

engines that generate essential revenue for local communities, including those in California's San Joaquin Valley.

During National Health Center Week, we celebrate the legacy of America's health centers, and their vital role in shaping the past, present, and future of America's health care system. I encourage all Americans to take part in this week by visiting their local health center and celebrating the important partnership between America's health centers and the communities they serve.

Mr. Speaker, I ask my colleagues to join me in honoring Golden Valley Health Centers for their work to provide quality health care for the communities of the San Joaquin Valley. It is both fitting and appropriate that we honor them and recognize the role they play in maintaining the wellbeing of our communities during National Health Center Week.

**HONORING TECHNICAL SERGEANT
SALLY PANZAR, U.S. AIR FORCE,
ON HER RETIREMENT AFTER
NEARLY 25 YEARS OF SERVICE
TO THE UNITED STATES OF
AMERICA**

HON. SCOTT PERRY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 17, 2018

Mr. PERRY. Mr. Speaker, today I offer my heartfelt congratulations to Sally Panzar, a resident of York Haven, Pennsylvania, on her upcoming retirement after nearly 25 years of service to the United States of America.

Technical Sergeant Panzar currently serves as the Unit Training Manager and Unit Deployment Manager at the 193 Special Operations Wing Logistics Squadron. She entered the United States Air Force in 1993, and served in numerous assignments, to include humanitarian missions such as TROPICARE 2013, as well as Turkey and Saudi Arabia during Operation Northern Watch and Operation Southern Watch, respectively.

Her numerous commendations and awards, including the Air Force Commendation Medal, the Air Force Achievement Medal, the National Defense Service Medal and others, are a testament to her steadfast courage, personal integrity, dedication, and impeccable character. Her enduring legacy of service to our Nation is truly exceptional and sets a standard for all to follow.

On behalf of Pennsylvania's Fourth Congressional District, I commend and congratulate my fellow soldier, Technical Sergeant Sally Panzar, upon her retirement and for her tireless service to the United States of America.

**HONORING THE CITY OF SANTA
ROSA'S 150TH ANNIVERSARY**

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 17, 2018

Mr. THOMPSON of California. Mr. Speaker, I rise today to honor the City of Santa Rosa in California's Fifth Congressional District as we celebrate the city's 150th anniversary.

Santa Rosa was officially incorporated in 1868 as the third city in Sonoma County. Currently, the city has a population of over 175,000 residents living within its 41.5 square miles. Santa Rosa is the largest city in the North Bay and the fifth most populous city in the San Francisco Bay Area and the 28th most populous in California. Santa Rosa is known to be one of the great centers of California's viticulture community. The city and its surrounding region is home to hundreds of wineries, big and small, which play a central and dominant role in our region's tourism industry.

Santa Rosa has a vibrant arts community and has been the setting of numerous films for many decades. Our town's historic buildings have been backdrops for movies including *Shadow of a Doubt*, *Pollyanna*, *Peggy Sue Got Married* and *Cheaper by the Dozen*. The city is also home to the Summer Repertory Theater, Santa Rosa Symphony, Sonoma County Philharmonic and many other world-class arts organizations.

Santa Rosa is also known for being the home of Santa Rosa Junior College (SRJC), one of the most renowned community colleges in California and the whole of the United States. SRJC is an important institution in our city that serves recent high school graduates and people who are continuing their education alike.

Santa Rosa has been home to numerous significant Americans for over a century. Renowned horticulturalist Luther Burbank, actress Natalie Wood and nationally celebrated cartoonist Charles M. Schultz all called Santa Rosa home at one point during their lives. Mr. Burbank summed up the beauty and special character of Santa Rosa as "the chosen spot of all this earth as far as Nature is concerned."

Mr. Speaker, the City of Santa Rosa is the home of prominent historical and cultural assets. It is therefore fitting and proper that we honor its 150th anniversary here today.

**CONGRATULATING THE NEHEMIAH
PROJECT FOR 30 YEARS OF
SERVICE IN NORTHERN MICHIGAN**

HON. JACK BERGMAN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, August 17, 2018

Mr. BERGMAN. Mr. Speaker, it's my honor to recognize the Nehemiah Project on the occasion of its 30th anniversary. Through exceptional leadership and steadfast devotion to their community, the men and women of the Nehemiah Project have become indispensable parts of Michigan's First District.

Named after the biblical man who helped rebuild Jerusalem, the Nehemiah Project has worked for three decades to help those in need rebuild the broken parts of their lives. The group was formed in 1988 after several area churches came together to create a non-denominational ministry to help Northern Michigan's homeless and opened their first shelter, the Nehemiah House, in Petoskey. Since then, the group has opened three other locations nearby: the Mary Margaret House, which accommodates women and children; the Grace House, a transitional apartment;

and Hope Hall, which is used as office space for Nehemiah staff. Hope Hall also serves as a warming area in the winter and houses Bible study sessions and classes on job and computer skills, budgeting, and parenting. Over the last 30 years, the Nehemiah Project's focus on community, self-fulfillment, and motivation have directly improved the lives of hundreds of Michiganders that have fallen on hard times. In honor of its 30th anniversary, the Nehemiah Project will host an open house from noon to 3 p.m. on Sunday, August 19, at its 36 Bridge Street location in Petoskey.

Mr. Speaker, it's my honor to recognize the administrators and volunteers of the Nehemiah Project for three decades of excellence in service to the people of Northern Michigan. Michiganders can take great pride in knowing the First District is home to such a dedicated and selfless group of people. On behalf of my constituents, I wish the Nehemiah Project all the best in its future endeavors.

**CELEBRATING RAPOPORT
ACADEMY'S 20TH**

HON. BILL FLORES

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, August 17, 2018

Mr. FLORES. Mr. Speaker, I rise today to honor and celebrate Rapoport Academy's 20-year milestone of educating economically disadvantaged students in Waco, Texas.

Rapoport Academy focuses on serving its student population by providing an exceptional education that prepares them for college, career, and life. It is an honor to represent Rapoport Academy, as well as its staff, students, and families in the U.S. House of Representatives.

Under the leadership of Dr. Nancy Grayson, East Waco Innovative School Development, Inc., now known as Rapoport Academy, was awarded a charter by the Texas State Board of Education in March 1998. The Academy opened as a public charter school in the fall of 1998 for pre-kindergarten through second grade. The school has since expanded in both size and grade levels, and currently has over 850 students enrolled.

In 2003, middle school classes were added, and in 2006, the Academy was awarded a second charter to develop a high school. The high school was awarded both the Texas Science, Technology, Engineering, and Math (T-STEM), and the Texas Early College High School (ECHS) designations as part of the Texas High School Project through the Communities Foundation of Texas, which is funded by the Bill and Melinda Gates Foundation and the Michael and Susan Dell Foundation.

For 20 years, Rapoport Academy has followed six core values: Respect, Responsibility, Integrity, Curiosity, Creativity and Hard Work. The staff, teachers, and students at the Academy are committed to these values, and they encourage one another to strive for them.

Mr. Speaker, please join me in commemorating Rapoport Academy for reaching this noteworthy 20-year milestone while preparing students to reach their full potential, discover their passions, embrace diversity, and become independent thinkers.

I have requested that a United States flag be flown over the United States Capitol to honor Rapoport Academy's 20th anniversary.

I urge all Americans to continue praying for our country during these difficult times, for our military men and women who protect us from external threats, and for our first responders who protect us here at home.

NATIONAL HEALTH CENTER WEEK

HON. MICHAEL F. DOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 17, 2018

Mr. MICHAEL F. DOYLE of Pennsylvania. Mr. Speaker, I rise today to recognize National Health Center Week and commend Community Health Centers for their important role in America's health care system.

For over 50 years, Community Health Centers have provided high-quality, affordable, comprehensive primary and preventive health care in our nation's underserved communities, delivering value to, and having a significant impact on, our health care system.

Today, Community Health Centers serve as primary care for more than 27 million Americans in rural and urban areas. Often, these Health Centers are the only accessible and dependable source of primary care in their communities. In Pennsylvania, Community Health Centers serve more than 800,000 patients at more than 300 sites every year. In Pittsburgh alone, there are seven different Health Center organizations that serve over 44,000 patients at 33 delivery sites, including mobile health clinics. These Health Centers provide access to a variety of primary care services such as vision, oral, and behavioral health, as well as preventative care services for chronic illnesses such as diabetes, asthma, heart and lung disease, cancer, and HIV/AIDS.

Community Health Centers also help the American economy by generating \$24 billion in savings for our health care system annually. Their facilities offer care for patients outside of the emergency rooms and hospitals which

place a greater financial burden on our health care system. Health Centers also generate \$45.6 billion in economic impact in areas with slower economic growth and employ more than 200,000 physicians, nurses, and staff across the country.

Congress has spent a great part of the past year debating the future of our nation's health care system. Despite uncertainty about the Affordable Care Act and instability surrounding our health care markets, Community Health Centers have remained a core source of care for low-income Americans and underserved populations. It is with their help that we can make affordable, high-quality healthcare accessible for all Americans regardless of geography, income, and insurance status. It is also with their help that we will overcome our nation's most pressing health crises such as the opioid epidemic, public health threats, and care for veterans.

I encourage all Americans to observe National Health Center Week by visiting their local Health Centers, learning about their services, and thanking the Health Center staff in their communities.

I believe the best way to recognize National Health Center Week is to support full funding for Community Health Centers and to advocate for programs which help patients to access their services. I will continue to support Community Health Centers and I hope my colleagues will join me.

HONORING PENNGROVE COMMUNITY CHURCH

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 17, 2018

Mr. THOMPSON of California. Mr. Speaker, I rise today to honor the 120 years of service that Penngrove Community Church has provided to Penngrove, California and our surrounding community.

The Penngrove Community Church started in 1897 when the Thompson brothers came to hold revival meetings. After conducting church meetings in the Eagle School building, a church was eventually built half a mile from Penngrove. In 1910, the church was moved closer to town and placed on its current site on Oak Street. In 1937, the church changed its denominational affiliation to Congregational Church and adopted the name it has today. In the 1950s, Penngrove Community Church was affiliated with the United Church of Christ and later, became the independent community church that it is today.

Penngrove Community Church has several local missions and remains deeply involved in our community. The Redwood Gospel Mission provides homeless shelters, facilitates food drives and holds school supply drives for children. The Intervarsity Christian Fellowship, which is affiliated with the Penngrove Community Church, serves students at Santa Rosa Junior College and Sonoma State University. The church is also affiliated with Mt. Gilead Bible Camp and Conference Center. Penngrove Community Church is a member of City Ministries of Petaluma, a non-profit informal prayer group.

Penngrove Community Church is a host for Committee On The Shelterless, a nationally recognized program that provides living space for homeless families with children and helps them secure housing. The church holds an after school bible study at Penngrove School and holds an Annual Women's Tea and an Annual Aebleskiver Breakfast. They also assist with the Penngrove Social Firemen with an annual gift giving to needy families in the community. The church donates to Partners International Harvest of Hope, a mission to provide a practical solution to poverty in some of the poorest nations in the world.

Mr. Speaker, Penngrove Community Church is an important pillar in our community. It is therefore fitting and proper that we honor its 120th anniversary here today.
