ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR (during the vote). There is 1 minute remaining.

□ 1735

So the amendment was rejected.

The result of the vote was announced as above recorded.

The Acting CHAIR. The question is on the amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The Acting CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. RODNEY DAVIS of Illinois) having assumed the chair, Mr. WEBER of Texas, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 2910) to provide for Federal and State agency coordination in the approval of certain authorizations under the Natural Gas Act, and for other purposes, and, pursuant to House Resolution 454, he reported the bill back to the House

with an amendment adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on the amendment to the amendment reported from the Committee of the Whole?

If not, the question is on the amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mrs. WATSON COLEMAN. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentlewoman opposed to the bill?

Mrs. WATSON COLEMAN. I am opposed in its current form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Ms. Watson Coleman moves to recommit the bill H.R. 2910 to the Committee on Energy and Commerce with instructions to report the same back to the House forthwith, with the following amendment:

At the end, add the following:

SEC. 3. NO EMINENT DOMAIN.

An application for a certificate of public convenience and necessity under section 7 of the Natural Gas Act may not be approved unless the applicant agrees not to exercise eminent domain authority under section 7(h) of such Act.

Mr. FLORES (during the reading). Mr. Speaker, I ask unanimous consent to dispense with the reading of the motion.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

The SPEAKER pro tempore. The gentlewoman from New Jersey is recognized for 5 minutes.

Mrs. WATSON COLEMAN. Mr. Speaker, I have a motion to recommit the bill with instructions to add language prohibiting the use, really the abuse, of Federal eminent domain authority by large gas pipeline companies.

Currently, the law allows pipeline companies—given authorization by FERC—to circumvent landowner opposition and exercise the right of eminent domain to acquire land necessary for pipeline construction, which is privately owned, so that the pipeline construction can operate and maintain—meaning for-profit pipeline companies can seize private land from owners who are unwilling to sell.

More often than not, compensation provided to the property owner is far from fair or just and the negotiations are rarely conducted in good faith. In the event that fair compensation is paid, no one should be forced to sell against their will.

The bottom line is simple: too often eminent domain authority is exercised without the determination of a true public benefit. Certificate holders can manipulate this authority to take whatever land they deem necessary for their gas pipeline projects.

With the recent boom in domestic gas production, this is happening all across the United States and harming property owners in many of our districts. This practice is wrong, and it must be stopped.

In my home State of New Jersey, residents, including my own constituents, are very concerned about the pending PennEast Pipeline Project—a proposed 118-mile, 36-inch gas pipeline stretching from northeast Pennsylvania to my district.

Their proposal crosses the property of more than 500 landowners, many of whom have strongly objected to this project going forward.

My constituents and our neighbors who are affected by this project will receive little, if any, local benefits from the project, because most of the natural gas transported through the pipeline is likely destined for markets outside of New Jersey, including for export overseas.

PennEast would cut through districts represented by both Republicans and Democrats, and it is opposed by my colleagues in this body on both sides of the aisle.

Democrats and Republicans alike can agree that one of the most important rights for all Americans is the right to own private property. But today, the growth in gas pipeline projects threatens this right for many Americans.

Everyone deserves a good place to live and a safe place to raise their children. No one should have to worry about losing their hard-earned property, through no fault of their own, just to pad private company coffers.

Preventing these private for-profit companies from having access to the eminent domain authority in section 7(h) of the Natural Gas Act would not only make this law better by halting abuse of that authority by private gas pipeline companies, but also place public interests over private profit.

This motion presents an opportunity to send a clear message to our constituents who have worked hard to own their property and a piece of the American Dream.

Their choice is clear, and it is yours, but I urge all of my colleagues to vote “yes” on the motion to recommit and stand with landowners over land takers.

Mr. Speaker, I yield back the balance of my time.

Mr. FLORES. Mr. Speaker, I claim the time in opposition to the motion.

The SPEAKER pro tempore. The gentleman from Texas is recognized for 5 minutes.

Mr. FLORES. Mr. Speaker, I urge all of my colleagues to oppose the motion to recommit and to vote “yes” on final passage.

I am going to make everybody happy because I am going to be really quick about this. This MTR is just a rehash of an amendment that the other side of the aisle tried to introduce during the original bill. That amendment was not germane, and the reason it wasn't germane is because this bill does not affect eminent domain in any way whatsoever.

So the bottom line is, that this is just another procedural motion to deny the important benefits of this legislation to American workers, to American businesses, and to our collective energy security. It fits a pattern of delay and obstruction that we simply cannot support.

Mr. Speaker, I urge our Members to oppose this procedural motion, and I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Mrs. WATSON COLEMAN. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 9 of rule XX, the Chair will reduce to 5 minutes the minimum time for any electronic vote on the question of passage.

This is a 5-minute vote.

I would have also voted “yea” on the Democratic Motion to Recommit H.R. 2883. I would have also voted “nay” on the Final Passage of H.R. 2883—Promoting Cross-Border Energy Infrastructure Act. I would have also voted “yea” on the Tsongas/McGovern/Beyer Amendment. I would have also voted “yea” on the Beyer Amendment. I would have also voted “yea” on the Democratic Motion to Recommit H.R. 2910. I would have also voted “nay” on the Final Passage of H.R. 2910—Promoting Interagency Coordination for Review of Natural Gas Pipelines Act.

PERSONAL EXPLANATION

Ms. JACKSON LEE. Mr. Speaker, yesterday, on Tuesday, July 18, I was unavoidably detained on constituency business.

COMMEMORATING 200TH ANNIVERSARY OF ERIE CANAL

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to commemorate the 200th anniversary of the Erie Canal. Construction first began in 1817 in Rome, New York, with the first completed portion connecting two cities in the 22nd Congressional District, Rome and Utica.

The Erie Canal was transformative in establishing New York as the Empire State. The canal opened the interior of our Nation, allowing westward expansion and the free flow of goods. With a drastic 90 percent reduction in shipping costs, the canal established our region as a hub of economic activity in the early 20th century and made New York the busiest port in the entire Nation.

In addition to the vast economic impact, the Erie Canal had an important cultural effect. Nearly 80 percent of upstate New York's population lives

within 25 miles of the canal. From Albany to Buffalo, today, the Erie Canal is designated as a National Heritage Area, continuing its rich legacy.

This Saturday, a first dig celebration in Rome, New York, will recognize this historic and monumental achievement in both New York's and our Nation's history.

In the words of the famous Erie Canal song: “You'll always know your neighbor, and you'll always know your pal, if you've ever navigated on the Erie Canal.”

HOMELESSNESS

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, today, homeless advocates from Rhode Island, including from Crossroads Rhode Island and from Rhode Island Housing, came to visit my office.

Mr. Speaker, it is difficult to express in words how important their work is. These groups take care of the least among us. They provide shelter for the working poor and those affected by the opioid crisis, and they assist those not working because of age, infirmity, or disability. They help keep lives together. They help keep families together.

Mr. Speaker, we must continue to provide strong funding for these programs in our appropriations bills. We still have not fully emerged from the financial crisis and people are still trying to make ends meet. Foster youth are particularly vulnerable, with as many as 40 percent who age out of the system becoming homeless.

Mr. Speaker, social services organizations and nonprofits can only do so much on their own. They need support to keep our vulnerable brothers and sisters from falling off a cliff. We can do better and we deserve to support them.

RECOGNIZING THE PADUCAH AREA CHAMBER OF COMMERCE

(Mr. COMER asked and was given permission to address the House for 1 minute.)

Mr. COMER. Mr. Speaker, I rise today to recognize the Paducah Area Chamber of Commerce for their designation as the 2017 Chamber of the Year by the Association of Chamber of Commerce Executives. This national honor was awarded at the ACCE National Convention in Nashville, Tennessee, on July 18.

This is the second win for the Paducah Area Chamber of Commerce in the last 6 years, and is national recognition of the area's national business leaders whose community contributions are unparalleled. Ranking among the top 10 percent of Chambers nationwide, their mission of promotion, advocacy, and education develops well-
