

seeing private physicians and gathering evidence to support the very claim that is being denied, this piece of legislation should make sense with that.

Again, Mr. Speaker, I thank everyone involved with this. I urge my colleagues to support this piece of legislation, H.R. 1725.

Mr. Speaker, I yield back the balance of my time.

Mr. ROE of Tennessee. Mr. Speaker, I wholeheartedly endorse this bill.

Mr. WALZ, Sergeant Major Walz, speaks with great passion about it. He has the Mayo Clinic in his district. I can't imagine an evaluation at the Mayo Clinic by physicians there wouldn't be adequate for the VA.

I wholeheartedly support this bill, H.R. 1725, as amended. I urge all Members to also support it.

I yield back the balance of my time. The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Tennessee (Mr. ROE) that the House suspend the rules and pass the bill, H.R. 1725, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: "A bill to direct the Secretary of Veterans Affairs to submit certain reports relating to medical evidence submitted in support of claims for benefits under the laws administered by the Secretary."

A motion to reconsider was laid on the table.

VETERANS' COMPENSATION COST-OF-LIVING ADJUSTMENT ACT OF 2017

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Tennessee (Mr. ROE) and the gentleman from Minnesota (Mr. WALZ) each will control 20 minutes.

GENERAL LEAVE

Mr. ROE of Tennessee. Mr. Speaker, I ask that all Members have 5 legislative days within which to revise and extend their remarks and to insert extraneous material in the RECORD on H.R. 1329, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Tennessee?

There was no objection.

Mr. ROE of Tennessee. Mr. Speaker, I yield myself such time as I may consume.

H.R. 1329, as amended, is one of the most important bills the House will take up this year. This bill will help ensure that the benefits paid to veterans who are disabled as a result of their military service do not lose value because of inflation. H.R. 1329, as amended, authorizes a cost-of-living increase for veterans and their families next year as long as Social Security recipients receive an increase.

We pass this bill every year, and it has always enjoyed wide, bipartisan support. This year's bill was introduced by the Subcommittee on Disability As-

sistance and Memorial Affairs Chairman BOST and Ranking Member ESTY.

I urge my colleagues to support H.R. 1329, as amended, and help disabled veterans and their families keep up with the rate of inflation.

Mr. Speaker, I reserve the balance of my time.

Mr. WALZ. Mr. Speaker, I yield myself such time as I may consume.

I rise to support H.R. 1329, as amended. The Veterans' Compensation Cost-of-Living Adjustment Act provides a 1-year cost-of-living adjustment for the rate of compensation for veterans with service-connected disabilities as well as the rates of dependency and indemnity compensation for survivors.

As most of us know, this adjustment is tied directly to the rates of increase in Social Security benefits. Disability payments are vital to the economic well-being of most veterans, and that support should never be eroded by inflation. This bill ensures that does not happen.

I thank Chairman ROE for bringing the bill to us in a totally bipartisan process, and the Subcommittee on Disability Assistance and Memorial Affairs, as always.

The names of Chairman BOST and Ranking Member ESTY have been brought up a lot today. It says something about it. They are tackling issues that have lasted years. They are bringing up important issues that are going to impact the well-being of veterans. You heard them both say it. They did so in a bipartisan manner that I think serves the reputation of this House well. We sorely need more true bipartisan problem solving like this.

Mr. Speaker, I reserve the balance of my time.

Mr. ROE of Tennessee. Mr. Speaker, I yield 2 minutes to the gentleman from Illinois (Mr. BOST), the chairman of the Subcommittee on Disability Assistance and Memorial Affairs, Chairman BOST.

Mr. BOST. Mr. Speaker, I rise today in support of H.R. 1329, the Veterans' Compensation Cost-of-Living Adjustment Act of 2017. This bill should be a top priority for all of us this year. H.R. 1329 should ensure that the veterans receive a cost-of-living increase next year if Social Security recipients get one.

We all know that the price keeps going up and that if veterans' benefits don't keep pace, veterans and their families may have a hard time paying for basic necessities like food, shelter, and clothing. This bill is extremely important to our Nation's veterans. I ask all Members to support it.

I want to thank the ranking member of the Subcommittee on Disability Assistance and Memorial Affairs, Ms. ESTY, for her support of this legislation. I urge my colleagues, all, also to support H.R. 1329.

Mr. WALZ. Mr. Speaker, I continue to reserve the balance of my time.

Mr. ROE of Tennessee. Mr. Speaker, I yield 2 minutes to the gentleman from

Florida (Mr. BILIRAKIS), the vice chairman of our committee.

□ 1600

Mr. BILIRAKIS. Mr. Speaker, this truly is a bipartisan committee under the able leadership of Chairman ROE and Ranking Member WALZ.

Again, I am proud to serve on this committee.

Mr. Speaker, I rise today in support of H.R. 1329, the Veterans' Compensation Cost-of-Living Adjustment Act. Passage of this bill gives our Nation's veterans the same cost-of-living adjustment as those receiving benefits through Social Security.

These brave men and women have sacrificed so much for the freedoms and liberties we enjoy on a daily basis. As a grateful nation, we must ensure that those who put themselves in harm's way are able to receive the benefits they have earned and deserve. Providing for our Nation's true American heroes is not a partisan issue, but simply the right thing to do.

Mr. Speaker, approximately 1.6 million veterans reside in the great State of Florida, where so many veterans call home after serving in the military. As vice chairman of the House Veterans' Affairs Committee, I am so very proud that Florida is considered one of the most veteran friendly States across the country.

Mr. Speaker, I want to thank my colleague, Representative MIKE BOST from Indiana, for introducing this very important piece of legislation.

As a cosponsor of H.R. 1329, I urge all of my colleagues to support our Nation's heroes and pass the Veterans' Compensation Cost-of-Living Adjustment Act.

Mr. WALZ. Mr. Speaker, I continue to reserve the balance of my time.

Mr. ROE of Tennessee. Mr. Speaker, I yield 2 minutes to the gentleman from Maine (Mr. POLIQUIN), my good friend and a member of our committee.

Mr. POLIQUIN. Mr. Speaker, I thank the chairman very much for this opportunity to speak on behalf of H.R. 1329, and I salute Congressman BOST from Illinois and Congresswoman ESTY from the great State of Connecticut for their great work in a bipartisan fashion to help our heroes.

I think, Mr. Speaker, it was our first Commander in Chief, George Washington, who said, in effect, that we can never expect our young men and women to step forward and serve our country in uniform unless and until we make sure we take care of those who have already returned from the battlefield.

Now, in the State of Maine, Mr. Speaker, we love our veterans. We have about 125,000 of our heroes in our State of Maine, more than half of whom are in the rural part of our State, the Second Congressional District of Maine, that I am honored to represent.

I think it is a great idea and about time that we make sure that we come before the American people, Repub-

licans and Democrats together, to make sure that our veterans receive a cost-of-living adjustment—those who have been disabled—as a result of their service for our country.

Mr. Speaker, I ask all Republicans and Democrats on this committee and in this body to please support H.R. 1329. It is the right thing to do, to give a cost-of-living increase to our veterans.

Mr. WALZ. Mr. Speaker, I yield myself such time as I may consume.

I urge my colleagues to support H.R. 1329. But as we get ready to close on the final piece of seven pieces of legislation, some that have taken years, that have included diverse groups coming together to try to find solutions, you are seeing today all seven of these bills are going to pass this House. They are going to pass with overwhelmingly, if not unanimous, bipartisan support.

I have stood on this floor and have expressed my displeasure and my discomfort when we don't work together. Today it is one of those pleasures to stand here and say this is what the American people expect, and this is the hard work that needs to be done. That kind of thing does not happen by chance. It usually takes one person standing at the middle of that in leadership to make it happen.

I would like to thank my friend and colleague, our chairman of the committee, the gentleman from Tennessee (Mr. ROE), for ensuring that veterans come before politics, veterans come before partisan differences, and that veterans legislation can be done together in a bipartisan manner. So, I thank him for that and encourage support of all of these pieces of legislation.

Mr. Speaker, I yield back the balance of my time.

Mr. ROE of Tennessee. Mr. Speaker, I yield myself such time as I may consume.

I want to thank my good friend, Sergeant Major WALZ for his kind words.

Certainly, what we try to do on the Veterans' Affairs Committee is leave Republican and Democrat at the door of the committee room and go and do the work of the veterans for what is best for them. It is a true pleasure and honor, if you have ever attended one of our meetings, to see that and to see the effort of all Members. And you can see here today, with seven important pieces of legislation passed, it will help improve the lives of our veterans.

I know, for me, that this time of the year—and I feel sure that my friends on the other side of the aisle feel the same way—is one of the most difficult times of the year. It is Memorial Day. And I don't think we need to forget, this coming Monday, what that means. It is for all of those who didn't make it home who protected this great country.

I know, myself, I get some guilt this time of year. I was a drafted soldier, as many of us were. I served my time in 1973 and 1974 in Korea, just south of the DMZ. Many of my friends didn't make it home from Vietnam. I still feel for them and their families.

I know every Memorial Day, when I attend a service for veterans, it is difficult for me to get through that day because I got to come home, as all of us here who are serving did. We got to raise our children and see our grandchildren be born. These men and women who died in Vietnam and other wars didn't get to do that, as young people are doing today. So I can't thank, enough, the veterans of this great Nation who serve us every day and keep us free.

Mr. Speaker, I encourage all Members to support H.R. 1329, as amended, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Tennessee (Mr. ROE) that the House suspend the rules and pass the bill, H.R. 1329, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: "A bill to increase, effective as of December 1, 2017, the rates of compensation for veterans with service-connected disabilities and the rates of dependency and indemnity compensation for the survivors of certain disabled veterans, and for other purposes."

A motion to reconsider was laid on the table.

PROTECTING THE RIGHTS OF INDIVIDUALS AGAINST TECHNOLOGICAL EXPLOITATION ACT
