

Constructed shortly after the Civil War, St. Mary's Episcopal Church in Ronkonkoma, New York has stood as a testament to its patrons' religious fervor and tenacity. For a short time following the conclusion of the Civil War, Episcopalians in the area worshipped in a school house until the congregation eagerly decided in June of 1867 to build a church. The church was completed six short months later, and its first service was held on Christmas Eve of 1867. The property for the church, and a sizeable portion of the funds used to construct it, were donated by Welsh Colonel John Henry Puleston, a knight and distinguished Member of Parliament.

Unfortunately, the parish fell on hard times around 1880, when the number of communicants dropped significantly due to a dearth of year-round Protestants in the area. While there were talks about shuttering the church, Reverend Rodney M. Edwards believed the religiosity and love expressed by his parishioners was so resolute that he could not imagine deserting them. Accordingly, the church's ardor attracted more communicants, and the parish began to once again thrive a decade later. Then, in 1920, benefactors joined together to revive and repair the Church in the image of its founders' intentions.

The current St. Mary's Episcopal Church, which was admitted into union with the diocese in 1972, was built with the essence of its predecessor, but with more space to house a growing number of patrons. Today, the rector of the parish is the experienced Reverend Beth O'Callaghan, who leads a congregation of over 200 communicants. This year, the parish remarkably celebrates its 150th anniversary, an apt representation of St. Mary's Episcopal Church's unyielding zeal and devotion.

Mr. Speaker, St. Mary's Episcopal Church's 150th Anniversary is an achievement that serves as a testament to the devotion of the congregation. Their religious zeal cannot be underscored or admired enough, and it is my distinct honor and privilege to represent the church in the First Congressional District of New York.

#### RECOGNIZING THE ACHIEVEMENTS OF T. DWAYNE MCCAY, PH.D.

#### HON. BILL POSEY

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 12, 2017*

Mr. POSEY. Mr. Speaker, I rise to recognize the accomplishments of Dr. Dwayne McCay who currently serves as the President of Florida Institute of Technology. Dr. McCay is a renowned engineer and research scientist who was recently named Fellow of the National Academy of Inventors class of 2016—a highly prestigious professional distinction.

Dwayne McCay grew up in the cotton fields of northeast Arkansas with a passion for literature. In the late 1950's and early 1960's, as the world witnessed space exploration for the first time with the launch of Sputnik, Cosmonaut Yuri Gagarin, and Astronaut Alan Shepard, Dwayne found himself looking toward the stars like so many youth at that time, including myself. He and his young friends founded a rocket society in 1961—WOMC (Wike, Oldham, McCay and Crowell)—and they had three successful launches of their homemade rockets with McCay acting as the propellant engineer.

Dwayne went on to achieve a Ph.D. in engineering and mathematics from Auburn University. He pursued a career as a research engineer with ARO, Inc., then as a senior research physical scientist with the Air Force Rocket Propulsion Laboratory. He went on to become a senior engineer at NASA's Marshall Space Flight Center, being elevated to branch chief, and later division chief.

Prior to serving as President of F.I.T., Dr. McCay served as Provost and Chief Academic Officer at the Florida Institute of Technology and became Florida Tech's Executive Vice President and Chief Operating Officer (COO) in January 2011. Dr. McCay was previously at The University of Tennessee Space Institute, where he served as Alumni Distinguished Service Professor of Engineering Science and Program Chair of Engineering Science and Mechanics, and was chosen in a national search in 1993 as the chief executive officer for the campus.

He and his wife, Dr. Mary Helen McCay, also an accomplished inventor and engineer, hold 15 joint U.S. patents in the area of metallurgical engineering. Together they have authored approximately 200 technical publications and, in 1998, achieved the national honor from the U.S. Department of Energy's American Museum of Science and Energy for their technological achievements.

I ask my colleagues to join me in recognizing Dr. Dwayne McCay, as well as Dr. Mary Helen McCay and the dedicated faculty at F.I.T., for their contributions to science and engineering, and for their commitment to inspiring young minds and future scientists of our nation.

### NORTHEAST DISTRICT ELKS LODGES

### HON. MIKE GALLAGHER

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 12, 2017*

Mr. GALLAGHER. Mr. Speaker, I rise today in honor of the Northeast District Elks Lodges in Wisconsin's 8th Congressional district for their strong support of patriotism in their communities. In 1907, the Grand Lodge of the Benevolent and Protective Order of Elks designated Flag Day as June 14th. The Elks have paired their traditions and culture with that of our Country and made the American Flag a symbol of self-dedication to God, to Country, and to Fellowmen.

I would like to call attention to their dedication and passion to this nation and the flag that represents it. This year, members of Green Bay Elks Lodge 259 will be celebrating Flag Day for the 108th consecutive year. Members of Appleton Elks Lodge 337 are celebrating their chapter founding the oldest Flag Day parade since 1950.

Citizens from Oconto, Kaukauna, and Marinette are also given the chance to celebrate this important day. Oconto Elks Lodge 887, Kaukauna Elks Lodge 962, and Marinette Elks Lodge 1313 give Americans this opportunity.

Flag Day is a day honoring the symbolism the flag provides to all American citizens. It is my honor to report this type of patriotism displayed by constituents in northeastern Wisconsin.
