

Muslim Americans make up a vital part of our nation's diverse, multicultural fabric; every day, they make valuable contributions to the arts, the economy, academia, government, military services, and much more.

If it is passed, Amendment No. 13 would only further stigmatize and alienate a vibrant community of Americans who have been subject to harassment and discrimination for years, and especially under the Trump Administration.

We are better than that and I urge all Members to join me in rejecting this terrible legislation.

INSURING SOCIAL SECURITY SOLVENCY FOR CURRENT AND FUTURE GENERATIONS

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Ms. SEWELL of Alabama. Mr. Speaker, earlier this week, the Ways and Means Subcommittee on Social Security held a hearing to discuss the Social Security Administration's Annual Trustee Report. This report is a strong reminder that Congress must act to address the Social Security Trust Fund shortfall to ensure the stability of Social Security for generations to come. The longer Congress delays dealing with this impending crisis, the fewer options we will have to address the shortfall.

Social Security is an essential program that prevents elderly Americans from falling into poverty once they reach retirement age or are disabled. Currently, Social Security covers 61 million seniors, and 171 million Americans pay into the system. The Trust Fund is divided into two divisions: Old-Age and Survivors insurance (OASI) and Disability Insurance (DI). These funds cover the 41.2 million retired workers, the 8.8 million disabled workers, and their families.

The long term viability of Social Security is undoubtedly under threat. The Baby Boomers are beginning to retire which is putting significant pressure on the fund. Since Social Security collects fewer revenues than it previously did, it will be forced to draw from the 2.8 trillion dollars in asset reserve. The Social Security Administration Trustee's report estimates that reserves are in danger of depletion by 2034. We cannot let this happen. A reduction in benefits for our seniors would be devastating for many of my constituent, who depend on Social Security payments as their only income in retirement. If benefits decrease, seniors who have paid into the system could be forced to choose between paying for their groceries, their utility bills, or their essential medication.

There are common-sense steps that Congress can take to stabilize the program and insure its presence for the next century. The Ranking Member of the Ways and Means Social Security Subcommittee, Congressman JOHN LARSON, has introduced H.R. 1902—the Social Security 2100 Act. I am a proud cosponsor of H.R. 1902, which would simultaneously increase benefits for current and future seniors, reduce payroll taxes for middle class and working class Americans, and secure the solvency of the program until 2100.

This is accomplished by asking the wealthiest Americans to pay their fair share by raising the payroll tax cap on incomes above \$127,000. There are reasonable solutions that both Democrats and Republicans should be able to support.

Congress cannot afford to abandon our seniors. We must address the Social Security shortfall now. Therefore, I call on Speaker RYAN to bring H.R. 1902 to the floor for a vote.

INTRODUCTION OF HOUSE RESOLUTION RECOGNIZING THE ACCOMPLISHMENTS AND CONTRIBUTIONS OF VIETNAMESE AMERICANS

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Mr. CORREA. Mr. Speaker, today, I am introducing a House Resolution recognizing the accomplishments and contributions of Vietnamese Americans.

I represent part of one of the largest Vietnamese communities in the United States, and I am proud to recognize the valuable contributions of 1.7 million Vietnamese Americans currently living in the United States. The United States is home to the largest number of individuals of Vietnamese descent outside of Vietnam. Additionally, Vietnamese Americans make up the fourth largest Asian American population. Currently, more than 70,000 reside in California's 46th Congressional District.

In the aftermath of the Vietnam War, approximately 800,000 Vietnamese refugees fleeing persecution resettled in the United States. Today, Vietnamese Americans contribute to American society through their work in business, education, science and technology, engineering, mathematics, literature and the arts, gastronomy, the armed forces, and public service at every level of government.

Vietnamese Americans add to the rich cultural and religious diversity of our Nation. As a member of the Congressional Vietnam Caucus, it is critical that we continue to represent and celebrate our Vietnamese families, friends, and neighbors, and recognize their significant contributions to American society.

PERSONAL EXPLANATION

HON. SALUD O. CARBAJAL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Mr. CARBAJAL. Mr. Speaker, I was regrettably detained on July 13, 2017 during Roll Call No. 360, the Blumenauer Amendment No. 13 to H.R. 2810.

Had I been present, I would have voted AYE on Roll Call No. 360.

HONORING WORLD WAR II VETERAN ED GREEN

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Mr. BARLETTA. Mr. Speaker, it is an honor to recognize my good friend Ed Green for his many years of service to this country, beginning with his time in the U.S. military and continuing thereafter with his many philanthropic endeavors.

During World War II, Ed proudly served as a member of the Navy, operating in a largely clandestine capacity. He lived and worked aboard armed Merchant Marine vessels, consistently risking his life to ensure the safety of those at home.

Upon his honorable discharge from the Navy, Ed continued his selfless dedication to helping others. He became an active member of the Freeland American Legion Post 473, a group committed to mentoring youth and promoting patriotism, honor, and devotion to service members and veterans within its community. Ed was also involved with the long-standing Veterans of Foreign Wars 5010. He served as Commander of the Military Order of the Cooties Pup Tent 38 in order to help bring smiles to the faces of fellow veterans and residents of the VFW National Home for Children.

Ed's service to his community extended to various local philanthropic projects. For 60 years, he placed flags on the headstones of veterans at Vine Street Cemetery, and when the Standard Speaker newspaper ceased printing flags next to the obituaries of veterans, Ed was responsible for having the newspaper reinstate the practice. Additionally, he spent more than 50 years fighting for disability ratings from the Veterans Administration for hearing loss. He took the lead in organizing countless events during the past many decades, including Flag Day, Veterans Day, and Memorial Day celebrations that took place at locations such as the Laurel Mall and Calvary Cemetery. There is no doubt as to the profound impact Ed has had on the lives of those around him.

Mr. Speaker, please join me in recognizing Ed for all he has sacrificed to serve our country and for all he has contributed to the Hazelton community.

HONORING THE CAREER OF COMMAND SERGEANT MAJOR SCOTT C. SCHROEDER

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Mr. HUDSON. Mr. Speaker, I rise today to recognize the retirement of Command Sergeant Major Scott C. Schroeder. After 31 years of dedicated service, Command Sergeant Major Schroeder became the Command Sergeant Major for FORSCOM—a post he held for 3 years.

After enlisting in the United States Army in 1983, he began his career as an electronics mechanic at Fort Bliss, Texas. Serving at military installations all over the world allowed Command Sergeant Major Schroeder to gain

valuable experience that would help shape his long career. While stationed at Fort Bragg in North Carolina's Eighth Congressional District, he served with the 2nd Battalion, 505th Parachute Infantry Regiment, and 82nd Airborne Division.

Deployed on numerous operational assignments all over the globe and through some of our nation's toughest times, Command Sergeant Major Schroeder stood ready to answer the call to serve our great country. Some of his most notable engagements were Operation Desert Storm in Saudi Arabia as part of the 82nd Airborne, and Operation Iraqi Freedom in Iraq as part of the 101st Airborne Division. Throughout these operations, he delivered on the promise to keep America safe and confront our enemies head on under the most difficult conditions.

While fighting our nation's battles overseas, Command Sergeant Major Schroeder had a full family at home. Residing in Charlotte, his wife of 26 years, Marla and he have 3 children. This country cannot repay the debt we owe to Command Sergeant Major Schroeder and his family; the Schroeders are true American heroes.

Mr. Speaker, please join me today in commemorating the retirement of Command Sergeant Major Scott C. Schroeder.

RECOGNIZING SOUTHERN ARIZONA EFFORTS TO ANTIMICROBIAL RESISTANCE

HON. RAÚL M. GRIJALVA

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Mr. GRIJALVA. Mr. Speaker, one cannot overstate the immediate and extraordinary threat posed by antimicrobial resistance throughout this nation and around the globe. With that in mind, I wish to recognize the exceptional work being done in Southern Arizona to combat this scourge.

We know from the Centers for Disease Control that each year in the United States, at least two million people become infected with bacteria that are resistant to antibiotics and some 23,000 die as a direct result. Experts suggest that based on current trends, antimicrobial resistance could become the world's single greatest killer, surpassing heart disease and cancer, and posing a serious economic threat as well. In light of this, there is an urgent demand for the development of new antimicrobial compounds and faster diagnostic techniques to address this critical issue.

Residents and visitors in Arizona's Third Congressional District and surrounding areas are fortunate to have access to exceptional medical services, including those provided by Tucson Medical Center, Southern Arizona's locally governed nonprofit regional hospital and leading provider for emergency and pediatric care.

TMC is among the first facilities in the nation to adopt the newest superbug-fighting technology. Using the Accelerate Pheno system, developed by Tucson's Accelerate Diagnostics, Inc., TMC health professionals can rapidly detect and identify bacteria as well as determine which antibiotic is most appropriate, and they can do this up to 40 hours faster than was possible using conventional techniques.

I urge all the nation's health facilities to prioritize efforts to combat antibiotic resistance using the best available technology, and recognize TMC and Accelerate Diagnostics for being leaders on this critical issue.

COMMEMORATING BASTILLE DAY AND THE PEOPLE OF THE FRENCH REPUBLIC

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Ms. JACKSON LEE. Mr. Speaker, I rise today to commemorate Bastille Day.

On this day we are reminded of the extraordinary resilience and democratic values that have made France an inspiration to the entire world.

Today also marks the one-year anniversary of the devastating and tragic loss of life last year in Nice.

We remember to keep the injured and the deceased in our hearts, and we remind ourselves of the strong, persevering character of the French Republic.

Time and time again, all throughout history, the French were able to demonstrate strong leadership through tragic times, and that is why the United States stands in unyielding solidarity with the people of France, which like the United States, is one of the most welcoming nations in the world.

Mr. Speaker, for centuries Paris has been known to the world as the City of Light.

The title is richly deserved, because Paris has been a world leader in the march of human progress in the arts, culture, science, democratic theory and governance.

I am proud to mention that in my own city of Houston, we commemorate Bastille Day with special celebrations that feature art, dancing, and food.

France embraces the challenges and opportunities of the modern world.

France, and the values it cherishes, showcases a nation that has faced and prevailed against the most sinister of lethal adversaries.

However, we will always ensure that they never confront these adversaries alone; they will be joined by the United States and the other countries of the civilized world.

The French are justly proud of their national motto; "Liberté, égalité, fraternité," (liberty, equality, fraternity) and no perpetrator can ever succeed in leading them to renounce their heritage of freedom and justice.

NO SANCTUARY FOR CRIMINALS ACT (H.R. 3003) AND KATE'S LAW (H.R. 3004)

HON. BETTY MCCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 14, 2017

Ms. MCCOLLUM. Mr. Speaker, I rise today in opposition to H.R. 3003 & H.R. 3004.

The No Sanctuary for Criminals Act (H.R. 3003) is a misguided attempt to defund communities that have enacted separation ordinances so called "sanctuary cities". This legislation would force state and local law enforce-

ment to comply with potentially unconstitutional federal immigration policies, or risk losing critical federal funding. Intimidating our communities by threatening to withhold federal funding will not fix our nation's immigration system. H.R. 3003 will add to the workload of our already overburdened local law enforcement, and drive a wedge between them and the communities they serve. Chiefs of police across our country support the enactment of separation of ordinances in the cities they serve and protect because it builds trust and keeps communities safe. I include in the RECORD a letter from the Law Enforcement Immigration Task Force, which St. Paul Chief of Police Todd Axtell is a member, that explains their strong opposition to this legislation. The federal government should not mandate that local law enforcement turn into Immigration and Customs Enforcement (ICE) officers.

Kate's Law (H.R. 3004) is also a step backwards for our country. For the first time in our history, the United States would prosecute individuals who voluntarily present themselves at the border to seek asylum or to seek protection as a victim of human trafficking. This legislation would punish previously removed individuals who approach the border to apply for admission even if the individual has no criminal record or history of re-entries.

I stand with my fellow Americans in upholding this country as a welcoming one for immigrants, and with my Democratic colleagues in supporting our local law enforcement with the tools they need to keep all our communities safe.

LAW ENFORCEMENT
IMMIGRATION TASK FORCE,

June 28, 2017.

DEAR MEMBER OF CONGRESS: As law enforcement leaders dedicated to preserving the safety and security of our communities, we have concerns about legislative proposals that would attempt to impose punitive, "one-size-fits-all" policies on state and local law enforcement. Rather than strengthening state and local law enforcement by providing us with the tools to work with the Department of Homeland Security (DHS) in a manner that is responsive to the needs of our communities, these proposals would represent a step backwards.

Attempts to defund so-called sanctuary cities regularly sweep too broadly, punishing jurisdictions that engage in well-established community policing practices or adhere to federal court decisions that have found federal immigration detainers to violate constitutional protections. We oppose these approaches and urge Congress to work to encourage—rather than compel—law enforcement agency cooperation within our federal system.

We believe that law enforcement should not cut corners. Multiple federal courts have questioned the legality and constitutionality of federal immigration detainers that are not accompanied by a criminal warrant signed by a judge. Even though the legality of such immigration holds is doubtful, some have proposed requiring states and localities to enforce them, shielding them from lawsuits. While this approach would reduce potential legal liability faced by some jurisdictions and departments, we are concerned these proposals would still require our agencies and officers carry out federal directives that could violate the U.S. Constitution, which we are sworn to follow.

Immigration enforcement is, first and foremost, a federal responsibility. Making our communities safer means better defining roles and improving relationships between
