

EXTENSIONS OF REMARKS

TRIBUTE TO EAGLE SCOUT BENJAMIN ALLEN BARTELS

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 13, 2018

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Benjamin Allen Bartels of Pella, Iowa for achieving the rank of Eagle Scout. Benjamin is a member of Boy Scout Troop No. 373 in Pella, IA and Mid Iowa Council in Des Moines, IA. He is also a freshman at Pella High School.

The Eagle Scout designation is the highest advancement rank in scouting. Only about 5 percent of Boy Scouts earn the Eagle Scout Award. The award is a performance-based achievement with high standards that have been well-maintained over the past century.

To earn the Eagle Scout rank, a Boy Scout is obligated to pass specific tests that are organized by requirements and merit badges, as well as completing an Eagle Project to benefit the community. Benjamin's Eagle Scout Project included the planning, organizing, procuring of materials, and construction of a GaGa ball pit in Caldwell Park in Pella. The work ethic Benjamin has shown in his Eagle Project, and every other project leading to his Eagle Scout rank, speaks volumes of his commitment to serving a cause greater than himself and assisting his community.

Mr. Speaker, the example set by this young man and his supportive family demonstrates the rewards of hard work, dedication, and perseverance. I am honored to represent Benjamin and his family in the United States Congress. I know that all of my colleagues in the House of Representatives join me in congratulating him on obtaining the rank of Eagle Scout, and I wish him continued success in his future education and career.

INTRODUCTION OF THE PRO- MOTING NATIONAL SERVICE AND REDUCING UNEMPLOYMENT ACT

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 13, 2018

Ms. NORTON. Mr. Speaker, I rise today to introduce the Promoting National Service and Reducing Unemployment Act to address one of the greatest workforce tragedies resulting from today's economy—our unemployed young people—to spur economic growth and to alleviate strain on state and local governments. This tragedy is not only harming our young people, but it is also costing our government billions of dollars each year through lost tax revenue and other costs. Unemployment has reached a relative low of 3.8 percent, but my bill targets the almost 2 million young people who have not had a fair chance

to ever use their high school and college education, which this nation has strongly urged them to obtain.

What is particularly disappointing is the high unemployment rate for young people who heeded our advice to graduate from high school and college. The total unemployment rate is currently 9.1 percent for young adults ages 18 to 24, and hundreds of thousands now compete for unpaid internships wherever they can find them. By significantly expanding AmeriCorps, my bill would need no new administrative structure or bureaucracy and would allow unemployed young people to earn a stipend, obtain work experience and develop a good work history to help them secure future employment. The net cost of the expansion would be low because these young people would be providing urgently needed local services that are being eliminated or curtailed because of state and local budget cuts, such as after-school programs, tutoring and assistance for the elderly.

The bill would significantly expand job opportunities for young people who have done everything possible to enter fully into the job market, but, despite their best efforts, remain unemployed in this economy. Participants receive a living allowance and are also eligible for an education award equal to the value of a Pell grant, school-loan forbearance, health care benefits and child care assistance. By expanding the AmeriCorps program, we would reduce the number of unemployed young people, provide them with work skills and experience and help cash-strapped state and local governments provide services that they would otherwise have to cut.

For some time, it has been clear that policies to address the most stubborn forms of unemployment need to be targeted in order to be effective. Without significant targeting, young graduates will continue to face their first years as adults without jobs and with no way to acquire necessary work experience. They deserve better. I ask my colleagues to support this urgently needed, targeted assistance for young, unemployed Americans.

ENIGMA MACHINE

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 13, 2018

Mr. POE of Texas. Mr. Speaker, seventy-seven years ago this week the Allied forces made a decisive discovery in their war against the fascist Nazi regime.

Throughout the early part of the war, Hitler had the Allies on the defensive.

He marched his armies all the way to British Channel, conquering country after country.

Using the Enigma machine—widely considered completely unbreakable—the Nazis secretly transmitted messages about military operations across the continent and to every front of the war.

But on July 9, 1941, after years of tireless effort, the Allies finally cracked the code.

They began intercepting German communications with increasing frequency, marking a turning point in the war.

The Allies could now avoid enemy traps, prepare for invasions, and attack weak-spots in Nazi lines.

So today, Mr. Speaker, I would like to recognize those who dedicated themselves to breaking the Enigma code, including the brilliant British mathematician Alan Turing.

I would also thank the Allied Military including the U.S. Navy for capturing these Enigma Machines so the code could be broken.

These men and women saved countless Allied lives and helped free Europe and protect the world.

And that's just the way it is.

Patricia and Kenneth's lifelong commitment to each other and their family truly embodies Iowa values. As they reflect on their 60th anniversary, I hope it is filled with happy memories. May their commitment grow even stronger, as they continue to love, cherish, and honor one another for many years to come.

CELEBRATING THE BICENTENNIAL ANNIVERSARY OF THE VILLAGE OF ESPERANCE

HON. JOHN J. FASO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, July 13, 2018

Mr. FASO. Mr. Speaker, I rise today to celebrate the bicentennial anniversary of the

founding of the Village of Esperance, New York and to recognize two hundred years of faithful and distinguished service by the Esperance Volunteer Fire Department.

For two hundred years, the Village of Esperance has contributed to the American story, weaving together a diverse community, cultivating a strong civil society, and fostering a resilient fire department. Situated on the north bank of the Schoharie Creek, Esperance is the oldest incorporated village in Schoharie county, and the fifth oldest incorporated Village in New York State.

Formerly known as "State Bridge" when it was originally settled in the late 18th century, the settlement consisted only of three cabins surrounded by dense forest land. Hermanus Ten Eyck received the land grant in 1739, and allocated about sixty acres of land to be sold as building lots. Mr. Ten Eyck became disappointed by the slow sale of the lots, and eventually sold his land holdings to Gen. William North—a general in the Revolutionary War, U.S. Senator, and Member and Speaker of the New York State Assembly—in 1806. It was Gen. North's daughter that suggested the name "Esperance" for the village.

The name "Esperance," which translates to "hope" in French, truly describes the common thread that runs through its history. Hope has persisted through the nascent years of Esperance's existence, the tribulations of depression and war, and the many great triumphs of American history. The strength and independence that continues to define this town are a result of roots that have grown strong these past two hundred years.

Protecting the village and its treasures has been the job of the Esperance Volunteer Fire Department. For two centuries, brave volunteers from the community have put their lives on the line for their friends, neighbors, and fellow citizens. I commend them for their service and their sacrifice. Additionally, I would like to recognize the Department's place in history as the owner of "Deluge No. 1," the first fire engine owned by the village and the oldest fire engine in America.

This bicentennial anniversary marks a great milestone in Esperance's history, and serves as an important time for reflection. On behalf of the 19th Congressional District and the U.S. House of Representatives, I would like to extend my deepest appreciation and congratulations to the Village of Esperance and to the firefighters who continue to protect it. As the residents celebrate its 200th birthday, I would like to commend them on the success of their small, vibrant community and wish Esperance continued prosperity in its next 200 years.
