

longer part of the FBI when these events occurred. This may or may not make him a questionable person to lead a Russian-meddling investigation in which the FBI's own actions are necessarily a concern.

"But now we come to the Rosatom disclosures last week in The Hill. . . .

"Here's another story as plausible as we can make it based on credible reporting. After the Cold War, in its own interest, the U.S. wanted to build bridges to the Russian nuclear establishment. The Putin government, for national or commercial purposes, agreed and sought to expand its nuclear business in the U.S.

"The purchase and consolidation of certain assets were facilitated by Canadian entrepreneurs who gave large sums to"—drum roll—"the Clinton Foundation, and perhaps arranged a Bill Clinton speech in Moscow for \$500,000. A key transaction had to be approved by Hillary Clinton's State Department."

How about that?

"Now we learn that, before and during these transactions, the FBI had uncovered a bribery and kickback scheme involving Russia's nuclear business, and also received reports of Russian officials seeking to curry favor through donations to the Clinton Foundation.

"This criminal activity was apparently not disclosed to agencies vetting the 2010 transfer of U.S. commercial nuclear assets to Russia."

That is why, Mr. Speaker, I refer to the original FBI and DOJ coverup involving Mr. Rosenstein and Mr. Mueller, which was going to be able to be covered up. That is, so we understand the plot here, Mueller as FBI Director, and Rosenstein working as U.S. Attorney or deputy U.S. Attorney, whatever he was at the time. It is interesting, I hear a rumor that he may have even signed on part of this sealing documents to help cover up the original investigation. It would be interesting to see if he did that. Wow. If it turns out he signed off to get the FBI investigation document sealed, and Mueller, as FBI Director, was charting the course to get this thing sealed, covered up, well, the guys that did the coverup are in charge of the investigation, which would allow them to cover up their prior coverup, which would look bad since they covered it up to allow the Hillary Clinton approved deal selling United States security via our uranium to Russia.

I didn't realize how bad Russia was until my friends across the aisle and Secretary Clinton—candidate Clinton—defeated candidate Clinton kept talking about how bad Russia was. Well, they about convinced me.

But this article says: "The criminal activity was apparently not disclosed to agencies vetting the 2010 transfer of U.S. commercial nuclear assets to Russia. The FBI made no move to break up the scheme until long after the transaction closed. Only 5 years later, the Justice Department, in 2015, disclosed a

plea deal with the Russian perpetrator so quietly that its significance was missed until The Hill reported on the FBI investigation last week."

They almost, if not for the good work of Mr. Solomon and I think somebody else at The Hill, might have been missed entirely. So good work. There are some potential Woodwards and Bernsteins out there, in addition to the hardworking news investigators with places like The Daily Caller and Judicial Watch, Conservative Review, and others.

The article goes on to say: "The agency, when Mr. Mueller headed it, soft-pedaled an investigation highly embarrassing to Mrs. Clinton as well as the Obama Russia reset policy."

Mr. Speaker, I yield back the balance of my time.

BREAST CANCER AWARENESS MONTH

The SPEAKER pro tempore. Under the Speaker's announced policy of January 3, 2017, the Chair recognizes the gentleman from Arkansas (Mr. HILL) for 30 minutes.

Mr. HILL. Mr. Speaker, I rise today during Breast Cancer Awareness Month to call attention to this topic that is so important throughout our Nation.

With one in eight U.S. women, or 12 percent, developing breast cancer over the course of their lives, too many of us know someone who has been diagnosed with this tragic disease.

I lost my mother as a result of breast cancer, and my friend and former district director, Jill Cox, was diagnosed with breast cancer in 2015. She attributes her strides in recovery to early detection and self-examinations.

Many women with breast cancer have no symptoms, underscoring the importance of how regular breast cancer screenings and self-examinations can save lives. No test is too early.

We all must continue to work together and move forward addressing breast cancer, and I urge my colleagues to continue their focus on this critical issue.

CODY HILAND APPOINTMENT AS U.S. ATTORNEY

Mr. HILL. Mr. Speaker, I rise today to recognize my good friend Cody Hiland's appointment as the U.S. attorney for the Eastern District of Arkansas.

A native of Conway, Arkansas, Cody graduated from the University of Central Arkansas and the William H. Bowen School of Law in Little Rock. He served as the prosecuting attorney for the 20th Judicial District of Arkansas since 2010.

Before beginning his career in law enforcement, Cody was a partner at his own firm, a staff attorney and rural communication liaison for the Arkansas Public Service Commission, and the program director for the Arkansas Transitional Employment Board.

His experience and activism truly embody all that communities need in the fight against crime.

I am proud of this leader and consummate professional. He is devoted to law and order. He will be a great voice in reducing crime throughout central Arkansas.

I congratulate my friend, Cody Hiland.

ARKANSAS ADVOCATES FOR CHILDREN AND FAMILIES 40TH ANNIVERSARY

Mr. HILL. Mr. Speaker, I rise to congratulate Arkansas Advocates for Children and Families on the occasion of their 40th anniversary.

AACF was established in 1977 by 10 Arkansans, including our former First Lady, Betty Bumpers, who were passionate about the status of children in our State.

Over the past four decades, AACF has helped families throughout Arkansas to ensure that they have the resources and opportunities to lead healthy and productive lives.

Working to promote good public policy that makes kids' lives better, AACF played an integral role in the creation of ARKids First and the expansion of quality pre-K for at-risk 3- and 4-year-olds.

I would like to extend my congratulations to AACF and wish it much continued success for generations to come.

SPRINGFIELD-DES ARC BRIDGE DEDICATION

Mr. HILL. Mr. Speaker, I rise today to recognize the joint efforts of the city of Conway, Faulkner County, the Faulkner County Historical Society, and Workin' Bridges, a nonprofit organization, that are collaborating to restore a historic bridge in Faulkner County, Arkansas.

The Springfield-Des Arc Bridge, an iron bowstring arc bridge, is the oldest bridge in Arkansas and one of the oldest of its type in the country. The bridge was placed on the National Register of Historic Places in 1988.

This bridge was originally constructed back in 1874 to facilitate travel between Faulkner and Conway Counties in the Second Congressional District.

Over the years, the bridge faced continued operational wear and tear, three major floods, and lost its flooring to a fire. The bridge was decommissioned when the road was rerouted to a new and better concrete bridge.

Faulkner County Historical Society and the city of Conway worked together to establish a restoration plan for the bridge and proposed to relocate it to Beaverfork Lake Park. The 146-foot structure was dismantled and transported to North Little Rock for cleaning and refinishing. The bridge now sits at Beaverfork Lake Park as a link between the swimming area and the fishing pier.

Mr. Speaker, I thank all those who have worked so diligently over the years to preserve this historic bridge and give it a new use for a new generation.

50TH ANNIVERSARY OF THEODORE ROOSEVELT ISLAND

Mr. HILL. Mr. Speaker, tomorrow is certainly a historic day, as it is the

159th anniversary of our 26th President's birthday—Theodore Roosevelt—October 27, 1858.

The National Park Service is also celebrating the birthday anniversary weekend with the 50th anniversary of the dedication of the Theodore Roosevelt Memorial on Theodore Roosevelt Island in the Potomac River across from Georgetown. That family-friendly program will be on October 29 from 9 a.m. to 4 p.m.

The event will include addresses at 2 p.m. by President Roosevelt's great-grandson, Tweed Roosevelt, and other academics, who will talk about the amazing legacy of our 26th President, Theodore Roosevelt.

I thank, also, the National Park Service for their outstanding work on Theodore Roosevelt Island, restoring the Theodore Roosevelt Memorial that is out on the island. It is one of the best places to visit when families come to Washington, D.C., on its very peaceful and tranquil island location in the Potomac River.

The National Park Service, on this restoration work, collaborated with the Friends of Theodore Roosevelt Island and the Theodore Roosevelt Association. I congratulate them for their work; I congratulate them on the 50th anniversary of the Theodore Roosevelt Memorial on Theodore Roosevelt Island; and, of course, my hat is off to Teddy on the anniversary of his birth.

Mr. Speaker, I yield back the balance of my time.
