

is going to negatively impact hundreds and thousands of people in the San Joaquin Valley that will lose their coverage as a result of this repeal and replace.

Mr. Speaker, I thank the gentleman for his passion and his efforts.

Mr. GARAMENDI. Mr. Speaker, I thank the gentleman from California (Mr. COSTA) very much for his excellent presentation. The gentleman covered many of the issues.

I want to wrap up with just a couple of thoughts.

One of my Republican friends came up to me earlier today. He said: I don't understand. I don't understand what our team is doing. All we are doing is changing the name and hurting people.

I thought about that for a few moments, and, yes, it is Ryan or TrumpCare, but people are going to be hurt all across this Nation.

One more story, and I think we will probably wrap up here, and that is of my wife's hairstylist. She is a young lady, married, private businessowner, trying to get along, and not enough money to buy insurance. The Affordable Care Act goes into place. She looks at the exchange, and she is able to get comprehensive insurance, maternity care, and at an affordable price because of the subsidies that are built into it. She was so happy when she talked to my wife.

She said: I have insurance. For the first time in my life, I am able to buy insurance, and I am going to get pregnant. I am going to have the baby that my husband and I have always wanted because now we have insurance—not just for myself, but for my child and my husband.

The next visit, she is asking: They are not going to take it away, are they? They are not going to take it away, are they?

Well, yes, for 14 million Americans—next year, 2018, 9 months from now, 14 million Americans will begin to lose their insurance. I am not sure if this young lady will be among them or the farm lady that I talked about earlier, but they are at risk all across America—14 million people in less than 1 year, and then, beyond that, over the ensuing years, 24 million Americans.

It has been argued that the Affordable Care Act is in a death spiral. I was an insurance commissioner in California for 8 years, and that is not true. It is an alternate fact. The fact of the matter is that the Affordable Care Act is working—not without some problems here and there, but it is working. It is not in a death spiral.

That is probably a good place to leave it, except this TrumpCare—RyanCare—is a problem. You are going to pay more and you are going to get less—24 million people, an age tax on seniors, and a huge tax break for the superwealthy in America.

Mr. Speaker, I yield back the balance of my time.
