

CONGRATULATING THE BASKING
RIDGE PRESBYTERIAN CHURCH
ON ITS 300 YEAR ANNIVERSARY

HON. LEONARD LANCE

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2017

Mr. LANCE. Mr. Speaker, on June 10, 2017, the Basking Ridge Presbyterian Church will celebrate its 300th Anniversary. I am proud to join the more than 760 members of the congregation, the clergy and church leaders in celebrating this very special occasion.

The Basking Ridge Presbyterian Church was founded in 1717 by a small group of Scotch-Irish farmers. At 1 East Oak Street, the same location where services are still held today, those settlers erected a log house of worship that became the cornerstone of the community in Basking Ridge, New Jersey for generations. Until 1837 the church was the only organization that promoted religious life in the area.

The Basking Ridge Presbyterian Church's theme for its 300th Anniversary year is "Sharing God's Love for 300 years" and the members of this great faith community are certainly living out that mission. Locally, the Church works with organizations like God's Co-op Pantry, Raritan Valley Habitat for Humanity, the Interfaith Hospitality Network and Community in Crisis. Internationally, Basking Ridge Presbyterian supports missionaries in the Ukraine, Haiti and Indonesia as well as relief organizations Hogar de Cristo in Ecuador and Peaceworks in Nicaragua. These charitable efforts are shining examples of the great deal of good that comes from faith based organizations throughout all of the United States.

As the Basking Ridge Presbyterian Church celebrates this important milestone, I congratulate Pastor Reverend Dennis Jones and Associate Pastor Dr. Maureen Paterson for their dedicated efforts.

As the Church continues to carry on the traditions of the Gospels and spread the good news, I wish it the best in celebrating the next 300 years.

Mr. Speaker, I am proud to congratulate the Basking Ridge Presbyterian Church in Basking Ridge, New Jersey in celebrating 300 years of service to the community. I am proud to share this important milestone with my colleagues in the United States House of Representatives and with the American people.

HONORING THE LIFE OF RETIRED
FRESNO COUNTY SUPERIOR
COURT JUDGE ARMANDO RODRIGUEZ

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2017

Mr. COSTA. Mr. Speaker, I rise today to honor and pay tribute to the life of Judge Armando Rodriguez. Judge Rodriguez was an influential and honorable servant to the San Joaquin Valley. He was known for being a mentor to many, never hesitating to give his time to others. The San Joaquin Valley will be forever indebted to Judge Rodriguez for his tireless efforts on behalf of the community.

Armando Rodriguez was born on October 31, 1929 to Jorge and Carmen Rodriguez. He was ninth of twelve children. His parents immigrated from Mexico, first settling in Merced, later moving to Fresno. After graduating from Edison High School, Armando married his high school sweetheart Betty Raya in 1950. During the Korean War, Judge Rodriguez served in the United States Air Force as a Morse code radio operator. Following the war, he attended Fresno State and then law school in San Francisco on the GI Bill.

Judge Rodriguez began his law career working with the Alameda County Legal Aid Society and then with the California Rural Legal Assistance in Madera before moving onto a private practice in Fresno. In 1972, he became the first Latino elected onto the Fresno County Board of Supervisors. Then in 1975, Governor Jerry Brown appointed Judge Rodriguez to the Municipal Court, making him the first Hispanic judge to serve on the Fresno Municipal Court. Three years later he was elected as the first Hispanic judge to serve on the Fresno County Superior Court.

As a strong advocate for education and the arts, Judge Rodriguez and his wife Betty, continually worked to make advances in the community. In honor of his wife's passing, he created a memorial scholarship fund to aid local

college students. In addition, he and his wife were two of the founders of Arte Americas. To support the cultural arts, he contributed generous donations, engaged in community service, and personally refinanced the building's mortgage.

Mr. Speaker, I ask my colleagues to join me in honoring the life of Judge Armando Rodriguez, whose generosity and unending dedication to the community will be greatly missed. Judge Rodriguez's memory will live on through the contributions he made to our Valley. It is my honor to join his family and many friends in celebrating his impactful life, which will never be forgotten.

HONORING JALEXIS EVANS

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2017

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable student, Ms. Jalexis Evans.

Jalexis is the daughter of the Latoya Lee and Samuel Evans and the granddaughter of Shirley Evans and the late Glenda Nelson. She is a native of Mound Bayou, Mississippi where she attended John F. Kennedy Memorial High School before being accepted into the Mississippi School for Mathematics and Science in Columbus, Mississippi. While attending John F. Kennedy she was class president, the founder of the mentorship program, "Girl Talk", and a cheerleader. In her spare time, she volunteers in her community with organizations such as St. Gabriel's Mercy Center, New Life Church, and local nursing homes.

One of the greatest impacts she believes she has made is with the mentoring program she initiated, Girl Talk. Girl Talk was created solely to help empower, encourage, and equip young girls in the community. Their community activism includes nursing homes visits, Christmas with kindergartners, and hosting a tea party for young ladies in middle school to teach proper etiquette.

Jalexis also spends time playing piano and guitar. During her tenure at John F. Kennedy she played the trumpet in the marching band.

A passion of Jalexis is caring for the youth in her community. Though she believes involvement in the community is crucial, she also believes her education will take her far. She works diligently to ensure that her future goals are within her grasp. Attending the Mississippi School for Mathematics and Science has granted her many more opportunities to do so. At this school, she receives the best education possible for high schoolers in the

Magnolia state while enriching her knowledge on cultural diversity. Jalexis aspires to enroll into Tulane University and attend the Tulane Accelerated Physician Training Program and earn her medical degree. She plans to become a pediatric oncologist after attending medical school. She's yearned to be a doctor since the young age of three. Her love for children pushed her towards the field of pediatrics and her grandmother's fight with cancer led to her interest and passion for oncology. It also instilled within her a strong determination to find a cure for cancer.

She pursues success in her everyday life by continuing to be an example and role model to her sisters SaMaria, Cilyse, and London.

Mr. Speaker, I ask my colleagues to join me in recognizing Ms. Jalexis Evans for her educational achievements and dedication to other youths.

RECOGNIZING CITRUS COUNTY
LAW ENFORCEMENT OFFICERS

HON. DANIEL WEBSTER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2017

Mr. WEBSTER of Florida. Mr. Speaker, I am honored to recognize Citrus County Sheriff Mike Prendergast and the law enforcement officers who keep Citrus County safe every single day.

This week marks the annual observance of Police Week. Though we set aside one week a year to honor law enforcement, I encourage all Americans to join me not only this week, but every day, in recognizing the honor, courage, and commitment of America's law enforcement.

Our law enforcement are heroes in the community. They keep us safe, and are willing to put their lives on the line every day in the course of their duties. It is impossible to fully express our gratitude or adequately recognize the professionalism of the men and women who voluntarily put their lives on the line for our safety and security. It is with deep respect

that we pause today to honor the memory of the heroes who gave the last full measure of devotion and made the ultimate sacrifice.

I want to extend my sincere appreciation to Citrus County Sheriff Mike Prendergast and the law enforcement officers who bravely and selflessly serve Citrus County. It is an honor to recognize them and all men and women in law enforcement.

HONORING THE CEJA FAMILY

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2017

Mr. THOMPSON of California. Mr. Speaker, I rise today to honor the Ceja family, Pablo, Juanita, Amelia, Pedro, Armando and Dalia who own and operate Ceja Vineyards in Napa, California. Passion and dedication led the Ceja family to the successes they see in their grape harvests and production of premium Carneros wines.

The dream to build Ceja Vineyards began in a small village in Mexico, where Pablo Ceja's family lived while he worked in the Braserio Program in "el norte." While working in California, Pablo came to understand what many people in our community have learned: in the Napa Valley, hard work and sacrifice in a fair system will result in great successes.

Pablo promised his family that he would bring them to a place "surrounded by vineyards growing the finest, sweetest grapes, where hard work is plentiful for those that are strong." In 1967, Pablo, Juanita and their six children left Mexico and settled in St. Helena, where they found work in the growing number of local wineries. In 1983, the Ceja family came together to purchase 15 acres and plant their own grapes. By 1988, the second and third generations of the family were celebrating their first harvest on "Ceja land." The family founded Ceja Vineyards, Inc. in 1999 and today own 113 producing acres.

The Ceja family understands the needs and realities of their workers. They provide a pesticide-free environment and treat their workers like family. Many of Ceja Vineyards workers are loyal to the company and stay on season after season. Their story is remarkable. The Ceja family traveled to Washington, D.C. this week as part of a group of Mexican-American vintners, not only to support the mission of the Smithsonian Institution, but also to further educate Congress about their vital contributions to our economy and community. Their stories of immigration, sacrifice and determination are what make America great.

Mr. Speaker, the Ceja family has built a successful business and are producing extraordinary wines. I am proud to have such a family working and living in our community. It is therefore fitting and proper that we honor them here today.

DIPG AWARENESS DAY

HON. STEPHEN KNIGHT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2017

Mr. KNIGHT. Mr. Speaker, I rise today to call attention to a terrible and almost uniformly

fatal form of pediatric cancer, Diffuse Intrinsic Pontine Glioma, or DIPG.

DIPG is a tumor, located in the brain stem, that almost exclusively affects children and for which no treatment exists.

As any parent knows, there is no worse feeling in the world than learning your child has been diagnosed with something fatal and there is nothing they can do about it.

Today, May 17, is a special day for advocates who are working hard around the world to raise awareness for resources and research to combat the disease.

Earlier this year, two research groups, from Northwestern University and the University of Copenhagen in Denmark, published separate studies with groundbreaking insights into the genetic mutation that occurs in 80 percent of DIPG cases. The next set of research will test therapeutic strategies to treat the mutation.

Congresswoman JACKIE SPEIER and I introduced H. Res. 69, to formally recognize DIPG Awareness Day in the House of Representatives.

I'd like to thank Congresswoman SPEIER and the 18 other Members who are helping promote DIPG awareness, the researchers who are investigating cures and treatments, and the families and friends of DIPG victims who are working to search for a cure.
