

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to congratulate Old Gregg School Community and Recreation Center on its 10th anniversary. I recently had the opportunity to visit the repurposed school in Spring Mills and partake in the anniversary celebration.

For more than 80 years, the Old Gregg School building in Spring Mills educated children and young adults throughout the eastern Penns Valley in the time-honored values and responsibilities of community and service. The traditions of the historic Gregg Township School have been celebrated and expanded in the Old Gregg School Community and Recreation Center, which is now a multipurpose, nonprofit facility benefiting the entire Penns Valley community.

Old Gregg School Community and Recreation Center is regarded as a treasure in the heart of Penns Valley. It supports small businesses with affordable office space, offers athletic facilities for recreation, open space for meetings and events both indoors and out, and has well-maintained grounds and outdoor play areas.

Mr. Speaker, Old Gregg is an example of how to repurpose a space to benefit the entire community. It truly is a gem of Penns Valley that all residents treasure.

ENDING GUN VIOLENCE

(Mr. KENNEDY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KENNEDY. Mr. Speaker, on Sunday night, in mere minutes, one man took at least 59 lives, forever altered hundreds more, and left invisible, incurable scars on thousands.

On Monday morning, our Nation welcomed all of them into America's fastest growing community: families left with a gaping hole in their hearts caused by a bullet; a community that does not have the luxury of moving on from gun violence after TV cameras leave, after the front pages fill with news stories; a community that includes families Black and White, rich and poor, big and small, Democrat and Republican.

Ending gun violence isn't political. It is personal. So we are now powerless. We are not helpless. We are not hostages to some political organization. We are not bystanders, as bullets tear through our concerts, prayer circles, elementary school classrooms, nightclubs, military compounds, and quiet neighborhoods.

This is up to us, every single American. This is our country, our home, and our families. We can decide that one person's right to bear arms does not come at the expense of a neighbor's right to life, liberty, and the pursuit of happiness.

We must say, "No more."

PROTECTING LIFE

(Mr. BUDD asked and was given permission to address the House for 1 minute.)

Mr. BUDD. Mr. Speaker, the Founding Fathers enshrined the guarantee of life, liberty, and the pursuit of happiness. They regarded life as a core promise and one that was to be protected. The Federal Government is responsible for protecting those rights, and currently we are failing at that responsibility.

As I speak in this body, America is one of only seven countries in the world that have legalized late-term elective abortion after 20 weeks. More specifically, it is estimated that approximately 13,000 late-term abortions are carried out in our country each year on healthy babies.

This is simply immoral and, as lawmakers, we have the ability to take commonsense measures to protect the unborn. The bill that we are voting on today, the Pain-Capable Unborn Child Protection Act, is one of those measures.

Mr. Speaker, every human being was given inalienable rights, chief among them being life itself. Governments are supposed to protect those rights. As a lawmaker, I plan to do so by supporting the bill before us today. I urge my colleagues to do the same.

RAW DEAL FOR THE AMERICAN PEOPLE

(Mr. JEFFRIES asked and was given permission to address the House for 1 minute.)

Mr. JEFFRIES. Mr. Speaker, Republicans have once again presented a budget that is reckless, regressive, and reprehensible. It is a budget that would hurt working families, the middle class, the poor, the sick, the afflicted, veterans, and rural America. It is even a budget that would cut Head Start, Meals on Wheels, and Special Olympics.

It is a raw deal for the American people. That is why Democrats are focused on better jobs, better wages, and a better future. Democrats are focused on higher pay for the American people, lower costs for the American people, and providing the American people with the tools to succeed in the 21st century economy.

Democrats are focused on providing the American people with a better deal.

IN SUPPORT OF THE 21ST CENTURY AIRR ACT

(Mr. WESTERMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WESTERMAN. Mr. Speaker, the 21st Century AIRR Act gives a voice to rural America on aviation issues.

For too long, our aviation assets have been managed with little to no input from the citizens in the real

world who are most impacted. The 21st Century AIRR Act benefits rural and small communities through local empowerment.

This bill enhances the Airport Improvement Program and ensures grant availability for small airports in the years ahead. These grants support infrastructure construction and rehabilitation critical to local and regional economic development.

The bill also promotes air traffic control tower technology. This promising concept has vast potential to allow rural airports to maintain tower service at a far lower cost and to actually bring service to airports that have previously been unable to support it.

The 21st Century AIRR Act is visionary, innovative legislation that will make the long-needed improvements to more efficiently serve American fliers and keep rural America connected to our aviation system.

WORKING TO PROTECT DREAMERS

(Mrs. WATSON COLEMAN asked and was given permission to address the House for 1 minute.)

Mrs. WATSON COLEMAN. Mr. Speaker, today, instead of working to protect DREAMers, enacting commonsense gun safety legislation, or reforming our tax system to benefit hard-working Americans and not just the wealthy, I have to stand here and speak out against H.R. 36, another radical assault against women's health and reproductive rights, a bill that would deny care to women in the most desperate of circumstances, a bill designed to restrict a woman's access to a full range of healthcare services, and a blatant attempt to chip away at a woman's right to choose.

Congressional Republicans failed in their numerous attempts to strip healthcare away from everyone, so they will settle for just taking health decisions away from women.

We settled this issue 40 years ago. Women have the constitutionally protected right to manage their own bodies. I will continue to defend the woman's right to choose and vigorously oppose any and all attacks against that.

URGING SUPPORT OF MICAH'S LAW

(Mr. LAHOOD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAHOOD. Mr. Speaker, at 20 weeks into a pregnancy, babies can hear music, respond to human voices, and, most importantly, they can feel pain. These are our children at their most vulnerable, yet current law continues to allow for abortions to take place even after this point in a pregnancy.

That is why I have been a strong supporter of Micah's Law, which is legislation that would prohibit abortion after 20 weeks.

This bill is not a partisan issue but, instead, a moral issue. By passing this law, every year we would be saving over 12,000 babies who can feel pain and hear our voices. It should be noted that this proposal has seen bipartisan support across the country. In fact, 60 percent of Americans support prohibiting abortions after 20 weeks, including 63 percent of those who consider themselves pro-choice.

This legislation is about nothing less than protecting those who cannot protect themselves. We remain one of only seven countries in the entire world that continues to allow abortions after 20 weeks.

We must act to change this. I urge my colleagues to join me today in supporting the Pain-Capable Unborn Child Protection Act, or Micah's Law.

A CALL TO RENEW YOUR STATUS UNDER DACA

(Ms. BARRAGÁN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BARRAGÁN. Mr. Speaker, I rise today because this Thursday, October 5, is an important deadline: 154,000 young men and women have until this Thursday to renew their status under the Deferred Action for Childhood Arrivals program, or DACA. Those 154,000 DACA recipients, whose authorization expires before March 6, 2018, must renew their application.

If you are one of them, please send in your application today. Under the new DACA rules, you are entitled to receive two more years of deferral, but only if the U.S. Citizenship and Immigration Services receives your application by October 5. If you have not already sent in your application, send it in the fastest way possible. A regular first class stamp will likely not arrive in time.

My district is home to many DACA beneficiaries known as DREAMers. Do not wait. To all the other DREAMers, I say: Don't lose hope. You have the support of the vast majority of the American people, and we are fighting every day to get the Dream Act to the House floor.

CELEBRATING NATIONAL 4-H WEEK

(Mr. MARSHALL asked and was given permission to address the House for 1 minute.)

Mr. MARSHALL. Mr. Speaker, the first week of October marks the celebration of an organization very near and dear to my parents' hearts, as well as many friends. It is National 4-H Week. It is a time to reflect on the importance of youth development and mentoring within our communities. 4-H was founded to be focused on youth within rural and agricultural areas. It teaches essential skills and the importance of community service.

Today, 4-H has evolved into a global network covering over 50 countries. As

the Nation's largest youth leadership organization, 4-H exemplifies the kind of learning, engagement, and leadership that is needed in our country. Their many programs focus on health, science, agriculture, and citizenship in a positive mentoring environment. The experience teaches young people leadership lessons, as well as the value of practical skills and hands-on learning.

HONORING ELAINE NEKRITZ

(Mr. SCHNEIDER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHNEIDER. Mr. Speaker, I rise today to honor a dedicated public servant, terrific mentor, and good friend, Elaine Nekritz, who retired this week as State representative for Illinois' 57th District.

For more than 14 years, Elaine has ably represented the communities of Buffalo Grove, Arlington Heights, Northbrook, Wheeling, Palatine, Mount Prospect, and Prospect Heights in the Illinois House of Representatives.

During this time, she has been an outspoken advocate for her constituents, a passionate defender of the environment, and a champion for women's rights.

Future generations in Illinois will benefit from Elaine's work to invest in infrastructure, including a high-speed rail link between Chicago and St. Louis.

Her smart backing of criminal justice reform ensures more young offenders have an opportunity to reform their lives through juvenile court.

The residents of the 57th District will miss her energy, dedication, and tireless communication with her constituents.

I am personally grateful for Elaine's service and wish her the best and her husband, Barry, the very best in whatever comes next.

HONORING PASTOR LORAN LIVINGSTON

(Mr. PITTENGER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTENGER. Mr. Speaker, I rise today in honor of Pastor Loran Livingston and his wife, Sandra, in recognition of their 40 years of ministry at Central Church of God in Charlotte, North Carolina.

God has used the Livingstons to grow and lead a church that truly impacts the Charlotte community and the world. Each week, over 6,000 people gather together for a wonderful praise and worship experience, along with a dynamic biblical message from Pastor Livingston.

Under their leadership, the congregation actively serves those in poverty, provides help for women facing an unplanned pregnancy all the way through

life, and programs to assist seniors. Central Church also hosts an annual 5K race to raise awareness in the fight against human trafficking.

If you want to address race relations in Charlotte, a good place to start is Central Church, where 40-plus nationalities worship together every Sunday hearing the love of Jesus.

Thank God for Pastor and Mrs. Livingston and their dedication to Christ, Central Church, the Charlotte community, and their various missions around the world.

SENDING CONDOLENCES TO NEVADAN FAMILIES AND VICTIMS OF LAS VEGAS SHOOTING

(Mrs. DAVIS of California asked and was given permission to address the House for 1 minute.)

Mrs. DAVIS of California. Mr. Speaker, the resilience of Nevadans, brave and caring, is in sharp contrast to the murdering of innocent victims we just witnessed.

Our hearts go out to the families of the victims throughout our country who were only interested in a peaceful and joyful evening.

One of those was Jennifer Irvine, a young San Diego lawyer who was killed in the attack. Let's also recognize the heroes, like Tyler Winston, a San Diegan who saved dozens of victims at the concert by driving a makeshift ambulance and taking people to the hospital. Every single life lost to gun violence should elicit sorrow and action.

Mr. Speaker, then why is it so hard for us to talk about this? Why can't we come together in a bipartisan, bicameral way? Where is the concern?

We have had too many moments of silence in this Chamber for mass shootings.

Why are we not moved when people are dying in our districts daily?

The American people send condolences and they deserve action.

PROTECTING THE GOD-GIVEN SOULS OF THE UNBORN

(Mr. ARRINGTON asked and was given permission to address the House for 1 minute.)

Mr. ARRINGTON. Mr. Speaker, I cannot think of a more important issue to get right than protecting the God-given souls of the unborn and their right to life, liberty, and the pursuit of happiness.

I will never forget listening to the heartbeat of my first child, Nathan. I cried all the way to the car, praising God for this miracle, and the words of the Psalmist came to me: "You formed me in my inward parts; you knit me together in my mother's womb."

Currently, the United States is one of only seven developed countries that allow elective abortions after 20 weeks. That puts us on the same moral equivalent, in this regard, to China and North Korea.

Mr. Speaker, I rise in support of H.R. 36. I stand with the vulnerable and the
