

the substantial evidence that unborn babies at this stage can and do feel pain.

I am proud to support H.R. 36, and I am glad it passed the House. I will continue to do all I can to advance a culture of life in Idaho and in America.

HUMANITARIAN CRISIS IN PUERTO RICO

(Ms. GABBARD asked and was given permission to address the House for 1 minute.)

Ms. GABBARD. Mr. Speaker, right now, 3.5 million Americans, our fellow citizens, are facing a humanitarian crisis. In Puerto Rico, the majority of people still lack basic electricity, clean drinking water, and medicine, the bare basic necessities just to stay alive—not to speak of the basic resources they need to begin the great task of rebuilding their lives and their communities.

It has been days since the hurricane passed over Puerto Rico leaving death and destruction in its wake. The people of Puerto Rico are literally crying out for help. There are far too many, especially those in rural communities, who still have not been reached by those bringing aid. As a Representative from an island State in Hawaii, I can only imagine their frustration and desperation.

I urge the administration to dedicate all available resources to helping the people of Puerto Rico. Work with Congress to pass an emergency aid package to ensure that those delivering aid have what they need to help the people of Puerto Rico and save lives.

ALLOWING VA-CREDENTIALED HEALTHCARE PROVIDERS TO PRACTICE TELEMEDICINE ACROSS STATE LINES

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to commend the Department of Veterans Affairs for proposing a rule that will allow VA-credentialed healthcare providers to practice telemedicine across State lines. This is excellent news because our veterans should receive the best care possible no matter where they live or are located.

With advances in technology, we see new opportunities for veterans to obtain coverage through telemedicine, especially in some of our most rural areas.

The VA rule is similar to a bill that I introduced together with Representative JULIA BROWNLEY, called the VETS Act. The existing licensure requirements for VA service providers are not in line with the technology and care available today.

Outdated regulations prevent individuals who receive care within the VA system from accessing qualified providers who utilize telemedicine simply

because of the geography and a State border. That is wrong, and we must change it.

I urge my colleagues to cosponsor the VETS Act and work to give our veterans access to the best care possible. Our servicemen and -women answered their country's call. Let's be there for them when they return home.

INTRODUCING LEGISLATION TO BAN BUMP STOCKS TO CONVERT SEMIAUTOMATIC WEAPONS

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, 58 innocent people were murdered in Las Vegas. Their killer used 12 bump stocks to convert his semiautomatic weapons into the equivalent of a machine gun.

No one should possess one of these devices, let alone 12 of them, and that is why I am introducing legislation to ban them.

But I am mindful, Mr. Speaker, that we have been here before after Newtown, Aurora, San Bernardino, Orlando, and other mass shootings. Each time, my Republican friends have refused to act.

Now, in the wake of the worst mass shooting in modern history, our Republican colleagues are not only refusing to act, but they are going to make the problem even worse by pressing proposals that will make the problem worse, making it easy to carry a concealed weapon, making it easier to buy a silencer. I mean, this is insane.

I get it. Elections have consequences. You won last November so you get to do what you want, but this is wrong. Let's come together and do something. And I promise you, if Congress fails to respond to the demand for common-sense gun safety legislation, we will be held to account by those we serve, and rightly so. So let's work together and do something.

PASS TAX CUTS FOR THE AMERICAN PEOPLE

(Mr. MESSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MESSER. Mr. Speaker, we have an incredible opportunity to pass tax cuts for the American people. I appreciate President Trump's leadership on this issue as well as the leadership of Chairman BRADY in working to pass the President's tax plan.

While we are working on tax cuts, I rise today to urge the chairman and the Ways and Means Committee to also eliminate tax credits for illegal immigrants. Most Hoosiers get it: we can't continue to reward people who come to our country illegally while those who work hard and play by the rules struggle to get ahead.

I have authored legislation to close the loophole that allows \$7 billion in refundable child tax credits to be paid

out to illegal immigrants every year. This money should be used to increase the child tax credit for law-abiding American families. President Trump included this proposal in his budget request to Congress, and I believe it should be included in the President's broader tax plan.

RISING IN SUPPORT OF FULLY FUNDING THE CHILDREN'S HEALTH INSURANCE PROGRAM

(Mrs. LAWRENCE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. LAWRENCE. Mr. Speaker, I rise today to fully support the funding of CHIP, the Children's Health Insurance Program. CHIP plays a very important role in providing low-income children across the country with health insurance.

Without CHIP, over 9 million children nationwide, including 90,000 in my great home in Michigan, will lose access to doctor checkups, immunizations, and basic healthcare.

For the last 2 days, we heard numerous concerns for the unborn children. We must show that same compassion toward the low-income children who are alive and living in our communities, whose access to critical healthcare, including CHIP, is a matter of life or death.

CHIP's impact is felt in communities of color, 52 percent of Hispanic and 54 percent of all Black children nationwide.

As Members of Congress, we have a duty to protect our Nation's children. We need to extend funding for CHIP and support the millions of families who rely on this program. Let's take care of our children in America.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 367

Mr. DEFAZIO. Mr. Speaker, I ask unanimous consent to remove my name from H.R. 367.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Oregon?

There was no objection.

FOCUS ON BIPARTISAN EFFORTS TO INVESTIGATE THE CAUSES OF GUN VIOLENCE IN AMERICA

(Mr. DEFAZIO asked and was given permission to address the House for 1 minute.)

Mr. DEFAZIO. Mr. Speaker, in light of the tragic and horrific events this Sunday, I believe our focus should be on bipartisan efforts to investigate the causes and lessen the potential for gun violence in America. That is why I am calling on Speaker RYAN to name a select committee to address these issues.

Additionally, I believe the Republican leadership should formally withdraw their so-called sportsman's package, which has many objectionable provisions.

Furthermore, we need to bring to the floor a vote on comprehensive background check legislation that includes closing the gun show loophole and individual internet sale loophole. There is overwhelming support in the public and this Congress for those actions.

I would like to see what the investigation reveals and whether a suppressor would have allowed this monster to create more carnage. However, we do know he used something called a bump stock, which I never heard of before.

Anything that converts a semiautomatic weapon into something that is virtually a fully automatic weapon, which is outlawed, should not be sold. The bump stocks and any other devices like that should be banned.

CRITICAL NEED TO FUND CHILDREN'S HEALTH INSURANCE PROGRAM

(Mr. CARBAJAL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARBAJAL. Mr. Speaker, today I rise in disbelief that this Congress has shamefully allowed the Children's Health Insurance Program, CHIP, to expire earlier this week. CHIP provides healthcare to 8.9 million low-income children in our country and to over 2 million children in my home State of California.

My Republican colleagues have spent all their time and energy this year fighting to repeal healthcare for millions of Americans covered by the Affordable Care Act, and now they have failed to protect healthcare for our country's children.

If we do not act quickly, it could soon lead to States not enrolling children and potentially even denying them coverage altogether due to the lack of funding.

It is critical that we fund the CHIP program without delay and provide certainty to these families that they will not lose their health coverage because of this irresponsible and derelict congressional inaction.

PROTECT WOMEN'S HEALTH AND SUPPORT THE CONSTITUTIONAL RIGHT TO CHOOSE

(Mr. BROWN of Maryland asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BROWN of Maryland. Mr. Speaker, 3 days after Congress allowed the Children's Health Insurance Program to expire, this House once again passed a bill that restricts women's health and reproductive rights.

This should not be the time to prioritize politics. Women should be able to make their own choices about their bodies and their healthcare.

Over the past 40 years, the Supreme Court has affirmed a woman's constitu-

tional right to privacy, including the right to choose.

Not only is the 20-week ban imposed by this Congress not based on accepted science, but this ban disregards the role doctors play in making health decisions.

In States that have already passed this ban, young people, women of color, low-income women, and immigrant women are the ones who are most impacted by the ban.

If we care about women's health, we should work to reduce unintended pregnancies, expand access to contraception, and support maternal and children's health. Instead, the majority is slashing Medicaid, attacking Planned Parenthood, and passing bans.

Not me. I will remain committed to protecting women's health and supporting the constitutional right to choose.

PROVIDING FOR CONSIDERATION OF H. CON. RES. 71, CONCURRENT RESOLUTION ON THE BUDGET FOR FISCAL YEAR 2018

Mr. WOODALL. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 553 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 553

Resolved, That at any time after adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the concurrent resolution (H. Con. Res. 71) establishing the congressional budget for the United States Government for fiscal year 2018 and setting forth the appropriate budgetary levels for fiscal years 2019 through 2027. The first reading of the concurrent resolution shall be dispensed with. All points of order against consideration of the concurrent resolution are waived. General debate shall not exceed four hours, with three hours of general debate confined to the congressional budget equally divided and controlled by the chair and ranking minority member of the Committee on the Budget and one hour of general debate on the subject of economic goals and policies equally divided and controlled by Representative Tiberi of Ohio and Representative Carolyn Maloney of New York or their respective designees. After general debate the concurrent resolution shall be considered for amendment under the five-minute rule. The concurrent resolution shall be considered as read. No amendment shall be in order except those printed in the report of the Committee on Rules accompanying this resolution. Each such amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, and shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent. All points of order against such amendments are waived except that the adoption of an amendment in the nature of a substitute shall constitute the conclusion of consideration of the concurrent resolution for amendment. After the conclusion of consideration of the concurrent resolution for amendment and a final

period of general debate, which shall not exceed 10 minutes equally divided and con-

trolled by the chair and ranking minority member of the Committee on the Budget, the Committee shall rise and report the concurrent resolution to the House with such amendment as may have been adopted. The previous question shall be considered as ordered on the concurrent resolution and amendments thereto to adoption without intervening motion except amendments offered by the chair of the Committee on the Budget pursuant to section 305(a)(5) of the Congressional Budget Act of 1974 to achieve mathematical consistency. The concurrent resolution shall not be subject to a demand for division of the question of its adoption.

The SPEAKER pro tempore. The gentleman from Georgia is recognized for 1 hour.

Mr. WOODALL. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Massachusetts (Mr. McGOVERN), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

GENERAL LEAVE

Mr. WOODALL. Mr. Speaker, I ask unanimous consent that all of my colleagues may have 5 legislative days to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Georgia?

There was no objection.

Mr. WOODALL. Mr. Speaker, it is going to be a great day. I don't know how your Wednesday has gotten started, but we are now in the throes of budget day.

Budget day only happens on the floor of this House once a year, and it is one of those times where I would tell you the House operates as every man, woman, and child across this country believes the House should operate every day.

I have the great honor as a member of the Rules Committee and as a member of the Budget Committee of bringing this structured rule to the floor today.

Mr. Speaker, H. Con. Res. 71, the rule that we will be debating for the next hour, makes in order every single budget substitute that was offered in the Rules Committee. Now, let me tell you what that means in practical terms.

Over the next 2 days, we are going to hear visions laid out for what the American government should spend, what American policies should look like, what the Federal budget should include.

Over the next 2 days, we are going to hear visions laid out from every single Member or group in this institution that cared enough about this process to craft a budget of their own.

Mr. Speaker, I serve in the Republican Study Committee. I was once chairman of the Budget and Spending Task Force on the Republican Study Committee. I had the honor of crafting a substitute budget to bring to the floor to offer for my colleagues' consideration.

Over the next 2 days, any Member who has a voice that needs to be heard
