So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. BRADY of Texas. Mr. Speaker, on roll-call no. 181, I was unavoidably detained to cast my vote in time. Had I been present, I would have voted "yes."

CELEBRATING NATIONAL AGRICULTURE DAY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, today marks the 44th anniversary of National Agriculture Day, which is celebrated in classrooms and communities across the country. This year's theme is "Agriculture: Food for Life."

Today marks a nationwide effort to tell the true story of American agriculture and remind citizens that agriculture is a part of all of us. The National Ag Day program encourages every American to understand how food and fiber products are produced; appreciate the role agriculture plays in providing safe, abundant, and affordable products; value the essential role of agriculture in maintaining a strong economy; and acknowledge and consider career opportunities in the agriculture, food, and fiber industry.

America's next wave of agriculture leaders are also in Washington today: members of the National FFA Organization, 4-H, Agriculture of America, and MANRRS. Their advocacy and leadership is critical to the future of agriculture.

Mr. Speaker, our farmers feed and agriculture plays a critical role in modern society. I would like to thank all Americans who work in this essential industry.

Happy Ag Day.

REPEAL OF THE ACA

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, exactly 7 years after the Affordable Care Act became law, we now anticipate a vote this week on a Republican plan to gut it.

Mr. Speaker, the ACA expanded health coverage to 20 million people and expanded Medicaid to help our most vulnerable populations, changes that resulted in coverage for more than 100,000 Rhode Islanders.

Last week, I joined Democratic colleagues at a hearing to discuss the Republican plan, a hearing Republicans should have organized to assess the impact of their bill, which CBO estimates will result in 14 million additional uninsured by 2018 and 24 million people losing their health insurance by 2026.

Mr. Speaker, the Republican plan is not the solution to strengthen our health system. It ignores the sick, the poor, the disabled, and the elderly. Mr. Speaker, Americans cannot benefit from the systemic changes in care delivery, the breakthrough treatments of tomorrow, or improved access to today's therapies if the Republican plan is passed.

Mr. Speaker, we should be working in a bipartisan way to improve the Affordable Care Act, not gutting it.

TAKING THE INNOCENCE OF A CHILD IS SHAMEFUL

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, a 14-year-old girl last week was kidnapped off the streets of Houston, Texas. After being held against her will for 5 days, she was taken to a motel, where she met a person named Denise Coronado.

But Coronado was no friend. Instead, she threatened the girl. Coronado ground cigarettes into the girl's body. She threatened everyone that the child loved. She published photographs of the girl on backpage.com, selling her on the marketplace of sex slavery. In a 1-week period, the young girl was forced to have sex with more than 20 men. Finally she escaped.

But, Mr. Speaker, the reality is that the victim sometimes never truly escapes. The horrors sometimes live with them forever. We can no longer be ignorant to modern day slavery. My legislation, the Shame Act, gives Federal judges the ability to publish the names and photographs of convicted buyers and sellers of humans.

Those who sell or buy the innocence of children should be shamed for all to see. Put their photographs on backpage.com.

And that is just the way it is.

NATIONAL VITILIGO AWARENESS DAY

(Mr. JOHNSON of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOHNSON of Georgia. Mr. Speaker, I rise to introduce a bipartisan resolution which designates October 17 as National Vitiligo Awareness Day.

Vitiligo is a chronic medical condition resulting in the loss of skin pigmentation. Studies show that about 50 million people worldwide are diagnosed with vitiligo. In the United States, around 2 to 5 million individuals are affected. Michael Jackson had it.

The American Academy of Dermatology refers to vitiligo as a life-altering disorder that can result in low self-esteem, anxiety, and depression. Children with vitiligo are especially vulnerable to being bullied because of their looks. They have a harder time making friends and are more likely to perform poorly at school. We have the power to change this. By naming October 17, 2017, as National Vitiligo Awareness Day, we highlight the importance of providing support to individuals diagnosed with vitiligo in an effort to improve their quality of life.

PUTTING LIVES AT RISK WITH REPEAL

(Mr. CÁRDENAS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CÁRDENAS. Mr. Speaker, I rise today gravely concerned for the lives put at risk by the Republicans' repeal scheme. Trump has flip-flopped on his promises to the American people.

I recently heard from a person named Nancy who lives in my district. Nancy said: I am not asking for a handout. I have been a gainfully employed taxpayer for close to 40 years.

Nancy was able to pursue her dream of opening her own small business because she could finally afford her own health care.

This bill breaks Trump's promise to Nancy and to millions of Americans. It does not lower deductibles or drug prices, and it doesn't provide better coverage. Instead, they are purposefully taking away the health insurance from 24 million Americans by cutting \$170 billion from Medicare and \$880 billion from Medicaid.

Why are they doing this?

Simply to give a \$600 billion tax cut to millionaires. Let me be very clear. This bill hurts kids, women, families, working people, the disabled, and seniors.

THE INTEGRATED NATURE OF THE U.S.-CANADA RELATIONSHIP

(Mrs. LAWRENCE asked and was given permission to address the House for 1 minute.)

Mrs. LAWRENCE. Mr. Speaker, I rise today to illustrate the importance of the U.S.-Canada relationship, one that is based on shared values, shared hopes, and shared dreams. The United States and Canada have established strong partnerships to provide leadership on climate change, clean energy, and the environment.

The United States and Canada share deeply connected economies and enjoy the largest bilateral trade and investment relationship in the United States. We trade an average of \$1.3 million in goods and services. Nearly 9 million U.S. jobs depend on trade with Canada. In my State of Michigan, over 250,000 jobs depend on the U.S.-Canada trade and investment, making Canada the number one customer for the State of Michigan.

Our two countries share the common goal of creating jobs and protecting workers. I am proud to call Canada a friend, ally, and partner.

CONGRATULATING CCDD ON 51 YEARS OF SERVICE

(Mr. ESPAILLAT asked and was given permission to address the House for 1 minute.)

Mr. ESPAILLAT. Mr. Speaker, I rise today to recognize Centro Cultural y Deportivo Dominicano de New York.

The story of Club Deportivo began 51 years ago in the New York City neighborhood of Washington Heights, where a group of Dominican immigrants bonded over weekly games of the classic board game dominoes and a shared desire to maintain their cultural roots.

Over time, this proud group, inspired by the founding fathers of the Dominican Republic—Juan Pablo Duarte, Francisco del Rosario Sanchez, and Ramon Matias Mella—made the decision to formalize itself in order to protect their own identity and cultural heritage. They officially incorporated on March 23, 1966.

As the years passed, what initially began as a way for friends new and old to stay in touch through the power of sports blossomed into what is now institutionally and athletically one of the most important centers of Dominican Americans and their friends in the 13th Congressional District. Over the past 50 years, they have hosted numerous recreational sports tournaments and have played an integral role in formation of many other civic, cultural, and social organizations.

Club Deportivo also provides its members with many vital forms of community service: ESL, citizenship classes for immigrants, folklore classes, music and arts classes for young and adults. Additionally, the group provides hot meals for the homeless each Thanksgiving and carries out frequent medical fairs.

Mr. Speaker, we are joined today by several members of the Club Deportivo Dominicano. They are celebrating their 51st anniversary. Santiago Cruz, Felix Grant, Jose Monta, Carlos

Leerdam, and Jose Rodriguez are here to celebrate.

THE LATEST INCARNATION OF TRUMPCARE

(Ms. JAYAPAL asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JAYAPAL. Mr. Speaker, late last night, in a callous betrayal of the very people who elected them, Republicans hatched up the latest plan to deprive more than 24 million Americans of their health care. Let me say that again. 24 million people. In fact, perhaps more because we have yet to receive the CBO estimates on this latest plan.

This incarnation of TrumpCare would freeze Medicaid expansion in its tracks on top of the \$880 billion cut that was already in the bill. In my home State of Washington, this plan would put in jeopardy 600,000 people assisted by Medicaid expansion, people who have gained access to critical treatments for substance abuse, diabetes, and cancer screenings.

Dominic in Seattle has a son who, along with many others who suffer from asthma and other respiratory diseases, will not be able to afford his inhaler anymore. Nursing homes will shut down and throw thousands of grandparents out with no help. New so-called work requirements will add even more obstacles to healthcare coverage for our most vulnerable.

TrumpCare will strip coverage from 24 million. It is past time for my colleagues to reject this pay even more for even less plan.

HISTORIC PARALLELS

The SPEAKER pro tempore (Mr. JOHNSON of Louisiana). Under the Speaker's announced policy of January 3, 2017, the gentleman from Texas (Mr. GOHMERT) is recognized for 60 minutes as the designee of the majority leader.

Mr. GOHMERT. Mr. Speaker, it has been an interesting couple of days. We heard from our President, and that was a great privilege this morning to hear from him at our Conference. We were reminded what an amazing victory President Trump had last November. Some said it was so very historic, maybe as historic going back clear to Andrew Jackson's victory in 1828.

That took me back, being a lover of history, being convinced over the years, as I majored in history in college because I knew out of the Army 4 years, when I finished that, I figured I would major in what I loved, and that was history. Although my mother thought I should have majored in math or either been a doctor or a college math professor.

But history I loved, and I continue to learn from history. The old adage is those who refuse to learn from history are destined to repeat it. The corollary that is not as well known is those who
