Whereas the Office of Energy Efficiency and Renewable Energy of the Department of Energy is the principal Federal agency responsible for renewable energy technologies and energy efficiency efforts;

Whereas cutting energy waste saves the consumers of the United States billions of dollars on utility bills annually; and

Whereas energy efficiency policies, financing innovations, and public-private partnerships have contributed to a reduction in energy intensity in Federal facilities and vehicle fleets by over 47 percent since the mid-1970s, which results in direct savings to United States taxpayers: Now, therefore, be it
