and Deputy Manager before being selected as District Manager in 2008.

Cathy is known as a dynamic leader who believes in recognizing her staff for their important work protecting the environment, protecting public health and allowing the region to thrive. Each year for Earth Day, Cathy hosts a special breakfast to celebrate employees. She is known for always being on the front lines, being accessible to employees, and checking on facility operations. She has also played key leadership roles nationally with a number of water organizations helping advance both research and advocacy for municipal clean water utilities.

Cathy understands when we invest in our public water infrastructure we are investing in the health of our environment, our communities, and our economy. Cathy's fundamental understanding of the importance of advancing today's clean water agencies as utilities of the future will make her an invaluable leader at NACWA.

Once again, I congratulate Cathy Gerali on her election as the President of NACWA. As she has done with the Metro District, I am confident she will lead NACWA with integrity, a spirit of collaboration, and an eye toward innovation and progress.

IMPLEMENTING THE GLOBAL  
FOOD SECURITY ACT

**HON. CHRISTOPHER H. SMITH**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 19, 2017*

Mr. SMITH of New Jersey. Mr. Speaker, yesterday I held a hearing to assess the impact of the Global Food Security Act and judge how it is being implemented. We examined it with an eye toward reauthorization later this Congress.

By way of background, as many of you know, the Global Food Security Act was a standout piece of bipartisan legislation that was passed in the last Congress. I was the author of the House version of the bill, which had the support of Ms. BASS and Mr. MEADOWS from our subcommittee.

While GFSA was only signed into law in 2016, it codified a policy that had a far longer history. Like the landmark PEPFAR program, it also bridges multiple administrations.

By way of history, it was President Bush, who beginning in 2002, started to elevate the importance of food security in U.S. foreign policy, especially in Africa, via the Initiative to End Hunger in Africa (IEHA), which was funded through development assistance and implemented through USAID. At the same time, the Millennium Challenge Corporation began making substantial investments in agriculture-led economic growth programs, particularly in Africa.

It was from this foundation that President Obama instituted the Feed the Future Initiative, launched at the G8 Meeting in L'Aquila, Italy, in 2009. By that time, food insecurity as a national security issue had come to the fore. The years 2007 through 2008 saw a rise in food prices across the world, and the ensuing political turmoil this caused led to the rise, for example, of the Muslim Brotherhood in Egypt.

Today, we see President Trump and his administration continuing to implement the GFSA. We are also at a point where we can begin to assess the success of implementation, underscoring an important point for us legislators; it is never sufficient simply to pass legislation, but Congress has a constitutionally-mandated duty to make sure that the executive branch faithfully executes the laws that it passes.

Among the things we heard about are results from our efforts. Have we been successful, for example, in reducing stunting, one of the key purposes of the Act and an outcome that is measurable?

We also heard about the country selection process. How are countries that we decide to partner with chosen? What criteria do we use, and is the criteria measurable and objective?

Also, how faithfully is the GFSA's mandate to work with small-holder farmers being implemented?

As we look toward reauthorization, we need to ask ourselves what is working, what isn't working, and what can we do better to maximize the effect of our investment.

● This “bullet” symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

Consider, for example, our nutrition programs aimed at mothers and children during the first 1,000 days of life window, from conception to the second birthday. We know that this period is absolutely critical for achieving healthy outcomes in children that stays with them throughout their lives, helping boost their natural immunities to ward off diseases and giving them a head start in life. We hope to hear from USAID on the successes of our nutrition interventions during the first 1,000 days.

But we need to ask ourselves, are we truly firing on all cylinders? Are we achieving the best possible results in terms of nutrition and stunting reduction, or are we failing to maximize our investments.

USAID, for example, has a neglected tropical diseases program that addresses intestinal worms and parasites that affect close to one billion people. If this work, however, is siloed—if worms are not addressed concomitantly with our nutrition interventions—the question arises: Are we maximizing our nutrition interventions? In other words, are we feeding the future, or simply feeding the worms?

It is relatively inexpensive to conduct deworming interventions among affected populations. The gains, however, can be enormous. One recent study on cost-effectiveness concluded that “deworming’s effect is robustly positive, with a weight gain per dollar spent more than 35 times greater” than those found in simple school feeding programs.

Thus, we need to ask whether we are taking advantage of synergies in our nutrition efforts, by not only including deworming, but also following up with behavior changing WaSH, or water and sanitation/health instruction. Sometimes the solution of how to keep reinfestation by worms from happening can be as simple as providing children with a pair of shoes, as worms often enter the body through a foot that comes into contact with infected soil, or making sure vegetables are washed thoroughly and peeled.

The question for USAID is whether we are fully utilizing such synergies. Tomorrow, the question for us here in Congress will be what we can do in our reauthorization legislation to ensure that USAID is given the necessary direction and tools to prioritize such synergies.

CONGRATULATING ANNA VOLLET  
OF THE HELIAS CATHOLIC HIGH  
SCHOOL LADY CRUSADERS

**HON. BLAINE LUETKEMEYER**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 19, 2017

Mr. LUETKEMEYER. Mr. Speaker, I rise today to ask my colleagues to join me in congratulating Anna Vollet of the Helias Catholic High School Lady Crusaders on her second place finish at the 2017 Class 4 Missouri Track and Field State Championship in the 200-meter sprint.

Anna and her coach should be commended for all of their hard work throughout this past year and for Anna’s success at the State Championship.

I ask you to join me in recognizing Anna Vollet of the Helias Catholic High School Lady Crusaders for a job well done.

HONORING DR. STANLEY DUDRICK

**HON. LOU BARLETTA**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 19, 2017

Mr. BARLETTA. Mr. Speaker, it is my great honor to join the town of Nanticoke and the medical community at-large in recognizing Dr. Stanley Dudrick for his many years of selfless medical service and innovative work. Through Dr. Dudrick’s passion for surgery and his invention of the total parenteral nutrition (TPN) intravenous feeding method, he has saved millions of lives and earned the distinction of being one of the most influential doctors in the world.

Raised in Nanticoke, Dr. Dudrick inherited the values and work ethic of his coal mining family. He drew encouragement from those in his community, including his mother’s doctors, who inspired him to pursue a higher education in medicine. After graduating from Franklin and Marshall College, he became a research fellow and surgical resident at the University of Pennsylvania School of Medicine. It was there, at the age of 32, that Dr. Dudrick made his historic breakthrough by inventing the revolutionary TPN system in 1967.

While his invention revolutionized the medical field, it was just the beginning of Dr. Dudrick’s storied career. He went on to become a professor of surgery at UPenn, and helped to launch the University of Texas Medical School’s Department of Surgery, becoming its chief of surgery. He also served as chairman of the surgery department at the Pennsylvania Hospital and later at the Yale University School of Medicine.

In 2011, Dr. Dudrick returned home with all of this experience and success to give back to the community where his renowned career began. He is currently a professor at Misericordia University in Dallas and at Geisinger Commonwealth School of Medicine in Scranton. This month marks 50 years since Dr. Dudrick revolutionized the medical community, and the city of Nanticoke will recognize today as “Dr. Dudrick Day” by unveiling a historical marker to be displayed outside of his childhood home.

Mr. Speaker, please join me in recognizing Dr. Dudrick for his revolutionary contributions to the medical community and his selfless dedication to saving the lives of others.

IN APPRECIATION OF THE SERVICE OF JOSEPH EHRENKRANTZ

**HON. JOHN CONYERS, JR.**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 19, 2017

Mr. CONYERS. Mr. Speaker, I rise to recognize Joseph Ehrenkrantz for his dedicated service to the House of Representatives. Over the past two years, he has diligently served the House Judiciary Committee.

A 2014 graduate of the University of Maryland, Joe majored in English and Political Science. He began his career with the House Judiciary Committee Democrats shortly after

graduation—initially as an intern and subsequently as a Professional Staff member.

Joe has worked tirelessly on the full range of issues that come before the Committee. These include civil rights and voting rights, state and local taxation, constitutional issues, and investor visas. Joe was also charged with keeping track of innumerable legislative and oversight details concerning the Committee. He has performed all of these tasks with his customary energy and enthusiasm.

Joe has also served the Committee with regard to a number of administrative matters. These include coordinating briefings, staffing hearings, organizing Minority forums, providing information technology assistance, clerking markups, helping coordinate the intern program, and providing general office management. His knowledge of Committee proceedings and procedure, coupled with his dedication to progressive priorities, has made him an integral member of our staff.

We thank Joe for his many outstanding contributions to the House Judiciary Committee and the U.S. House of Representatives, and wish him well as he begins law school at Georgetown University this fall. He will surely be greatly missed.

HONORING THE STANISLAUS COUNTY POLICE ACTIVITIES LEAGUE (PAL)

**HON. JEFF DENHAM**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 19, 2017

Mr. DENHAM. Mr. Speaker, I rise today to honor the Stanislaus County Police Activities League (PAL) for its dedication to educating our youth in public safety. It has served as an extraordinary step in promoting strong communities throughout Stanislaus County.

Originally known as the Stanislaus County Police Athletics League, PAL was created 25 years ago in 1992 by then-Sheriff Les Weidman. He saw the negative impact that drug addiction, gang violence, and other criminal activity was having in Stanislaus County, and wanted to do something about it. So, together with Stanislaus County Superintendent of Schools Martin Peterson, they started PAL. The first event they debuted was a boxing program at Mae Hensley Junior High in Ceres. Since then, PAL has continued to grow.

The pursuit of opportunities that get kids involved in their community is paramount to the success of Stanislaus County. Children involved in this program will attain the skills necessary to be successful both in their classroom and in their future career-making decisions. Additionally, kids coming out of the PAL program will learn skills and activities that set an example for younger generations. These are just a few of the reasons why PAL is deserving of praise.

Mr. Speaker, please join me in commanding everyone involved in the great work that PAL does for our community. Also, I want to congratulate the Stanislaus County Police Activities League on its 25th Anniversary in supporting our youth.
