Emerson was the first Republican woman to represent the state of Missouri in the U.S. House of Representatives. She was reelected eight times, representing Missouri's Eighth Congressional District from 1996 to 2013. During Emerson's time in office, she successfully promoted economic development, secured federal dollars for rural improvements, healthcare, and agriculture, while building the framework for a brighter future for our region.

I want to express my gratitude to Southeast Missouri State University for dedicating the Jo Ann Emerson Congressional Papers to the Special Collections and Archives in the Kent Library, and to Jo Ann Emerson and her family for contributing her photo collection and Congressional Papers. Finally, I want to share a deep and heartfelt thank you to Jo Ann not only for her service and influence on the Eighth District of Missouri, but also for being someone who I looked up to and whose legacy I strive to honor every day.

HONORING THE LIFE OF SHEILA BAKER

HON. MARC A. VEASEY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, September 8, 2017

Mr. VEASEY. Mr. Speaker, I rise today to honor the life of Sheila Earline Baker, a generous and warm member of the Fort Worth community who passed away on Monday, August 28, 2017, following a courageous battle with breast cancer.

Sheila was born on August 30, 1950 to her parents Herbert and Ruth Baker, and was the third of five Baker Girls. A longtime resident of Fort Worth, Sheila graduated from I.M. Terrell High School where her energy and spirit shined as a cheerleader for her school. Following her graduation from I.M. Terrell High School, Sheila attended Huston-Tillotson College in Austin, Texas.

Sheila lived in Los Angeles for 20 years where she worked for Blue Cross Blue Shield before moving up in responsibility from an administrative assistant to a supervisor and trainer. She never met a stranger she didn't instantly connect with and had countless friends around the local DFW area.

Sheila was committed to serving her community. She was an active member of the Baker Chapel AME, serving as a class leader, greeter, usher, missionary and part of the Membership and Evangelism and Social Action Commissions. Sheila's passion for photography assisted her as she took on the role of resident photographer for Baker Chapel and consistently chronicled church activities and programs. In addition, Sheila worked on the Commission for Social Action in Fort Worth and served on the board of Tarrant Churches Together, assisting with the MLK Day of Service. She was actively involved with the Stephen Stallworth Scholarship Foundation, an avid supporter of the Susan G Komen Breast Cancer Foundation, and worked fiercely in support of the homeless, school children, and breast cancer survivors.

Most importantly, Sheila was her family's historian and her daughter, Ashley Hayes', biggest cheerleader and supporter. Sheila's

spirit of service is greatly reflected upon Ashley, who proudly serves as the Legislative Director in my Washington, D.C. office.

Mr. Speaker and colleagues, please join me in honor and remembrance of Sheila Earline Baker, whose warm and generous heart touched many lives. I offer my condolences and deepest sympathy to those who loved her: mother, Ruth Munchus Baker; sisters, Ruth "Cookie" Baker; nieces and nephews, Eric (Linda), Ronald, Lisa (Sean), Misty (Carl), Keosha, Monique (Lemon) and Michelle (Jonathan); Godson, Andre' C. Dennis; dear friend, Cynthia Hicks Brown; several generations of other nephews and nieces; other family members and many friends. Among those are her beloved daughter, Ashley Hayes and her husband Michael.

I honor Sheila Earline Baker, a spirited member of the Fort Worth and Texas community.

IN RECOGNITION OF THE SACRAMENTO BEE'S 160TH ANNIVERSARY

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, September 8, 2017

Ms. MATSUI. Mr. Speaker, I rise today to recognize the Sacramento Bee as it celebrates its 160th anniversary. As the community, supporters, and Bee staff members gather today, I ask my colleagues to join me in honoring them and their long history of service to the Sacramento region and beyond.

On February 3, 1857, the Sacramento Bee released its first issue, proclaiming that "the object of the Sacramento Bee is not only independence, but permanence." It is that permanence that we come together to honor today. For five generations, the McClatchy and Maloney families have strived to provide the greater Sacramento area with quality news rooted in independent, honest journalism. The Bee is not only a family institution, but a staple of our Sacramento community as well.

The Bee has been awarded six Pulitzer Prizes and continues to produce a quality newspaper that serves the needs of its community. As the longest running newspaper in Sacramento's history, the Bee consistently exemplifies its core values of integrity and independence. Its dedication to transparency and ethical journalism has garnered the Bee immense praise and countless industry awards for its superior journalism, setting the standard for the 29 other McClatchy Company newspapers located across the country.

Mr. Speaker, as the Sacramento Bee celebrates 160 years of service to the Sacramento region, I ask all my colleagues to join me in honoring the paper and its employees for their dedication to journalism and to our community.

HONORING ANNUAL APPRECIATION BANQUET AT SRI VENKATESWARA SWAMI (BALAJI) TEMPLE ON SEPTEMBER 9TH

HON. RAJA KRISHNAMOORTHI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, September 8, 2017

Mr. KRISHNAMOORTHI. Mr. Speaker, today I honor Sri Venkateswara Swami (Balaji) Temple's significant, enduring contributions to our community, state, and country.

The Sri Venkateswara Swami (Balaji) temple has opened its doors to devotees for more than 30 years. Its mission is to promote the highest values of Hindu culture, philosophy, religion, spirituality, and tradition in the United States with benevolence, compassion, and tolerance. It holds a prestigious reputation as one of the most beautiful and authentic Hindu temples outside of India.

Each year the annual Appreciation Banquet is held to honor all who worship and participate in the Temple's social and cultural gatherings. The Banquet also serves as an opportunity to show Hindu traditions to our children, and to promote getting youth further involved in temple activities.

Every time I visit the beautiful Sri Venkateswara Swami (Balaji) temple in Aurora, Illinois, I am inspired by the congregation's devotion and its commitment to making our community stronger. Hinduism is a religion that prides itself on pluralism, inclusion, tolerance, non-violence, and the embrace of diversity.

These are not only the values of the temple; they are also our shared American values. When people try to divide Americans or separate us, we need to remember that all of us belong together and that diversity and inclusion make us stronger as a country.

I honor the Sri Venkateswara Swami (Balaji) temple's annual appreciation banquet in Aurora, Illinois on September 9th.

RECOGNIZING KIM EMES FOR RECEIVING A PERSONAL ACHIEVEMENT AWARD FROM THE HEALTHSOUTH REHABILITATION HOSPITAL OF ALTOONA

HON. BILL SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, September 8, 2017

Mr. SHUSTER. Mr. Speaker, I rise today to recognize Kim Emes, one of the winners of the 24th annual Personal Achievement Award from the HealthSouth Rehabilitation Hospital of Altoona. This award is given to encourage and recognize those who have made an outstanding effort to deal with or overcome a disability. This year, Kim has earned that distinction.

Kim was diagnosed in January 2017 with Guillain-Barre Syndrome, a rare disorder in which your body's immune system attacks your nerves causing weakness and temporary paralysis throughout the body. Kim was completely dependent as she began rehabilitation therapy with very little functional movement. But she showed determination, hard work and a desire to be challenged during each treatment visit and continued to make excellent progress. By discharge, Kim had totally regained her strength, balance and mobility, and was able to walk without braces or a rolling walker.

I am honored to help celebrate Kim's impressive efforts and recovery, as I believe her dedicated and positive attitude is something many of us can learn from as we attempt to overcome the hardships in our lives. Furthermore, I am happy to recognize Kim for her perseverance, and I wish her the best as she returns to a life of full health.

SPEECH OF

HON. RANDY HULTGREN

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 6, 2017

Mr. HULTGREN. Mr. Speaker, I commend the sponsors of this legislation, BOB LATTA and JAN SCHAKOWSKY, and the Energy and Commerce Committee for their work on H.R. 3388, the SAFE DRIVE Act. The development of "self-driving" vehicles has the potential to make a quantum leap in road safety and access to transportation. The SAFE Drive Act begins the important process of developing the regulatory framework for this new technology. As Congress continues its work in this area, it is important that we make sure that the new regulatory landscape works well for all stakeholders. Accordingly, I would like to highlight some issues that we need to continue to be mindful of because of their impact on insurers. Clearly, for automated driving technology to fully develop, insurers are an important component for managing the associated risks.

Highly automated vehicles hold great promise for reducing the number of deaths and accidents on our nation's roads as well as providing increased mobility for those who are not able to drive due to age or disability. This transition to "self-driving" vehicles will take place over many years during which these vehicles will interact, and sometimes collide with, vehicles driven by humans. Our legal system has a vast amount of experience apportioning liability after auto accidents, but that task could be made more difficult if access to data (including photos or video) generated by automated vehicles involved in accidents is restricted.

As such, vehicle owners should have primary control over vehicle data from highly automated vehicles. Automated vehicle data must be made available to the parties involved, their insurers and authorized representatives on reasonable terms. State and federal governments should not set limits on access to vehicle data by law or regulation that could delay compensation to accident victims and increase automobile insurance costs, nor should vehicle manufacturers be permitted to limit access to vehicle data.

For any vehicle, safety issues are paramount. While automated vehicle technology has the potential to greatly reduce crashes, it is unlikely to eliminate them entirely. Therefore, maintaining existing standards for vehicle crash protection for automated vehicles is essential. Granting of exceptions should only be considered through an evidence based approach and should not be rushed—automated driving capabilities do not necessarily guarantee improved safety.

Again, I commend my colleagues on the Energy and Commerce Committee for their work on this legislation. I look forward to supporting it and to continuing to work towards achieving the objectives I have outlined.
