

needed to operate and maintain these buildings. It will also relieve the Federal Government of any potential future liability associated with these buildings. It is a straightforward bill that should be quickly passed.

Mr. Speaker, I reserve the balance of my time.

Mr. WEBSTER of Florida. Mr. Speaker, I yield such time as he may consume to the gentleman from Oklahoma (Mr. COLE).

Mr. COLE. Mr. Speaker, I want to thank my good friend for yielding.

Before I begin my prepared remarks, I had no idea there was such interest in the Arbuckle watershed, but I am flattered and pleased that all of you are here for this important legislation.

I rise in support H.R. 132, the Arbuckle Project Maintenance Complex and District Office Conveyance Act. This bill is straightforward. As has been mentioned, it is a land conveyance which has both Federal and local support.

I would like to remind my colleagues this legislation was passed in the 114th Congress on December 7, 2016, by a vote of 412-1. Clearly, it was so good, everybody wanted it back again.

H.R. 132 would authorize the Secretary of the Interior to convey certain lands and buildings of the Arbuckle Project in Murray County, Oklahoma, to the Arbuckle Master Conservancy District.

In 1962, Congress authorized the payment of reimbursable costs for construction, operation, and maintenance of the Bureau of Reclamation's Arbuckle Master Conservancy District in south-central Oklahoma. The district completed repayment of the capital costs of the project in September of 2012.

In accordance with the Bureau of Reclamation's policy framework for title transfer, in December 2014, the Bureau of Reclamation and the district executed an agreement to transfer, in fee title, certain facilities that could be more effectively and efficiently managed at the local level.

The title transfer involves approximately 2.83 acres of land. On this land is a small house, associated structures, and the conservancy district's headquarters office building. The house and property are used to accommodate a district employee who maintains and inspects the dam and the pumping facilities. The headquarters office building is the base of operation for the district.

This bill also divests the Federal Government of its responsibility and liability associated with the district's facilities. Reclamation and the district have worked cooperatively and successfully to address all of the elements necessary to bring this legislation forward and make this transfer proceed as smoothly as possible.

I am pleased this bill is an agreement in which both the Federal and local interests are satisfied. I want to urge all of my colleagues to support this legislation once again.

I want to again thank the chairman for his help in expediting this matter.

Mr. HUFFMAN. Mr. Speaker, I yield such time as he may consume to the gentleman from Maryland (Mr. RASKIN).

PARLIAMENTARY INQUIRY

Mr. RASKIN. Mr. Speaker, I have a parliamentary inquiry.

The SPEAKER pro tempore. The gentleman from Maryland will state his parliamentary inquiry.

Mr. RASKIN. Mr. Speaker, is it consistent with the rules of the House of Representatives for the Committee on Ways and Means and the Energy and Commerce Committee to be considering the American Health Care Act without a CBO score that would permit us to know how much this legislation will cost?

The SPEAKER pro tempore. The gentleman is asking the Chair a hypothetical question that is not pertinent to the business currently before the House.

Mr. RASKIN. Well, I didn't think it was hypothetical. I move that the House do now adjourn.

The SPEAKER pro tempore. Will the gentleman first yield back the time he was yielded for debate?

Mr. RASKIN. Yes, I will.

MOTION TO ADJOURN

Mr. RASKIN. Mr. Speaker, I move that the House do now adjourn.

The SPEAKER pro tempore. The question is on the motion to adjourn offered by the gentleman from Maryland (Mr. RASKIN).

The question was taken; and the Speaker pro tempore announced that the yeas appeared to have it.

Mr. RASKIN. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 314, nays 98, not voting 17, as follows:
