STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. Kaine (for himself and Mr. TESTER):

S. 1125. A bill to amend the Higher Education Act of 1965 to provide Federal Pell Grants to Iraq and Afghanistan veteran's dependents; to the Committee on Health, Education, Labor, and Pensions.

Mr. Kaine. Mr. President, when a United States servicemember gives their life in service to their country, they often leave behind family who we are equally indebted. Ensuring that these survivors are provided every opportunity to succeed and get a quality education supports our values and upholds our promise to servicemembers and military families. Unfortunately, our ability to uphold our promise to dependents of servicemembers who were killed in action (KIA) in Iraq and Afghanistan following the attacks on September 11, 2001 was affected recently.

In May 2016 the U.S. Department of Education sent a letter to institutions of higher education requiring them to reduce the Iraq and Afghanistan Service Grant awards by 7% or roughly \$400 per student. These grants are critical for students to use for tuition, books, and room and board and any future cut would be significant for a young college student. Many children and dependents of servicemembers who were KIA in Iraq and Afghanistan are now reaching college age so more and more students will not be receiving as much in grants as they should be getting and rightfully deserve.

Today, I am pleased to introduce with my colleague Senator TESTER the Protect our Gold Star Families' Education Act of 2017. This legislation will move the Iraq and Afghanistan Service Grant program to the Pell Grant program to stabilize the funding source for these awards and ensure Gold Star families have access to the maximum Pell Grant funding available if they previously did not qualify for Pell Grants. The program would maintain the same eligibility requirements under the existing Iraq and Afghanistan Service Grants—parent or guardian having died as a result of military service in Iraq or Afghanistan after 9/11 and are 24 years old or younger—and the award would continue to equal the maximum Pell Grant for that award year.

While Virginia public universities already offer tuition assistance to dependents whose parents were killed in action or were permanently disabled under the state's Virginia Military

Survivors and Dependents Education Program (VMSDEP), these funds could be used to offset tuition at private institutions and could also cover additional expenses, including room and board, books, and supplies. Over 500 Virginians have attended or are currently attending college at public universities with assistance through VMSDEP and would qualify for these Pell Grants as well.

Our Gold Star families have made the ultimate sacrifice for this country and ensuring they have access to a quality college education is the right thing to do. Moving the Iraq and Afghanistan Service Grant under the Pell Grant program will provide more security to Gold Star families and help ease the burden of college costs. As more of our post 9/11 Gold Star children are starting to reach college age, now is the right time to improve the grant system. I hope that my colleagues will incorporate this bill in a reauthorization of the Higher Education Act.
