

pursue what is right and what is good. May they be able to discern what is best not only for their constituents, but for all Americans. Understanding the human condition and the mercy of God, may they work together to advance true liberty.

Be present today, O God of wisdom, to direct the affairs and deliberations of this honorable assembly and their committees.

This we ask in the name of Jesus Christ.

Amen.

### THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

### PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Massachusetts (Mr. KENNEDY) come forward and lead the House in the Pledge of Allegiance.

Mr. KENNEDY led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

### WELCOMING PASTOR KEVIN MCKEE

The SPEAKER. Without objection, the gentleman from Louisiana (Mr. GRAVES) is recognized for 1 minute.

There was no objection.

Mr. GRAVES of Louisiana. Mr. Speaker, I rise today to pay tribute to Pastor Kevin McKee, who opened with the prayer this morning in this Chamber.

Kevin and his wife, Mary, have been amazing pillars in our community as we have been through extraordinary challenges associated with Hurricanes Katrina, Rita, Gustav, Ike, and Isaac; a thousand-year flood last year; the worst oil spill in the Nation's history; the incredible shootings of five of our police officers last year; and racial divisiveness.

Kevin and Mary have been incredible at propping up our community and sharing the Word in eastern Europe, China, and around the United States. I want to thank both of them for their incredible service to our State, our Nation, and our community as we have been through these times of challenge.

### ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. ISSA). The Chair will entertain up to 15 further requests for 1-minute speeches on each side of the aisle.

### SUPPORT FOR PAIN-CAPABLE UNBORN CHILD PROTECTION ACT

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, our prayers go to all victims of the Las Vegas massacre.

Mr. Speaker, I am grateful that I have been an advocate for pro-life values and protecting the rights of unborn babies. Today, the House will vote on the Pain-Capable Unborn Child Protection Act. This will save the lives of babies who are too young to speak for themselves but who are old enough to feel physical pain.

I appreciate the success of South Carolina Citizens for Life, who work to give a voice to those who do not have one. With the great leadership of Executive Director Holly Gatling of the Midlands, Leon Wizorek of Barnwell, and Sally Zaleski of Orangeburg, this organization has been working to save lives.

As a cosponsor of the legislation with colleagues TRENT FRANKS, VICKY HARTZLER, MIA LOVE, and KAREN HANDEL, I am grateful to stand for life, upholding the conservative values and protecting the lives of our unborn babies. Every life is precious and has great value.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

Thank you, Dr. Tom Price and Betty Price, for your successful service to American families.

### CHIP AND CHC PROGRAM

(Ms. BONAMICI asked and was given permission to address the House for 1 minute.)

Ms. BONAMICI. Mr. Speaker, I rise today to urge swift reauthorization of the Children's Health Insurance Program and the Community Health Center Program. CHIP keeps kids covered by providing basic healthcare to about 9 million children and pregnant mothers, including thousands of Oregonians.

The providers and families in our States deserve certainty that that funding for these programs will be there when they need it. The lapse of these programs is already hurting our constituents and our communities.

At Virginia Garcia, a teaching health center in my district, payments for their residency program stopped abruptly. The clinic's executive director said that they cannot, in good conscience, stop these residencies, but they are very nervous about spending precious reserves when they had anticipated these grants would be fully funded.

There is no excuse for delay when it comes to the health of our children and families. We must continue common-sense investments in our Nation's health by reauthorizing the Children's Health Insurance Program and the

Community Health Center Program immediately.

### CONGRATULATING LIGO ON RECEIVING NOBEL PRIZE IN PHYSICS

(Mr. GRAVES of Louisiana asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GRAVES of Louisiana. Mr. Speaker, when folks think of innovation and new technology, Louisiana often comes to mind.

We have been able to pioneer cell phone technology and have been involved in genetics and DNA. We have incredible naval technologies, with offshore oil and gas at depths never before even contemplated. We have been able to power this Nation's economy.

Once again, Mr. Speaker, with the Laser Interferometer Gravitational-Wave Observatory receiving the Nobel Prize in Physics for the discovery of and measurement of gravitational waves, Louisiana is recognized once again.

I want to give a shout-out to LIGO and Livingston Parish for their amazing discovery in 2015 and for being recognized with the Nobel Prize in Physics.

### CONGRESS MUST RESPOND APPROPRIATELY

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, Las Vegas, Nevada, 3 days ago—59 people dead, 527 injured, one shooter. It was the deadliest mass shooting in U.S. modern history.

Pulse nightclub, Orlando, Florida, 2016—49 people dead, 58 injured, one shooter.

Sandy Hook Elementary School, Newtown, Connecticut, 2012—20 kids aged 6 and 7 and 6 adults, all dead, one shooter. The one shooter killed his mother and then killed himself.

I have heard it said that the best gun control is a steady hand. Perhaps, but a steady hand requires a healthy and sound mind. Assault weapons are designed to kill people, and to kill lots of people quickly. Their availability made massacres in Las Vegas, Newtown, and Orlando possible.

In the days ahead, we will learn much more about the shooter and his guns than about his victims—once again. My hope is that this Congress will use this information wisely and find the courage to respond appropriately. In this way, and only in this way, do we actually honor the victims.

### RECOGNIZING OLD GREGG SCHOOL ON ITS 10TH ANNIVERSARY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to congratulate Old Gregg School Community and Recreation Center on its 10th anniversary. I recently had the opportunity to visit the repurposed school in Spring Mills and partake in the anniversary celebration.

For more than 80 years, the Old Gregg School building in Spring Mills educated children and young adults throughout the eastern Penns Valley in the time-honored values and responsibilities of community and service. The traditions of the historic Gregg Township School have been celebrated and expanded in the Old Gregg School Community and Recreation Center, which is now a multipurpose, nonprofit facility benefiting the entire Penns Valley community.

Old Gregg School Community and Recreation Center is regarded as a treasure in the heart of Penns Valley. It supports small businesses with affordable office space, offers athletic facilities for recreation, open space for meetings and events both indoors and out, and has well-maintained grounds and outdoor play areas.

Mr. Speaker, Old Gregg is an example of how to repurpose a space to benefit the entire community. It truly is a gem of Penns Valley that all residents treasure.

#### ENDING GUN VIOLENCE

(Mr. KENNEDY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KENNEDY. Mr. Speaker, on Sunday night, in mere minutes, one man took at least 59 lives, forever altered hundreds more, and left invisible, incurable scars on thousands.

On Monday morning, our Nation welcomed all of them into America's fastest growing community: families left with a gaping hole in their hearts caused by a bullet; a community that does not have the luxury of moving on from gun violence after TV cameras leave, after the front pages fill with news stories; a community that includes families Black and White, rich and poor, big and small, Democrat and Republican.

Ending gun violence isn't political. It is personal. So we are now powerless. We are not helpless. We are not hostages to some political organization. We are not bystanders, as bullets tear through our concerts, prayer circles, elementary school classrooms, nightclubs, military compounds, and quiet neighborhoods.

This is up to us, every single American. This is our country, our home, and our families. We can decide that one person's right to bear arms does not come at the expense of a neighbor's right to life, liberty, and the pursuit of happiness.

We must say, "No more."

#### PROTECTING LIFE

(Mr. BUDD asked and was given permission to address the House for 1 minute.)

Mr. BUDD. Mr. Speaker, the Founding Fathers enshrined the guarantee of life, liberty, and the pursuit of happiness. They regarded life as a core promise and one that was to be protected. The Federal Government is responsible for protecting those rights, and currently we are failing at that responsibility.

As I speak in this body, America is one of only seven countries in the world that have legalized late-term elective abortion after 20 weeks. More specifically, it is estimated that approximately 13,000 late-term abortions are carried out in our country each year on healthy babies.

This is simply immoral and, as lawmakers, we have the ability to take commonsense measures to protect the unborn. The bill that we are voting on today, the Pain-Capable Unborn Child Protection Act, is one of those measures.

Mr. Speaker, every human being was given inalienable rights, chief among them being life itself. Governments are supposed to protect those rights. As a lawmaker, I plan to do so by supporting the bill before us today. I urge my colleagues to do the same.

#### RAW DEAL FOR THE AMERICAN PEOPLE

(Mr. JEFFRIES asked and was given permission to address the House for 1 minute.)

Mr. JEFFRIES. Mr. Speaker, Republicans have once again presented a budget that is reckless, regressive, and reprehensible. It is a budget that would hurt working families, the middle class, the poor, the sick, the afflicted, veterans, and rural America. It is even a budget that would cut Head Start, Meals on Wheels, and Special Olympics.

It is a raw deal for the American people. That is why Democrats are focused on better jobs, better wages, and a better future. Democrats are focused on higher pay for the American people, lower costs for the American people, and providing the American people with the tools to succeed in the 21st century economy.

Democrats are focused on providing the American people with a better deal.

#### IN SUPPORT OF THE 21ST CENTURY AIRR ACT

(Mr. WESTERMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WESTERMAN. Mr. Speaker, the 21st Century AIRR Act gives a voice to rural America on aviation issues.

For too long, our aviation assets have been managed with little to no input from the citizens in the real

world who are most impacted. The 21st Century AIRR Act benefits rural and small communities through local empowerment.

This bill enhances the Airport Improvement Program and ensures grant availability for small airports in the years ahead. These grants support infrastructure construction and rehabilitation critical to local and regional economic development.

The bill also promotes air traffic control tower technology. This promising concept has vast potential to allow rural airports to maintain tower service at a far lower cost and to actually bring service to airports that have previously been unable to support it.

The 21st Century AIRR Act is visionary, innovative legislation that will make the long-needed improvements to more efficiently serve American fliers and keep rural America connected to our aviation system.

#### WORKING TO PROTECT DREAMERS

(Mrs. WATSON COLEMAN asked and was given permission to address the House for 1 minute.)

Mrs. WATSON COLEMAN. Mr. Speaker, today, instead of working to protect DREAMers, enacting commonsense gun safety legislation, or reforming our tax system to benefit hard-working Americans and not just the wealthy, I have to stand here and speak out against H.R. 36, another radical assault against women's health and reproductive rights, a bill that would deny care to women in the most desperate of circumstances, a bill designed to restrict a woman's access to a full range of healthcare services, and a blatant attempt to chip away at a woman's right to choose.

Congressional Republicans failed in their numerous attempts to strip healthcare away from everyone, so they will settle for just taking health decisions away from women.

We settled this issue 40 years ago. Women have the constitutionally protected right to manage their own bodies. I will continue to defend the woman's right to choose and vigorously oppose any and all attacks against that.

#### URGING SUPPORT OF MICAH'S LAW

(Mr. LAHOOD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAHOOD. Mr. Speaker, at 20 weeks into a pregnancy, babies can hear music, respond to human voices, and, most importantly, they can feel pain. These are our children at their most vulnerable, yet current law continues to allow for abortions to take place even after this point in a pregnancy.

That is why I have been a strong supporter of Micah's Law, which is legislation that would prohibit abortion after 20 weeks.
