

People are going to peacefully stand up and fight for justice, common sense, and what is right. We need everyone to be there with us, helping us, walking with us. In Chicago, it starts this Saturday at 2 at Lincoln United Methodist Church in Pilsen.

The road ahead is not going to be very easy, but we have fought hard to win victories for our country, and for the DREAMers, who are the leading edge of our movement to make immigration legal again in this country.

Now is the time. We need your help to protect families and communities and to do what is right. We cannot do it alone.

#### RECOGNIZING MADE IN PENNSYLVANIA COMPANIES

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. THOMPSON) for 5 minutes.

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to speak about American craftsmanship as the White House celebrates “Made in America Week.”

American entrepreneurs, workers, farmers, and innovators have built this country and drive our country. They are the heart of this Nation, and they ensure that the “Made in the USA” label means quality and value, which is something we treasure.

Pennsylvania has a rich history of being a manufacturing leader, especially our storied Pennsylvania steel. The Commonwealth has been an important cog in the wheel of this country’s industrial revolution, thanks to industries like iron, coal, and lumber, in addition to steel.

Our Pennsylvania farmers have fed, and continue to feed, generations of Americans, providing safe, nutritious food for all of our neighbors. This rich history continues today.

The Fifth Congressional District is home to numerous producers that have made vital contributions to our prosperity. They have employed American workers, produced American products, and grown American crops. From heritage companies to newer, rising stars, we have a wide cross-section of products produced in the Pennsylvania’s Fifth Congressional District.

Brookville Equipment Corporation in Jefferson County is the leading American manufacturer of diesel locomotive engines, street trolleys, and mining machinery. Brookville’s mass transit resume includes fully refurbishing streetcars for New Orleans, Philadelphia, and San Francisco.

Since 1889, W.R. Case & Sons Cutlery Company has been fashioning handcrafted pocketknives and sporting knives in McKean County. Zippo Manufacturing Company, makers of the world famous Zippo windproof lighter, owns Case knives today. Zippo is another family-owned business based in Bradford since 1936.

Clarion Industries has two divisions in Clarion County: Clarion Boards,

which produces high-quality fiberboard used to manufacture products such as laminate flooring, furniture, fixtures, cabinetry, and moldings; and Clarion Laminates, the only “Made in the USA” flooring manufacturer of its kind.

Emporium Powdered Metal, Inc., in Cameron County, is a powdered metal manufacturer staffed with more than 120 years of combined experience.

Welch’s, in Erie County, is particularly known for its grape juices, jams, and jellies made from dark Concord grapes and its white Niagara grape juice.

Clearfield Machine Company has been producing custom machining since 1868 in Clearfield County.

Since 1830, the Woolrich name has stood for the best in sportswear for men and women, and it continues to make outerwear that combines comfort and function in Woolrich, Pennsylvania.

GE Transportation is an American manufacturing giant. The organization manufactures equipment for the railroad, marine, mining, drilling, and energy generation industries in Erie County.

Major leaguers have been swinging our fine Pennsylvania hardwoods, thanks to Jefferson County company BWP Bats. BWP’s slogan is “Built With Pride.”

Huntingdon County’s Bonney Forge has a state-of-the-art forge facility capable of manufacturing our entire line of forged steel fittings and forged steel valve products since 1875.

DiamondBack Truck Covers is a company two Penn State students started in their garage in 2003. They make heavy-duty, utility-oriented, diamond plate aluminum truck bed covers for pickup trucks in Philipsburg, Pennsylvania, in Centre County.

Domtar Paper Company in Elk County is the largest integrated producer of uncoated freesheet paper in North America, and the second largest in the world, based on production and capacity.

Pul-A-Pump of PA, Inc., in Potter County, manufactures portable pump pulling machines for those in need of water well technology, with a unique dual traction belt design that is second to none.

Whirley Industries Incorporated in Warren County designs, develops, and produces products for the food and beverage industry.

Centre County also boasts many new rising stars in high-tech industries, including KCF Technologies, a dynamic technology company that develops and commercializes products for industry and the military.

Mr. Speaker, this is just a sample of the manufacturers who employ our friends, families, and neighbors in the Fifth Congressional District of Pennsylvania. These companies, and many others, produce quality, American-made products, and we could not be more proud to celebrate them during

“Made in America Week.” Congratulations, and keep up the great work.

#### REPUBLICAN BUDGET

The SPEAKER pro tempore. The Chair recognizes the gentleman from Oregon (Mr. DEFAZIO) for 5 minutes.

Mr. DEFAZIO. Mr. Speaker, one of my colleagues came to the floor this morning and said: It kind of smells like bacon in here. I said: That is because the Republicans are cooking their budget just off the floor. That is what they are doing. They are cooking up a budget with cooked books.

Here we are with a national debt of nearly \$20 trillion and the highest priority on the Republican side of the aisle—reflected both in their so-called healthcare bill, which was actually tax cuts only for people who earned over \$250,000 a year—is tax cuts for people who earn over \$250,000 a year, particularly targeted toward those in the top one-tenth of 1 percent—those who earn millions of dollars a year.

They say that is the cure for all of America’s ills: just cut their taxes, and the benefits will trickle down onto all the rest of us. I think a lot of people don’t much like to be trickled on in that manner.

What are the priorities, other than tax cuts, in their budget? A massive increase in spending at the Pentagon.

Remember, the Pentagon is the only agency of the Federal Government that is unauditible. That is right. Every year, every agency of the government is subject to an audit, but not the Pentagon. They say: Hey, we can’t be audited. The books are a mess. We can’t be audited.

Last fall, there was a report that \$125 billion went missing from the Pentagon budget. The Pentagon attempted to repress that report. God forbid we should bring any fiscal accountability to the Pentagon. They are just going to shower more money on them, in the hope that some of it gets spent on the real needs of the military. But there is no sense of responsibility there.

How are they going to get to their ilusory balanced budget if they are having massive tax cuts for the wealthiest among us and massive increases in spending at the Pentagon, with no fiscal accountability?

Well, simple. We are just going to cut the programs that average and struggling Americans depend upon, like student financial aid. They don’t know anybody at the country club whose kids need help going to college. So those programs get cut. Hungry kids? They have never met one. Never met a hungry kid. So let’s cut the school lunch program again, and let’s cut food stamps for families.

But they are breaking some new ground here and breaking some of the President’s promises. The President promised he would not cut Medicare. Well, their proposed budget cuts Medicare. Yes, it cuts Medicare. It would cut \$500 billion out of Medicare. It assumes that, instead of getting a guaranteed benefit, an earned benefit that

every American over 65 can have, you will get vouchers, and you can go into the private insurance market and do better. It sounds a little bit like the failing ObamaCare plan that they talk about all the time. Now they want to put seniors in that same boat, instead of guaranteed Medicare.

Then, of course, \$1.5 trillion cuts in Medicaid. That is welfare. Well, actually, the largest recipients of Medicaid are seniors in long-term care. A lot of people are going to be surprised when grandma or granddad is out in the street or comes home and needs a lot of help and assistance and there is none to be had.

□ 1015

So that is the largest group.

Now, what is the second largest group of freeloaders on Medicaid?

Oh, it is kids. God forbid that kids should get medical help when they are growing up. Let's have them long-term, lifetime disabled. Deny them medical care when they are young and we will just worry about all that later. This is quite a set of priorities they are putting before us and fiscally irresponsible.

So as I have in past years, I am introducing a fiscally responsible balanced budget amendment to the Constitution, not like the Republican one that said you have to have two-thirds to increase taxes and one vote to cut taxes, no. This one would say you have to balance the budget, but you do it by prudent reductions in spending, and also you have to deal with the revenue side. And, oh, by the way, mine protects Medicare and Social Security totally from these sorts of cuts. It makes them into the entitlement programs they are supposed to be that the Republicans want to do away with in their budget.

So I think there is a better way to go forward, but just like in their fake healthcare bill, which was really disguised tax cuts for the wealthiest among us, they are now giving us a supposedly prudent fiscal budget blueprint, which, again, is huge tax cuts for the wealthy, massive increases for the Pentagon and cuts for everybody else.

#### DEATH OF THE CONSERVATIVE AGENDA

The SPEAKER pro tempore. The Chair recognizes the gentleman from Alabama (Mr. BROOKS) for 5 minutes.

Mr. BROOKS of Alabama. Mr. Speaker, our Republican Senate majority is killing our conservative agenda, our Republican agenda, and President Trump's agenda. The murder weapon is the Senate filibuster rule, an archaic accident of history created during the days of horse-and-buggy and slavery.

The filibuster rule destroys the basic democratic principle of majority rule and obstructs passage of legislation unless a 60 percent supermajority of Senators agree. While today's 52-Senator Republican majority can abolish the filibuster rule anytime it wants, so

long as the filibuster rule is in place, Republicans can pass nothing without the consent of CHUCK SCHUMER and the Democrats.

Think about it. Our Republican Senate majority has abdicated control and empowered CHUCK SCHUMER and the Democrat minority to obstruct the will of the Republican House, obstruct the will of the Republican Senate majority, obstruct the will of President Trump, and obstruct the will of the tens of millions of American voters who send us to Washington.

That is political suicide and an abject betrayal of the millions of American voters who sent us here.

There will be no border wall because our Republican Senators empower Democrats to kill it. There will be no ObamaCare repeal because our Republican Senators empower Democrats to stop us. America's out-of-control deficits and debts will cause a debilitating insolvency and bankruptcy that destroys an America it took generations of our ancestors to build because our Republican Senators empower Democrats to spend money we don't have, have to borrow to get, and cannot afford to pay back.

During 2015 and 2016, the House worked hard to address America's challenges. Over 500 of our bills never got so much as a single Senate floor vote. All that work wasted.

The Senate filibuster rule is not in the Constitution. It is not a Federal law or statute. It exists solely at the discretion of the Senate majority.

President Trump understands the filibuster rule and that it threatens the President's entire legislative agenda. On May 2, President Trump urged our Republican Senators to end the filibuster rule, stating: "Change the rules now to 51 percent."

On May 30, President Trump reiterated: "The U.S. Senate should switch to 51 votes immediately and get healthcare and tax cuts approved fast and easy. Dems would do it, no doubt."

President Trump's pleas have fallen on deaf ears. Exhibit A in this murder trial is an April 7 letter to CHUCK SCHUMER, of all people, and MITCH MCCONNELL that lists the accomplices, those deaf ears, who are killing the conservative agenda, the Republican agenda, and President Trump's agenda.

The letter states: "We . . . urge you to . . . preserve existing rules, practices, and traditions as they pertain to the right of Members to engage in extended debate on legislation before the United States Senate. . . . We are united in our determination to preserve the ability of Members to engage in extended debate when bills are on the Senate floor."

Each Senator on exhibit A empowers CHUCK SCHUMER and the Democrats to kill President Trump's agenda. Remarkably, even an Alabama Senator supports killing President Trump's agenda.

Mr. Speaker, Republican Senators claim we need the filibuster to play de-

fense when Democrats control the Senate. I submit that claim is myopic and shortsighted. In the past 90 years, Republicans have not had a single filibuster-proof Senate, while Democrats enjoyed filibuster-proof Senates in the 1930s, the 1960s, and in 2009. In those years, Democrats passed ObamaCare and forced great society welfare programs on us that busted our budgets, destroyed the work ethic, broke up American families, and threatened America with a national insolvency.

Over the long haul and because of the filibuster, Democrats force their leftist, socialist policies down America's throats, while Republicans never have the power to reverse the damage done.

That is the Senate filibuster legacy.

Mr. Speaker, time is running out. America's future is at stake. Now is not the time to play procedural games. I agree with President Trump.

Senate: End the filibuster.

#### VOTE ON LIFESAVING LEGISLATION

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Illinois (Ms. KELLY) for 5 minutes.

Ms. KELLY of Illinois. Mr. Speaker, I rise, yet again, to beg this House for action. Let us have a vote on lifesaving legislation.

Just this weekend, 57 Americans were shot in just one U.S. city. Tragically, 11 of them passed away, including a 10-year-old boy and a revered community activist who worked to create jobs for at-risk kids.

The violence did not take a rest after the weekend. On Monday, 13 more people were shot and 3 were killed.

Mr. Speaker, what are we doing here?

People, Americans, American kids are dying every day in every community, in every State, in every district, yet this House, the people's House, continues to do nothing.

Why, Mr. Speaker? Why is that? Well, I think greed and dollars.

My 101st victim I want to share with you is Gustavo Garcia, who was 10 years old. Mr. Speaker, Gustavo would have turned 11 next month. He would have started fourth grade at Arnold Mireles Academy next month. Instead, he was murdered in the back seat of an SUV by an assault weapon, a weapon of war that this House has allowed to be legal and spill blood on our city streets.

These weapons have one purpose: killing people. They are not for sportsmanship. They are not for personal defense. They are for theaters of war. They are designed to devastate, maim, kill, and destroy. That is why assault weapons were banned from our streets until this House, poisoned by NRA dollars, allowed the bill to expire.

Mr. Speaker, Gustavo Garcia was 10 years old. He had an entire lifetime ahead of him. Mr. Speaker, the operative word in that sentence is "had." Now he has become "Dollar NRA No. 101."
