HONORING ADAMANTIA KLOTSAS

HON. GUS M. BILIRAKIS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 4, 2017

Mr. BILIRAKIS. Mr. Speaker, I rise today to honor Florida's Consul General of the Hellenic Republic, Ms. Adamantia Klotsa, a model foreign representative and distinguished member of the Greek community in my district.

Ms. Klotsa was recently honored by the Federation of Hellenic American Educators for her "continuous effort to execute professional and outstanding duties towards the language, the culture and services for the Greek community of Florida."

Before her diplomatic mission in Tampa, Ms. Adamantia Klotsa was born in Athens. She holds B.A.s in both Archeology and Law as well as an M.A. in Prehistoric Archeology from the University of Athens. Ms. Klotsa entered the Diplomatic Service of the Hellenic Republic in 1998. In the Ministry of Foreign Affairs of the Hellenic Republic, she served in the Office of the Secretary General, the NATO Department, and the Personnel Department. As the co-Chair of the Hellenic Caucus and the Congressional Hellenic-Israeli Alliance and a former member of the Foreign Affairs Committee, I deeply appreciate the hard work and consummate professionalism displayed daily by our foreign diplomats, especially Ms. Klotsa.

As a proud Greek-American, I am thankful that Ms. Klotsa in her official capacity has encouraged Greek-Americans fully appreciate the diversity of their heritage. As a young boy, my grandparents, parents, aunts and uncles instilled in me an appreciation for our beautiful culture, which focuses on family, community, and faith, and it is with great pride, that I continue to uphold these values today.

Ms. Klotsa's current diplomatic mission in Tampa has also served to reinforce Florida's possession of remarkable Greek cultural treasures like Tarpon Springs in my district, home to the largest Epiphany celebration in the Western Hemisphere and world renowned Sponge Docks, and St. Augustine which boasts the earliest colonization of Greeks in the New World. Additionally, she recently introduced the application of a Sisters City relationship with the city of St. Augustine and Koroni, Greece. Initiatives like these will continue to contribute to the rich cultural and economic success in Florida's Twelfth Congressional District for years to come.

I commend the Federation of Hellenic American Educators for recognizing the contributions of Ms. Klotsa, and I hope every foreign diplomat can learn from and emulate the dedication of this Greek public servant to peace and prosperity between our nations.

HONORING THE LIFE AND LEGACY OF DR. ABRAHAM FISCHLER

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 4, 2017

Mr. HASTINGS. Mr. Speaker, I rise today to honor the life and work of my good friend and a most dedicated public servant, Dr. Abraham "Abe" Fischler, who, sadly, passed away on April 3, 2017. He was 89 years old.

For 22 years, Abe Fischler was President of Nova Southeastern University (NSU). There were only 17 students enrolled when Abe joined NSU. He became President in 1970 and oversaw NSU's growth into the large and well-respected institution that it is today.

Abe was born in Brooklyn on January 21, 1928. He was a member of the "Greatest

Generation," serving in the United States Navy during the Second World War. He married his beloved wife of 68 years, Shirley, in 1949 and in 1951, graduated with a degree in Biochemistry from the City College of New York, eventually earning a Doctorate in Education in 1959 from Columbia University.

Among the many innovations Dr. Fischler brought to NSU was the development of a long-distance learning program. Abe thought there should be a way for professionals who wanted to pursue advanced degrees to do so without having to leave their jobs. We didn't have the prevalence of internet technologies we do now at the time, so Abe would actually have the university fly adjunct instructors to various spots around the country to teach small groups of students outside of regular business hours. At the time, this was very unusual, but today, long distance education is both common and expected at most institutions of higher learning. Abe Fischler was one of the first to do it.

In 1992, Abe retired from NSU, but he did not spend his retirement idly watching the world go by. By 1994, he was back in the thick of it, and got elected to the Broward County School Board, where he would serve for four years. He continued to be involved in educational issues, as well as his involvement with Nova Southeastern as President Emeritus until his passing.

Dr. and Shirley Fischler have four children, four grandchildren and one great-grandson. My own son holds a Doctorate from, and is part of, the Nova Southeastern Family I am honored to have worked with Abe Fischler and to have represented him in Congress. He was a wonderful friend and will be dearly missed.
