Mr. BABIN changed his vote from “yea” to “nay.”

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Mr. TIBERI. Mr. Speaker, on rollcall No. 322 (passage of H.R. 2842), I did not cast my vote. Had I been present, I would have voted “yea” on this vote.

## PERSONAL EXPLANATION

Mrs. NAPOLITANO. Mr. Speaker, I was absent during rollcall votes No. 320, No. 321, and No. 322 due to my spouse's health situation in California. Had I been present, I would have voted “yea” on the Krishnamoorthi Amendment. I would have also voted “nay” on the Davidson Amendment. I would have also voted “yea” on the Final Passage of H.R. 2842—Accelerating Individuals into the Workforce Act.

## ADJOURNMENT FROM FRIDAY, JUNE 23, 2017, TO MONDAY, JUNE 26, 2017

Mr. CURBELO of Florida. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet on Monday, June 26, 2017, when it shall convene at noon for morning-hour debate and 2 p.m. for legislative business.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Florida?

There was no objection.

## NORTH KOREA MUST BE HELD ACCOUNTABLE FOR ITS AGGRESSIONS

(Mr. ROTHFUS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROTHFUS. Mr. Speaker, it has been a generation or two since the horrors of communism were routinely on the news and mentioned in our schools: people killed running for freedom from East to West Berlin, the Soviet Union's gulag archipelago designed to crush dissent and the human spirit, and Mao's brutal rule in Red China that killed millions.

This week, a new generation of Americans witnessed the barbarity of the evil of communism. I extend my condolences to the family and friends of Otto Warmbier, whose funeral was held yesterday.

Kim Jung Un and his North Korean thugs may believe Otto's torture and death somehow empowers them. They are wrong. President Reagan foretold that communism will end up on the ash heap of history, and that is where Kim is headed.

But Otto has a different legacy. One of Otto's friends told me his spirit could not be crushed and, unlike the communist thugs of North Korea, Otto's spirit will live on, especially in those who loved him.

Mr. Speaker, North Korea must be held accountable for Otto's death and other transgressions. Last month, the House passed the Korean Interdiction and Modernization of Sanctions Act. The Senate should pass this legislation and get it to the President quickly so we can begin to put maximum pressure on this outlaw regime.

## RECOGNIZING 50TH ANNIVERSARY OF FERMI NATIONAL ACCELERATOR LABORATORY

(Mr. FOSTER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FOSTER. Mr. Speaker, I rise today to recognize Fermi National Accelerator Laboratory, which celebrated its 50th anniversary last week.

Built on the prairies of Illinois, under the leadership of its first director, Robert Wilson, this national lab performs cutting-edge research in physics to help us understand the fundamental properties of matter. It is also where I spent most of my career as a high energy particle physicist before I ran for Congress.

The discoveries made in Fermilab's first 50 years will remain in the science textbooks forever. Experiments at Fermilab discovered three of the fundamental components of matter: the bottom quark, the neutrino tau, and the top quark, the heaviest known form of matter.

Unfortunately, the Republican budget proposal of the Trump administration threatens the legacy of Fermilab and national labs and scientific facilities throughout the country.

Mr. Speaker, scientific research is not like highway building that can turn on and off in any given fiscal year. Scientific teams and facilities that take generations to build can be wiped out in a single budget cycle by having their funding cut.

So, Mr. Speaker, I call upon you and your colleagues to show us a budget that will maintain our country's leadership in science and technology, because destroying our scientific facilities is no way to make America great again.

## CAREER AND TECHNICAL EDUCATION COVERS MANY INDUSTRIES

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, yesterday this House unanimously approved the Strengthening Career and Technical Education for the 21st Century Act, to give Americans who enter the workforce the skills they need to succeed.

I was proud to sponsor that bill with Congressman RAJA KRISHNAMOORTHY. It will help all Americans across all sectors and industries because all education is career education.

As chairman of the Nutrition Subcommittee of the Committee on Agriculture, I want to talk about food service careers.

Earlier this spring, I had the opportunity to visit the DC Central Kitchen right here in our Nation's Capital. DC Central Kitchen feeds the most vulnerable among us, but it fights hunger differently: it offers skills-based education, empowerment, and career opportunities that allow people to finally be free from hunger and poverty.

The CEO there said, "You can't feed your way out of poverty," and I wholeheartedly agree. DC Central Kitchen feeds the hungry, but also teaches people the skills needed to find employment in the hospitality industry. That is a CTE program: helping people find jobs that pay living wages and obtain lasting careers.

Now, that is something we can all get behind.

#### RECOGNIZING THE HONORABLE REVEREND NATHANIEL DIXON

(Mr. ESPAILLAT asked and was given permission to address the House for 1 minute.)

Mr. ESPAILLAT. Mr. Speaker, I rise today to recognize the Honorable Reverend Nathaniel Dixon. On Sunday, Reverend Dixon will be giving his last sermon at St. Stephen's United Methodist Church.

While this Sunday may be his last sermon, I have no doubt that the lives he has touched, parishioners, colleagues, neighbors, all of us, will continue to uphold the lessons he taught us and will remember the action he has taken over a long and hard-fought career.

Reverend Dixon is a true renaissance man whose life has always been committed to New York City. For 27 years, he was a music teacher and, later, an administrator, and also an executive director of the Saxrack Learning Center.

Old Satchmo, the great Louie Armstrong, once said: "Musicians don't retire; they just stop when there's no more music in them."

Reverend Dixon never stopped teaching music, and he has inculcated this love and passion into the lives of students and parishioners. "Music helps," he said, "because there is awe in them."

Thank you, Reverend Dixon, for your commitment and willingness to become a leader and a role model for many years to come in New York's 13th Congressional District.

We love you and wish you the very best.

#### HONORING ROCKY CARROLL, TEXAS BOOTMAKER

(Mr. POE of Texas asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, in Texas, whether you are two-stepping, herding cattle, or sitting in the summer heat enjoying some barbecue, you will rarely find Texans without their boots. And, Mr. Speaker, the finest boots in Texas were made by Houston legend, Rocky Carroll.

This week, after a long and colorful life, Rocky died.

The moment I met Rocky, I was immediately struck by his swagger. He looked like an outlaw out of an old western movie. He was proud of the fact that he worked 25 years with the Harris County Sheriff's Department.

Through the course of his life, Rocky also handcrafted boots for seven Presidents, celebrities, the Queen, the Pope, and many others.

I once performed a small wedding ceremony for Rocky and his new bride, Judge Denise Collins. And right before the wedding started, in walked Rocky's friend, President George H.W. Bush. Rocky knew everybody.

And while the walls of his shop, which really looked like an old barn, were adorned with photos of famous people, most of his customers were regular folks like me.

Rocky Carroll was larger than life and uniquely Texan to the core. We will miss our dear friend, bootmaker for the Presidents, bootmaker for the stars, and bootmaker for regular folks.

And that is just the way it is.

#### HONORING THE SERVICE AND SACRIFICE OF JEFFERY M. SANDERS

(Mr. CLEAVER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLEAVER. Mr. Speaker, sometimes this well feels like the well of sorrow, and such is the case today.

I rise to honor a true and selfless public servant whose life was tragically taken before his time. Mr. Jeffery Sanders, a lifelong resident of Mayview, Missouri, and a firefighter, was killed in the line of duty on Monday, June 19, 2017. I have decided that I will be praying through the weekend and next week for his family.

Mr. Jacob Hayward was a man who gave a great deal to his community. He was seriously injured also in the same heartbreaking accident.

Jeff was well known in the close-knit community of 200 residents, having been a farmer in Mayview all of his life. He and his wife, Connie, raised two wonderful children, who continue to live in Lafayette County in Missouri's Fifth Congressional District.

Mr. Sanders dedicated much of his time to Mayview and its Fire Protection District. He could always be counted on to make a fire call and help someone in need.

In all of his activities, Mr. Sanders demonstrated dedication and commitment to the greater good of others. He

was actively involved in the Mayview Lions Club, the Mayview Area 4-H Club, the Antique Tractor Club, and the Odessa FFA Advisory Board, along with his work as a volunteer firefighter with the Mayview Fire Protection District. He also spent time serving on the Mayview Special Road District.

Mr. Speaker, this family has given a great deal, and we owe a great deal to them.

#### CONGRATULATING THE DONEGAL WOMEN'S SOFTBALL TEAM

(Mr. SMUCKER asked and was given permission to address the House for 1 minute.)

Mr. SMUCKER. Mr. Speaker, I rise today to congratulate the Donegal women's softball team on their PIAA State softball title. They beat Cedar Cliff 9-7, but it wasn't an easy victory.

Donegal trailed 7-3 heading into the bottom of the fifth inning, but never gave up. They scored six runs that inning to take a 9-7 lead, and they never gave that up the rest of the game.

This team has been to the State tournament the last 4 years, but, obviously, this one was special. Donegal head coach Wayne Emenheiser said of the season: "This was our dream since we lost last year in the semifinals. We wanted to get back here. It was a magical season."

A victory like this is a display of years of dedication and hard work. So today I want to congratulate the Donegal players, coaches, and staff on this remarkable achievement and let them know how proud we are of them.

I would also like to recognize the families, students, faculty, and fans that supported them along the way.

#### SENATE REPUBLICANS SHUT THE AMERICAN PEOPLE OUT OF AFFORDABLE HEALTHCARE

(Mr. CARBAJAL asked and was given permission to address the House for 1 minute.)

Mr. CARBAJAL. Mr. Speaker, I rise today in strong opposition to the recently unveiled Senate healthcare repeal legislation. The Republicans have shut the American public out of their debate and, with this bill, they aim to shut them out of affordable healthcare, too.

This bill sets us on a dangerous path backwards, back to a time when cancer patients could be kept out of coverage or kicked off of their insurance because the cost of their care was too high, and to a time where pregnancy could be considered a preexisting condition.

Congress must work collaboratively to bring down insurance premium costs and work together toward insuring every American, but denying millions of people access to insurance by repealing protections for individuals with preexisting conditions, gutting Medicaid, and threatening the solvency of
