

the House for 1 minute and to revise and extend his remarks.)

Mr. GENE GREEN of Texas. Mr. Speaker, last week, Secretary Price refused to say whether the administration would fulfill its obligation to make cost-sharing reduction payments. This is the latest in a string of actions to sabotage the individual health insurance markets and ultimately leave people paying more for their insurance premiums.

President Trump and the Republican majority have said that the Affordable Care Act is collapsing as a justification of taking away insurance from 23 million Americans, but the truth is they are taking active measures to drive uncertainty and undermine the law.

Insurers have little time left to finalize their rate filings for 2018, and without certainty as to whether or not cost-sharing subsidies will be paid, they will significantly raise their rates or exit the marketplaces altogether.

Mr. Speaker, I urge my colleagues to cut out the games and make the cost-sharing reduction payments, and to stop actively trying to undermine Americans' access to affordable, quality health insurance.

Even my friend from Texas (Mr. BRADY), chairman of the Ways and Means Committee, called for the funding of insurer payments in order to help stabilize the insurance market and help lower premiums for Americans who rely on these subsidies.

There is simply no excuse for delay.

NATIONAL DAIRY MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, June is National Dairy Month, and, personally, I can't think of a better way to start the summer.

From calcium to potassium, dairy products, like milk, contain nine essential nutrients which may help to better manage your weight, reduce your risk for high blood pressure, osteoporosis, and certain cancers.

Whether it is a protein to help build and repair the muscle tissue of active bodies or vitamin A to help maintain healthy skin, dairy products are a natural nutrient powerhouse. Those are just a few of the reasons that we should celebrate dairy not just in June, but all year long.

National Dairy Month started out as National Milk Month in 1937 as a way to promote drinking milk. It was initially created to stabilize the dairy demand when production was at a surplus, but has now developed into an annual tradition that celebrates the contributions the dairy industry has made to the world.

Proudly, the Commonwealth of Pennsylvania is one of the largest milk-producing States in the Nation, certainly the largest agriculture commodity in Pennsylvania. As vice chairman of the

House Agriculture Committee and chairman of the Nutrition Subcommittee, I wish everyone a happy National Dairy Month.

RED SQUARE PROTEST BY YOUNG RUSSIANS

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, yesterday, thousands of Russians took to the streets of Moscow's Red Square to protest President Putin's party of crooks and thieves. The protesters chanted that they want to make Russia free and that they want to live in a modern democratic state. They want democracy.

Today, in America, here in the Nation's Capitol, another Trump official is testifying before Congress on Russia's interference with U.S. elections for the fourth time in as many weeks. There is no doubt that Russia interfered. This we know. Did Russia interfere in coordination with Trump officials? With whom and to what extent? This is what the American people deserve to know.

Today, in America, the talk is how Putin tried to dishonor American democracy to do one thing, to keep his people from wanting it, the very democracy that is uniquely America's.

And yesterday, in Moscow, was about what Putin couldn't do. He couldn't keep young Russia from taking to the streets of his capital city denouncing him as a crook and a coward and demanding American democracy.

NEW AMERICANS CAUCUS' CALL TO VOTE

(Mrs. TORRES asked and was given permission to address the House for 1 minute.)

Mrs. TORRES. Mr. Speaker, I rise today not only as a Member of Congress but as an immigrant and a proud American, and I and my fellow members of the New Americans Caucus took the step to not just become naturalized citizens and exercise our right to vote but also to get involved in our communities and eventually run for office.

This is why, today, I want to encourage all of those who can to do the same, become a citizen and get involved. Your vote is your voice. It allows you to use that voice to better your community and to speak up for those who still can't.

Citizenship is a security. Citizenship is power. These days, too much is at stake, so don't wait until it is too late.

CONGRATULATING COMMANDER KEITH WOODLEY

(Ms. PLASKETT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. PLASKETT. Mr. Speaker, with this being Caribbean-American Herit-

age Month, I wanted to highlight and congratulate a native Virgin Islander who is now the new commander of the USS *Gabrielle Giffords*, which was commissioned this past weekend in Texas.

The USS *Gabrielle Giffords*, the 16th ship to be named for a woman and only the 13th ship to be named for a living person since 1850, is, in fact, commanded by Keith Woodley, a native of St. Thomas, U.S. Virgin Islands, a graduate of Florida A&M and the Florida Institute of Technology.

At the commissioning of the ship, Commander Woodley stated: "This is not just a new ship. This is a new class of ship. . . . They have risen to that challenge and performed exceptionally well in getting this ship ready for service."

I would be remiss in not also acknowledging, during Caribbean-American Heritage month, Alton Adam, born in 1889, who was also from St. Thomas and the U.S. Navy's first bandmaster. His music was performed by numerous bands and continues to be performed.

I also, of course, want to wish my parents a happy 58th wedding anniversary today. We love you. God bless you.

TAKE ACTION ON A COMPREHENSIVE INFRASTRUCTURE BILL

(Mr. O'HALLERAN asked and was given permission to address the House for 1 minute.)

Mr. O'HALLERAN. Mr. Speaker, I rise today to address an issue impacting communities throughout Arizona's First Congressional District and the country. We must take action on a comprehensive infrastructure bill. Our crumbling roads and bridges pose a greater threat to safety with every car, truck, and school bus that crosses them.

Our pilots land on runways long overdue for repairs, and rural and travel communities, without access to modern technology, lose their competitive advantage in business and education.

In Arizona, flood control projects in Winslow, essential broadband access in Tuba City, and transportation infrastructure in rural Gila County are all in need of attention.

This is something that impacts every State, every district in this country, and I believe we can find broad bipartisan support on this issue in Congress.

Ensuring that our communities have adequate resources to repair their roads, invest in technology, and protect their residents is of paramount importance. I call on my colleagues to continue working on this.

We cannot push this issue aside any longer. We must come together and pass a bipartisan infrastructure bill that invests in our rural communities.

**THE AMERICAN PEOPLE ARE
TERRIFIED OF TRUMPCARE**

(Mr. KILDEE asked and was given permission to address the House for 1 minute.)

Mr. KILDEE. Mr. Speaker, the American people are speaking up, and they are absolutely terrified of the Republican healthcare plan, TrumpCare. According to a FOX News poll, two-thirds of Americans disapprove of TrumpCare. That's a FOX News poll.

Why? Because it will take away healthcare from 23 million Americans. For those who still have the good fortune of being able to get insurance, they will pay more for worse care. If you are age 50 to 65, fasten your seatbelts; you are about to pay five times what others will pay for health insurance and for prescription drugs.

Of course, in the Senate, they are crafting their version of TrumpCare in secret, behind closed doors. Nobody knows what is in it. Why? Because they know the American people will reject it.

We know we have got issues we have to deal with in healthcare. No law is perfect, and the ACA is one of those. But my goodness, you cannot do this behind closed doors. We have to do this in public. People need to understand what Congress is doing. We have got to get it right, and we have to do it in the open.

SALUTING THE PHILADELPHIA ORCHESTRA ON ITS HISTORIC ASIAN TOUR

(Mr. EVANS asked and was given permission to address the House for 1 minute.)

Mr. EVANS. Mr. Speaker, today I rise to support the Philadelphia Orchestra on a historical tour through Asia.

I have had the privilege of working to support them over the years during my time in the Pennsylvania Legislature and now here in Congress. I can't think of a better cultural ambassador for our country, the Commonwealth, and our great city than the finely tuned Philadelphia Orchestra.

The historical tour started in Shanghai, China, where they serenaded the visitors of the new Shanghai Disney Resort. They continued on to Beijing and Mongolia.

Philadelphia's magnificent orchestra marked a historical first when they became the first Western orchestra to play at the people-to-people exchange. The President of Mongolia and I met last year in the city of Philadelphia.

The orchestra then continued on to Seoul and to Hong Kong. In Seoul, the orchestra participated in a master class with the Heart to Heart Orchestra and Korea United College Orchestra. In Hong Kong, the Philadelphia Orchestra concluded with a coaching session for the Hong Kong Youth Orchestra and a well-earned reception.

I would like to give special recognition to the Philadelphia Orchestra's director, the chairman, as well as the woman who brought it all together, Alison Vulgamore.

I am proud to represent a city that boasts some of the most iconic music heard around the world. I welcome back our well-traveled Philadelphia Orchestra and look forward to the next symphony.

VA ACCOUNTABILITY

(Mr. YODER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YODER. Mr. Speaker, I rise today to highlight Congress' making more important strides on behalf of our Nation's veterans.

The last few years, we have all heard stories about employees at the VA who failed in their duty to serve and protect our Nation's heroes. It is true that most VA employees are hardworking and dedicated, but as we have come to find out, there are bad actors who must be held accountable. Our veterans deserve nothing less.

Strangely, as the VA has tried to discipline these bad actors, the existing bureaucracy and red tape has stymied the Secretary's ability to do so. That is why the House today will pass the Department of Veterans Affairs Accountability and Whistleblower Protection Act, to create a more efficient and effective system to remove, demote, or suspend any VA employee for poor performance or misconduct.

Our bill still ensures due process and actually expands protections for whistleblowers, but, importantly, it will let the VA Secretary do his job and clean up the Department and protect our Nation's veterans.

Mr. Speaker, protecting those veterans isn't a political issue; it is a cause we must all champion. I encourage a bipartisan vote on today's bill.
