SENATE RESOLUTION 74—CONGRATULATING THE STATE OF NEBRASKA ON THE 150TH ANNIVERSARY OF THE ADMISSION OF THAT STATE INTO THE UNITED STATES

Mrs. FISCHER (for herself and Mr. SASSE) submitted the following resolution; which was considered and agreed to:

S. RES. 74

Whereas the name "Nebraska" is derived from a Native American Siouan word that means "flat water" and is inspired by the Platte River;

Whereas early explorers of the Great Plains called the Nebraska region the "Great American Desert", mistakenly believing that its vast prairies were incapable of supporting agriculture;

Whereas the Platte River Valley provided an ideal corridor for settlers traveling westward along the Oregon, Mormon, and California Trails;

Whereas the Act entitled “An Act to secure Homesteads to actual Settlers on the Public Domain”, approved May 20, 1862, encouraged enterprising individuals to consider settling in the Nebraska Territory;

Whereas Nebraska was—

(1) the first State admitted to the United States after the conclusion of the Civil War; and

(2) the only State the admittance of which the President vetoed because of disagreement with the “fundamental condition” imposed by Congress with respect to giving black men the right to vote;

Whereas, by means of the Act entitled “An Act for the Admission of the State of Nebraska into the Union”, approved February 9, 1867, Congress overrode the veto of President Andrew Johnson, opening the way for the admission of Nebraska into the United States on March 1, 1867;

Whereas the admission of Nebraska into the United States led to the further settlement of Nebraska and the construction of the transcontinental railroad westward from the Omaha terminus;

Whereas, in 1879, a Federal district court in Nebraska was the site where American Indians were first recognized as persons under the laws of the United States after Standing Bear pleaded, “I am a man”;

Whereas Nebraska is leading the way for a new innovation frontier where entrepreneurs are engaged in building the economy of the future by establishing and growing great businesses;

Whereas Nebraska is the only State whose residents, desiring greater government accountability, voted to transition the State legislature from a bicameral system to a unicameral system, thereby reducing the size of the legislature by nearly 70 percent;

Whereas Nebraska is the home of such national food sensations as the reuben and runzas;

Whereas Nebraska leads the United States in—

- (1) beef and veal exports;
- (2) commercial red meat production;
- (3) commercial cattle slaughter;
- (4) Great Northern bean production;
- (5) popcorn production; and
- (6) the number of irrigated acres of cropland;

Whereas Nebraska continues to lead the United States in center-pivot irrigation technology, as Nebraska is home to the 4 largest irrigation companies in the United States;

Whereas, in 1986, Nebraska was the first State in which women were the 2 major party candidates for governor;

Whereas Nebraska has played and continues to play a significant and remarkable role in the civic, economic, educational, and cultural life of the United States;

Whereas, on March 1, 2017, Nebraska marks the 150th anniversary of the admission of that State into the United States; and

Whereas the sesquicentennial celebration of statehood offers a special opportunity for the people of Nebraska to reflect, remember, celebrate, and plan for an even brighter future that embodies the State motto of Nebraska, “Equality Before the Law”: Now, therefore, be it

Resolved, That the Senate congratulates the State of Nebraska on the 150th anniversary of the admission of that State into the United States.

S. RES. 75

Whereas, on October 20, 1917, dietitians met in Cleveland, Ohio, to identify ways in which food and nutrition professionals could help the United States Government conserve food and improve public health and nutrition during World War I;

Whereas the foundational meeting on October 20, 1917, led to the creation of the American Dietetics Association, now known as the Academy of Nutrition and Dietetics (referred to in this preamble as the “Academy”);

Whereas, since the inception of the Academy, the Academy has grown from a charter membership of 58 individuals to the largest organization of food and nutrition professionals in the world, with a membership as of January 2017 of more than 75,000 individuals;

Whereas the Academy is comprised of a diverse group of registered dietitian nutritionists and technicians, scientists, clinicians, educators, students, and other food and nutrition practitioners; and

Whereas, through evidence-based research and education, members of the Academy play an important role in shaping the food choices and nutrition of the people of the United States: Now, therefore, be it

Mr. CASEY (for himself, Mr. ISAKSON, Mrs. CAPITO, Mr. COONS, and Mrs. SHAHEEN) submitted the following resolution; which was referred to the Committee on the Judiciary:

Whereas the people of the United States have chosen to honor women workers who contributed from the home front during World War II;

Whereas those women left their homes to work or volunteer full-time in factories, farms, shipyards, airplane factories, banks, and other institutions in support of the Armed Forces overseas;

Whereas those women worked with the United Service Organizations and the Amer-

ican Red Cross, drove trucks, riveted airplane parts, collected critical materials, rolled bandages, and served on rationing boards;

Whereas it is fitting and proper to recognize and preserve the history and legacy of working women, including volunteer women, during World War II to promote cooperation and fellowship among those women and their descendants;

Whereas those women and their descendants wish to further the advancement of patriotic ideas, excellence in the workplace, and loyalty to the United States; and

Whereas multiple sclerosis (referred to in this preamble as “MS”) can impact individuals of all ages, races, and ethnicities, but MS is at least 2 to 3 times more common in women than in men;

Whereas there are approximately 2,300,000 individuals worldwide who have been diagnosed with MS;

Whereas MS is an unpredictable, often disabling disease of the central nervous system that disrupts the flow of information within the brain and between the brain and the body;

Whereas symptoms of MS range from numbness and tingling to vision problems and paralysis, and the progress, severity, and specific symptoms of MS in any 1 person cannot yet be predicted;

Whereas, while there is no evidence that MS is directly inherited, studies show that there are genetic and environmental factors that give certain individuals a higher risk of developing MS;

Whereas the exact cause of MS is unknown, and there is no cure for MS;

Whereas the Multiple Sclerosis Coalition, a national network of independent MS organizations dedicated to the enhancement of the quality of life of individuals affected by MS, recognizes and supports Multiple Sclerosis Awareness Week;

Whereas the mission of the Multiple Sclerosis Coalition is to increase opportunities for cooperation and to provide greater opportunity to leverage the effective use of resources for the benefit of the MS community;

Whereas the United States plays a critical role in coordinating MS research globally and amplifies the impact of research in the United States through which results are delivered to MS patients;
