Mr. HOYER changed his vote from “yea” to “nay.”

So the concurrent resolution was agreed to.

The result of the vote was announced as above recorded.

PERSONAL EXPLANATION

Mrs. NAPOLITANO. Mr. Speaker, I was absent during roll call votes No. 556 through 557 due to my spouse's health situation in California. Had I been present, I would have voted aye on the Yarmuth of Kentucky Substitute Amendment No. 4, and no on final passage of the Budget Resolution.

THE JOURNAL

The SPEAKER pro tempore. The unfinished business is the question on agreeing to the Speaker's approval of the Journal, which the Chair will put de novo.

The question is on the Speaker's approval of the Journal.

Pursuant to clause 1, rule I, the Journal stands approved.

LEGISLATIVE PROGRAM

(Mr. HOYER asked and was given permission to address the House for 1 minute.)

Mr. HOYER. Mr. Speaker, I yield to the gentleman from California (Mr. MCCARTHY) for the purpose of inquiring of the majority leader the schedule for the week to come.

(Mr. MCCARTHY asked and was given permission to revise and extend his remarks.)

Mr. MCCARTHY. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, on Monday, no votes are expected in the House on account of Columbus Day. On Tuesday, the House will meet at noon for morning hour and 2 p.m. for legislative business. Votes will be postponed until 6:30 p.m. On Wednesday and Thursday, the House will meet at 10 a.m. for morning hour and noon for legislative business. On Friday, the House will meet at 9 a.m. for legislative business. Last votes of the week are expected no later than 3 p.m.

Mr. Speaker, the House will consider a number of suspensions next week, a complete list of which will be announced by close of business tomorrow.

In addition, the House will consider S. 585, the Dr. Chris Kirkpatrick Whistleblower Protection Act, sponsored by Senator RON JOHNSON. Dr. Kirkpatrick was a psychologist who was fired from the VA medical center where he worked after raising concerns about patients' medications. He committed suicide the day he was fired.

This bill will enhance whistleblower protections while ensuring supervisors who retaliate against whistleblowers

are punished. I look forward to the House passing this bill and continuing our work to fundamentally change the culture of the VA.

Mr. Speaker, I also expect the House to make a motion to go to conference on the National Defense Authorization Act.

Finally, Mr. Speaker, I expect the House to consider an additional supplemental package to assist the ongoing recovery efforts following Hurricanes Harvey, Irma, and Maria.

Mr. HOYER. Mr. Speaker, I thank the gentleman for his comments.

I would ask him, Mr. Speaker, will the supplemental that the gentleman mentioned—which is, as I understand, approximately \$29 billion, which will take care of forest fires in the West; \$16 billion, as I understand it, in debt relief, which will raise the borrowing level for FEMA; and then, of course, money directly for the victims of the hurricanes. Can the gentleman tell me whether or not there will be any, what I will call, extraneous matters that might be controversial, or will this be a straight supplemental without controversy? We all want to make sure that we have the resources to help.

Mr. Speaker, I yield to my friend.

Mr. MCCARTHY. Mr. Speaker, I thank the gentleman for yielding.

The gentleman is correct. The White House has sent up a supplemental, and I do not believe this will be the last of the supplementals, based on the damage that has been done from the numerous hurricanes. But, yes, there will be more money for the Disaster Relief Fund to help throughout Texas, Florida, Puerto Rico, and the Virgin Islands.

As you know, too, the West had devastating forest fires, so there is roughly \$577 million there. And the National Flood Insurance Program has hit a ceiling. To deal with all of the flooding that has gone on, we have to deal with that, as well.

The Appropriations Committee has just received that last night. They are working through it now. I don't intend on seeing other things with it. I look forward to the Member working with me on that to make sure we get it right from what the President has asked.

Mr. HOYER. Mr. Speaker, I thank the gentleman for his thought that there will not be anything in there that would make it a partisan bill. I think, as the President sent it down, it is, obviously, something that we need to do quickly and in a bipartisan way.

Mr. Speaker, the majority leader and I have talked about the Dream Act. Another week has gone by and, therefore, the 6-month deadline is closer, and the President has urged us to pass legislation.

Can the gentleman tell me what the expectations are to address the Dream Act?

As you know, MICHELLE LUJAN GRISHAM, the chair of the Congressional Hispanic Caucus, has filed a discharge

petition on the bill sponsored by LUCILLE ROYBAL-ALLARD and ILEANA ROS-LEHTINEN. Can the gentleman tell me what progress we are making on that?

Mr. Speaker, I yield to my friend.

Mr. MCCARTHY. Mr. Speaker, I thank the gentleman for yielding.

Yes, we are dealing with the DACA situation and the situation along the border.

As you know, the Speaker has put together a task force. They have met numerous times. I have had dinner with the President just this week dealing with this issue, and you and I have talked, as well.

I think the best way to solve this problem, to make sure we get to the root cause, we have to secure the border, we have to deal with DACA, and, more importantly, I think we do it in a manner where we are all working together.

I am, as you know, not a fan of a discharge petition. I think the best way to handle this is continuing to work through the matter with the committees—and on your side of the aisle, as well—to solve this problem. The President gave us 6 months. I would like to get this done before then.

Mr. HOYER. Mr. Speaker, I thank the gentleman for his answer.

Let me, if I might, Mr. Speaker, simply suggest to the gentleman, we certainly understand, and this side agrees, we want to have secure borders. There is, obviously, a disagreement on the President's proposal of a wall, I think, frankly, on your side as well as on my side of the aisle. I would hope that we would not, in effect, hold hostage the 800,000 students, workers, and young people brought here as children who know no other country.

In my discussions with Mr. RYAN, and his public comments have indicated, he is sympathetic to making sure that we address that issue. He urged, as you know, President Trump not to rescind DACA. The President did anyway.

I am hopeful that we can deal with the DREAMers, which I think certainly has very robust support on both sides of the aisle, in my view, Mr. Leader. I hope we can deal with that without clouding it with an issue, i.e., the wall. Not security; security I think we can reach agreement on. But I am hopeful that we can do that.

The DREAMers are extraordinarily anxious. I presume you have met with some of the DREAMers. They are really very impressive people and are enhancing our communities and our country.

So I would hope that we could do that. I look forward to talking to you personally about how we move forward and, hopefully, move quickly. I would like to have done it by next week.

As you know, I said that it would be nice to do it in this work period, to lay to rest the anxiety of the 800,000-plus people who will be affected. But, if we can't do that, certainly I would hope that we could do it shortly after we get back after the next district work period.

Mr. Speaker, I yield back the balance of my time.

—
HOURLY OF MEETING ON TOMORROW, AND ADJOURNMENT FROM FRIDAY, OCTOBER 6, 2017, TO TUESDAY, OCTOBER 10, 2017

Mr. MCCARTHY. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 10:30 a.m. tomorrow; and further, when the House adjourns on that day, it adjourn to meet on Tuesday next, when it shall convene at noon for morning-hour debate and 2 p.m. for legislative business.

The SPEAKER pro tempore (Mr. HOLLINGSWORTH). Is there objection to the request of the gentleman from California?

There was no objection.

BREAST CANCER AWARENESS MONTH

(Mr. GAETZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GAETZ. Mr. Speaker, it is Breast Cancer Awareness Month. Every day, nearly 1,000 women in this country receive a life-changing diagnosis that they will be affected by breast cancer. Nearly 200,000 of these diagnoses occur each year. One in eight women in our country will face breast cancer.

Breast cancer has a devastating effect on our families, taking away wives, mothers, aunts, uncles, sisters, and daughters.

I wish I was a brilliant scientist and could develop a cure. I wish I was a magician and could wave a magic wand and cure breast cancer, but I am just a Member of Congress. Actually, there are things this Congress could do to make breast cancer less likely, less deadly, and less painful.

Cannabis has shown promise in cancer research for over 2 decades. This research finally came to fruition in 2007, when Dr. Sean McAllister showed that cannabis-related compounds helped fight malignant forms of breast cancer. In the decade since, other research has confirmed and built on Dr. McAllister's findings, and there is now conclusive research that shows that cannabis-related compounds have antitumor properties.

Yet, despite these findings, scientists are going too slow. It is time for cannabis research to begin, and we should declassify it as a schedule I drug.

LOCKING PEOPLE UP WITHOUT DUE PROCESS IS UN-AMERICAN

(Ms. JAYAPAL asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JAYAPAL. Mr. Speaker, this week, Congressman ADAM SMITH and I

introduced the Dignity for Detained Immigrants Act. This legislation is critical to dismantle President Trump's mass deportation machine, to protect families, and to restore justice and due process to our broken immigration system.

Our detention system brings huge profits for large private corporations. About 38,000 people are detained every single day at a cost to taxpayers of over \$2 billion a year.

Mr. Speaker, this bill is about two things: dignity and justice for families, pregnant women, people with serious illnesses, survivors of torture and violence. It is unconscionable that we are detaining these people sometimes for months or even years.

Congress can't afford to sit on the sidelines anymore. It is time to make clear that locking people up without due process is not only unconstitutional, it is un-American.

At a time when net migration is zero, when DREAMers are at risk of losing their DACA status, and the world reels from unprecedented numbers of refugees fleeing for their lives, we must act with compassion.

I urge my colleagues to pass the Dignity for Detained Immigrants Act, and I thank the over 55 cosponsors who have already come on to this piece of legislation.

GUN CONTROL DOESN'T WORK

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, within minutes of the tragic shooting in Las Vegas, Democrats and the liberal media called for more gun control measures.

A recent Washington Post op-ed describes how one gun control advocate researched restrictive gun laws in Great Britain and in Australia, only to discover that gun buybacks and gun bans do not reduce mass shootings or gun-related crimes.

She said: "The case for the"—gun control—"policies I had lobbied for crumbled when I examined the evidence. . . . But I can't endorse policies whose only selling point is that gun owners hate them. Policies that often seem as if they were drafted by people who have encountered guns only as a figure in a briefing book or an image on the news."

This researcher concluded that more lives would be saved by focusing on individuals instead of guns.

We should ensure that background checks work as intended and prevent those with mental health issues from acquiring guns. This actually will do some good, as opposed to meaningless gun regulations.

CONGRESS MUST REAUTHORIZE THE CHILDREN'S HEALTH INSURANCE PROGRAM

(Mr. PANETTA asked and was given permission to address the House for 1 minute.)

Mr. PANETTA. Mr. Speaker, I rise today to urge the swift reauthorization of the Children's Health Insurance Program.

CHIP helps families provide care for their children. Throughout our Nation, it covers 9 million children and pregnant women. In California, it covers 2 million children. And in my district, half of the kids get their healthcare from Medicaid or CHIP.

Now, CHIP was implemented over 20 years ago, championed by two Senators on opposite sides of the political spectrum, ORRIN HATCH and Ted Kennedy, and it has continued to receive strong bipartisan support. But because of inaction by the House of Representatives, because of the distractions by this administration, millions of our children may be denied coverage.

They may not get to see their doctors for routine checkups. With the upcoming flu season, kids may not be able to get the necessary care when they are sick, and children with allergies may not have access to lifesaving medications and health services.

If this Congress does not step up to fix this mistake before it is too late, children will pay the price of our inaction.

Congress must take action to come together to pass CHIP for the millions of kids who continue to depend on us for this healthcare.

HELP IS ON THE WAY TO PUERTO RICO AND THE VIRGIN ISLANDS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, I sit as the chairman of the Subcommittee on Indian, Insular and Alaska Native Affairs that deals directly with the jurisdiction of Puerto Rico, Virgin Islands, and other territories of the U.S.

We had a very good briefing this week led by JENNIFFER GONZÁLEZ-COLÓN from Puerto Rico, as well as STACEY PLASKETT of the Virgin Islands. It was very important information. As we all know of the difficult situation, especially we are seeing so much in Puerto Rico as well as the Virgin Islands; President Trump visiting Puerto Rico this week.

Help is on the way. Indeed, it has been on the way, and we need to just keep pushing to rebuild that infrastructure and push out into the islands where the need is still felt.

So we know, we see, we are aware, and we will keep working to achieve positive results in the short term as well, as we look at the situation with Puerto Rico and the difficulty with PREPA, the power company, and other
