

This record in itself should have raised red flags at the U.S. Department of Labor. But the underlying purpose and process for foreign labor certification seems also in this case to have been subverted.

In order to obtain foreign labor certifications, which are a prerequisite to applying for an H-2B visa, an employer must attest that the job in question will be offered to any qualified and available U.S. worker who applies or is referred for the job opportunity. And in order to obtain an H-2B visa, an employer must attest that they have not laid off and will not lay off any similarly employed U.S. worker, unless the layoff is for lawful, job-related reasons and unless all H-2B workers are laid off first. The present lay-offs of U.S. workers, while work continues using H-2B workers, cannot be consistent with these employer attestations.

Let us look at the history of the Imperial Pacific International worksite:

In fiscal year 2016 the Marianas experienced a labor crisis, when the annual, numerical cap was reached for the Commonwealth Only Transitional Worker (CW) program. For the first time the Department of Homeland Security stopped accepting applications for this foreign labor program, unique to the Marianas. As the Government Accountability Office explained in a 2017 report commissioned by Senate Energy and Natural Resources Committee Chairman LISA MURKOWSKI, Ranking Member MARIA CANTWELL, and I:

Demand for foreign workers in the CNMI exceeded the available number of CW-1 permits in 2016—many approved for workers from China and workers in construction occupations. The construction of a new casino in Saipan is a key factor in this demand.

In fact, GAO reported, the demand for foreign workers jumped from 9,188 in 2014 to a number exceeding the 2016 cap of 13,299, almost entirely because of the demand for construction workers. The result was to crowd out established, local businesses, who employed CW workers and to force long-time foreign workers, who had demonstrated value to our economy and established roots in our community, to return home.

Not only was this crush of construction workers at the casino site economically and socially disruptive, it also did not jibe with the rules for the CW program. CW permits are only available to employers of foreign workers who are ineligible for any other U.S. work visa. Although some of the casino construction workers held CW permits (and some were employed illegally, having entered as tourists), we now know that these workers could well have received H-2B visas. Because, as the U.S. Department of Labor has reported, it issued 1,668 H-2B foreign labor certifications to IPI.

To end further abuse of the CW program and to protect the interests of local businesses in my district and their long-term workers and their families, I introduced legislation that, among other provisions, prohibited any further use of CW permits for new construction workers in the Marianas. Chairman MURKOWSKI observed at her committee's hearing on my bill, H.R. 339, that this bar on the use of CW permits for new construction workers was in her view the most important provision. Not only did it curb the abuse of the CW permit, but it was also meant to force the federal government to make the determination, through the foreign labor certification process, of whether U.S. workers were available for any construc-

tion jobs on offer. President Trump signed my bill into law in August 2017. It became U.S. Public Law 115-53.

IPI quickly responded to these new constraints by hiring Pacific Rim, a U.S.-based firm, to continue construction of the casino. And Pacific Rim president and owner Keith Stewart announced to the Guam Daily Post that he was looking to hire hundreds of skilled U.S. tradesmen for the work. I include in the RECORD comments from Edward Deleon Guerrero, Executive Director of the Commonwealth Casino Commission, who reacted positively to this news in an interview with KSPN-TV in January 2018:

Reporter: IPI is currently in contractual conversations with a new construction company, Pacific Rim, to finish the resort.

Guerrero: We are more confident when we are dealing with a U.S. construction company.

Reporter: IPI's previous, Chinese-based construction companies brought in illegal construction workers and ultimately caused progress on the building to come to a standstill, once the FBI realized what was going on. Guerrero hopes to avoid, quote, 'another fiasco like that from happening again.'

Guerrero: Definitely do not want to see a repeat of that.

Reporter: This time around, however, the work will be done with mostly U.S. based workers.

Guerrero: It is my understanding that all, I mean, most, if not all of the workers are U.S. construction workers.

In March, Pacific Rim held a job fair on Guam, which drew enthusiastic response from U.S. workers, who expressed a willingness to move to Saipan for new work opportunities and the chance to earn overtime and per diem, in addition to their regular pay. At the fair Pacific Rim General Superintendent Tony Costa confirmed to the Post that his company wanted to have around 500 U.S. workers on the IPI site.

Marianas Governor Ralph Torres even testified with pride before the Senate Energy and Natural Resources Committee on February 6 of this year about the turnaround:

I'm proud to announce that because of learning of an issue that was experienced last year, we have signed U.S. contractors to finish the hotel of the casino that was signed, I believe, less than a month ago that will be hiring more U.S. workers to finish the construction of the hotel site.

The Governor also said IPI intended to complete construction by August 2018 and assured the Committee that his administration was closely monitoring labor conditions at the site. It should be noted, too, that the original casino license agreement included the stated objective to have permanent U.S. residents be at least 65 percent of all employees—an objective that has not been met.

The Governor's testimony came at the hearing held to consider the Northern Mariana Islands U.S. Workforce Act, legislation that Chairman MURKOWSKI and I had jointly introduced to incentivize the hiring of U.S. workers in the Marianas. President Trump signed the Act into law on July 24. Among other new protections for U.S. workers, Public Law 115-218 extends to the CW program the requirement for prior U.S. Department of Labor labor certifications, a stipulation the Governor, the Marianas Legislature, and our business community all rightly agreed to.

Despite all these efforts and assurances to U.S. workers, however, at the same time IPI

had begun the process of applying for foreign labor certifications from the U.S. Department of Labor with the intent to secure H-2B visas and hire foreign construction workers. Nominally, these foreign workers were to buttress, not replace Pacific Rim's U.S. workforce. Instead, U.S. workers have now lost their jobs, replaced by foreign workers. Attestations to the U.S. Department of Labor that U.S. workers would not be laid off and replaced with foreign workers have not proven true. Assurances by the Governor to keep watch on the Imperial Pacific job site seem hollow in light of recent events.

This must stop.

The people of the Northern Mariana Islands, whom I represent, are tired of having outside, foreign interests time-after-time give our islands a black eye by skirting the law, cutting corners on safety, playing fast and loose with the rules and thinking they can get away with it, beholden only to their bottom line and a handful of high-ranking local officials.

The U.S. Department of Labor, after enabling IPI by granting 1,668 foreign labor certifications, must take immediate action to step up enforcement and ensure IPI maintains absolute compliance with U.S. law.

ACKNOWLEDGING MS. JENY WALKER UPON HER RETIREMENT AS CEMETERY DIRECTOR AT MOUNTAIN HOME NATIONAL CEMETERY

HON. DAVID P. ROE

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 14, 2018

Mr. ROE of Tennessee. Mr. Speaker, I rise today to acknowledge Ms. Jeny Walker upon her retirement as Cemetery Director at Mountain Home National Cemetery. Ms. Walker was named Director of Mountain Home National Cemetery effective July 27, 2015. She was responsible for all burial, maintenance and administrative operations at the facility.

Prior to this assignment, Ms. Walker served as Assistant Director of Dallas-Fort Worth National Cemetery from August 2014. She completed the National Cemetery Administration's comprehensive, year-long Cemetery Director Intern Program in August 2014.

Jeny is a pillar of her community and has brought much peace and comfort to Veterans and their families in the entire Northeastern Tennessee region. She has led significant improvement and expansion efforts at the cemetery to include an expansion project that doubles the size of the cemetery and will provide an additional 50 years of gravesite availability for veterans and their families. She also led her team to a recent National Cemetery Administration Organizational Assessment and Improvement award for exemplary performance in key management and operational areas such as customer service, cemetery service, and access to information. Jeny's enduring legacy includes a book she published about Mountain Home National Cemetery entitled, *A Book of Heroes: Discover Their Story, Honor Their Sacrifice*. In her three years as the Cemetery Director at Mountain Home, Jeny was driven to serve veterans and their families. She was a VA ambassador in the community and was led by the principles of servant leadership. When several headstones and monuments were vandalized at Old Gray Cemetery in Knoxville, Jeny organized a group of employee volunteers to spend a Saturday afternoon to share their expertise and repair the broken monuments and reset the headstones. This is a testament to the special kind of person Jeny is.

I include in the RECORD a message Jeny wrote her colleagues upon retirement:

Long ago and far away, working in my first cemetery as an intern, I found this on a headstone. I've kept it and read it often because it eloquently states exactly what I feel: Remember me. Think of me. Love me as you do now. Essentially nothing changes by my leaving. If I were to ask anything of you, it's that you pray I will have more time than I think I do. More time with family. More time having fun. More time to live. Much love for each of you, Jeny.

I am grateful for Jeny's service to veterans and wish her peace. She is in my prayers and in the prayers of so many. I'd also like to thank the National Cemetery Administration for sharing Jeny's background.

HONORING ELMER JOSEPH "ALMO" LORENZI

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 14, 2018

Mr. COSTA. Mr. Speaker, I rise today to honor Elmer Joseph "EJ" Lorenzi, an upstanding member of the Merced community, who has been recognized as "Man of the Year" for the 2018 Harvest of Hope by Catholic Charities of Merced.

EJ was born on May 18, 1931 at Mercy Hospital in Merced to Giuseppe and Rita Bernardi Lorenzi. Within a few, short years, it became clear that EJ was destined for an extraordinary life of serving others. His life-long dedication to service began at the age of 10, when EJ played the accordion for the United Service Organization to help raise money for war bonds.

From that moment, EJ's service and dedication to the Merced community never wavered. While he established himself as a mainstay in the business community, EJ's focus continued to be service. He has been a member of the 3rd degree and 4th degree Knights of Columbus Council 2384 for over six decades. He has served Merced with integrity and honor through the Merced City Chamber of Commerce, Merced Little League, and as Ambassador for the City Council of Merced.

EJ also served on many advisory boards in Merced County. EJ's tireless leadership as chairman of the advisory committee for Measure C was instrumental in passing the measure, which is expected to raise millions for the police and fire departments in Merced.

EJ has also been instrumental in restoring several historic buildings in Merced that were slated for destruction. Historic sites such as Bob Hart Square and Our Lady of Mercy Catholic Church, still stand today because of EJ's unwavering leadership.

EJ's service to his community has always been backed by his lovely family. EJ married his high school sweetheart Evelyn Weres in June of 1950. Together, EJ and Evelyn have five children, ten grandchildren, and nine great grandchildren, who will carry on the family's great legacy.

At the spry age of eighty-seven years old, EJ continues to serve his community however he can, guided by the same three principles that have followed him throughout his life: God family, and his Catholic faith.

Mr. Speaker, I urge my colleagues to join me in honoring the exceptional life of Elmer Joseph Lorenzi. I wish him and Catholic Charities of Merced the best as he is recognized for his contributions to our community.
