By seeking American citizenship, they have made the decision that they want to live in a place where, as guaranteed by the First Amendment of the Constitution, they can practice religion as they choose, speak their minds without fear of punishment, and assemble in peaceful protest should they choose to do so.

Mr. Speaker, I respectfully ask you and my other distinguished colleagues to join me in congratulating these individuals who will become citizens of the United States of America on September 7, 2018. They, too, are American citizens, guaranteed the inalienable rights to life, liberty, and the pursuit of happiness. We, as a free and democratic nation, congratulate them and welcome them.

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 4, 2018*

Mr. TED LIEU of California. Mr. Speaker, I rise to celebrate the life of Mrs. Rickey Bloom, who passed away on July 19, 2018 at the age of 103. Rickey's long life saw her play an integral role supporting her family and helping her community.

Born Ann Rickey Goldstein in Salem, Massachusetts in 1915 to Jewish immigrants from Eastern Europe, she graduated high school, trained as a bookkeeper, and completed multiple Elderhostel programs, which aim to provide older individuals with opportunities to travel in an educational setting. Rickey was a bookkeeper for her parents' grocery and deli, where she met her future husband, Aaron Bloom, who was employed there as a box boy. They married on April 30, 1945.

Bookkeeping stayed an important part of Rickey's life; she was bookkeeper for the Law Offices of Richard Bloom in addition to bookkeeper and operator for Beth Jacob Congregation gift shop in Beverly Hills. Deeply involved in her community, Rickey was a long-time volunteer with her husband at Cedars Sinai Health Center. She also co-founded with her husband "Etta," a nonprofit that served people with intellectual and developmental disabilities and provided support for their families.

Rickey is survived by her four children: Stuart, Bruce, Lydia, and Richard; 11 grandchildren, and eight great-grandchildren. I hope that Rickey's family shares comfort in knowing that her contributions to our community will endure for years to come.

HONORING LARRY D. CAMPER

**HON. BENNIE G. THOMPSON**

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 4, 2018*

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable public servant, Mr. Larry D. Camper. The son of Doris L. Howell and Doffie T. Camper was born on March 3, 1950 in Mendenhall, MS. He spent his childhood between Brandon, MS and Chicago, IL. In the early fifties, Camper and his mother returned from Chicago to live in Mississippi with his grandparents, Lenard and Bethel Howell. Upon returning to Mississippi, he started school at Rose Hill Baptist Church and in May 1968, he graduated from McLaurin High School where he received several athletic awards, including being voted the best athlete in his senior year.

After high school, Camper began working for Mississippi Bank in Jackson, MS and was the first African American to work for a bank in Jackson in a position other than as a janitor. In the fall of 1968, he enrolled in Jackson

State College and received a B.S. in Industrial Technology in 1972 while working for Mississippi Bank. After graduating from college, Camper enrolled in a management training program at the bank and after demonstrating an excellent work ethic that included a high level of professionalism, he was promoted to Bank Officer.

In December of 1973, Camper married his college sweetheart, Patricia A. Buchanan from Prentiss, MS, who also received her B.S. in Education in 1973 from Jackson State University. Camper and Patricia share two wonderful children, LaTonya Rochell and LaDerek Rashad and a son-in-law, Derrick Kirkland.

Always aspiring to achieve and succeed, Camper continued to work hard at the bank learning all he could. In 1984, his drive and determination caused him to enroll in the University of Mississippi in Oxford, MS to pursue a degree in Banking. Out of the 75 students enrolled in the program, Camper, again, succeeded as a first by being the only African American in this class to receive a banking degree in 1985. After graduating from the University of Mississippi, he continued to move up the ranks at Mississippi Bank, holding several officer positions. After 35 years in banking and four bank mergers, Camper retired from Union Planters Bank as a Senior Vice President. In January 2004, Camper was offered a position with the Hinds County Tax Collector's office in Jackson, MS as the Assistant Tax Collector and Operations Manager where he continues to serve in this capacity.

Over the last 35 years, Camper continued his excellent work in the community from his affiliation with several community, social and professional organizations, including: Leadership Jackson graduate (1999); Vice President, West Jackson CDC; Chairman of the Board of Directors, Capitol City Classic (Jackson, MS); Minority Business Development Loan Board (City of Jackson); Mississippi Bankers Association; Urban Financial Service Coalition; JSU National Alumni Association; Jackson Metro Housing Project; Education Committee Member for Metro Jackson Chamber of Commerce; Life Member of Phi Beta Sigma Fraternity, Inc. and member of New Hope Baptist Church located on Watkins Drive.

During his professional career, Camper also received numerous community awards and special honors, including "Outstanding Young Man of America" (1979 and 1985); and the Public Service Honor Award.

Mr. Speaker, I ask my colleagues to join me in recognizing Mr. Larry D. Camper for his dedication to serving.

REAFFIRMING DOUGLAS  
RUMSEY'S RIGHT TO HARD-  
EARNED PENSION

**HON. MARCY KAPTUR**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 4, 2018*

Ms. KAPTUR. Mr. Speaker, I rise to share the powerful story of Douglas Rumsey, a retiree of Teamsters Local 707 Pension Fund. For years, Douglas paid into his pension fund. Time and again, he gave up pay raises, deferring those raises be invested in his pension to make sure his retirement would be secure with one.

Tragically, millions of hard working Americans like him now face a grim prospect, a retirement without economic security as their hard-earned pensions is pulled out from under them. Due to no fault of his own, Douglas's pension was cut from \$2,800 per month to \$900 per month. Today, everything is a financial struggle. He can no longer support his family. He can no longer pay his property tax, or his medical insurance. Even purchasing everyday items basic to daily life is a dilemma of true necessity. After 23 years of trucking service, after he put his life on the line for this country in his service in the Army, Douglas should be able to enjoy the golden years of his life, with his friends and family, without daily financial worry. Instead, he now lives in poverty, struggling to make ends meet. A robust member of his community, his distress is felt throughout his community.

I include in the RECORD the full testimony of Douglas Rumsey. Douglas Rumsey is not alone in his plight. This Congress turned its back on more than 40 years of pension promises, rolling back anti-cutback provisions. It turned its back on hundreds of thousands of hard working Americans. Telling these personal experiences is critical to understand why immediate action is required to buoy hope, retirement security, and the livelihoods of millions of American workers.

It is why I introduced the "Keep Our Pension Promises Act," along with Senator BERNIE SANDERS for the last several years, which would establish a legacy fund within the Pension Benefit Guaranty Corporation to ensure solvency for multi-employer pension plans, but really to ensure the solvency of so many hard working American's retirements.

Additionally, it is why I joined my colleagues to introduce the "Butch Lewis Pension Protection Act" in honor of an Ohio Teamster. Without congressional action, nearly 50,000 Ohio retirees in the Central States Pensions Fund and thousands more Ohioans in the nearly 100 other troubled multi-employer plans pensions are in jeopardy. I have led the charge to push for a legislative fix to the multi-employer pension crisis year after year. The multi-employer pension crisis is just the tip of a looming pension crisis. It is time for Congress and this nation to come to terms with this economic threat in our own backyards.

Mr. Speaker, this is a commonsense issue. Congress must act now. That's why I rise in strong support of this measure, and urge my colleagues to do the same.

#### LETTER TO COMMITTEE

I am a retiree of Teamsters Local 707 Pension Fund. I have lost 70% of my pension to date. I was promised this pension and paid into it by taking pay cuts that were part of my wage package and by giving up pay raises to make sure my pension was secure. I'm asking that the Select Joint Committee for Pension to please select the Butch Lewis Act (S-2147) as the solution for the pension crisis. The 4,500 members of my pension fund have been suffering for two plus years with drastic cuts. In February 2016 my pension was reduced 50% and then in February 2017 it was cut another 20% for a total of 70%. Please get the Butch Lewis Act passed as written. The Butch Lewis Act is not a government bailout; it helps all multi-employer pension funds including the Coal Miners, Iron Workers, and Carpenters.

Many of the retirees from my pension fund are losing their homes and can't afford food and health care insurance. Many of the retir-

ees, including myself, are veterans and many are disabled and are 70 and 80 years of age. Please don't turn your back on the workers and veterans who have help build this country by working all their lives.

I am going to have to sell my home that I have worked for all my life and I'm not able to support my wife or live my retirement years as a self-supporting member of my community. Without my pension I'm living below poverty. My pension has already been cut from \$2,800 per month to \$900 per month. I cannot afford to pay my property taxes pay, my medical insurance, and my medications, heat my home and buy food. No one can live on \$900 from PBGC after they had made plans to have their full pensions that were earned and promised. Please include Road Carriers Local 707 in the solution to the pension crisis solution.

I was drafted into the Army and then worked my entire life so that I could retire with dignity and enjoy my retirement. I am now disabled and cannot work to make up the 70% of my pension that I have lost. I cannot enjoy my retirement years and spend time with family and friends because of the pension cuts I have taken. My wife and I have worked and planned all our lives to live near family so that in our retirement years we could enjoy and have family nearby if needed for health issues but this too is threatened with these cuts. The stress caused by these cuts is unbearable to us at a time we should be enjoying the fruits of our long labor.

Above are just some of the things impacting the lives and health of myself and many of the families of Local 707—we are a prime example of how devastating this pension crisis has been to us and will be to others if all our pensions are not saved.

Thank you

DOUGLAS RUMSEY.

#### TRIBUTE TO CHAD IDE

### HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 4, 2018*

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize Chad Ide for being the recipient of the 2018 Iowa Conservation Farmer of the Year Award.

Chad was nominated by the Union County Soil and Water Conservation District and he farms with his wife Francine and his parents, Monty and Diane Ide. The award is sponsored by the Iowa Farm Bureau Federation and the Iowa Department of Agriculture and Land Stewardship. Chad utilizes many farming practices, such as rotational grazing, no-till planting and the use of cover crops to boost the soil's organic matter. He has terracing in place on their land and has put in buffer strips to prevent chemical run off. He has also been active in conservation education through field days, tours, and trainings.

I know that my colleagues in the United States Congress join me in commending this great man and his family for protecting the land in Iowa and congratulate them on this award. It is my honor to represent Chad in Congress, and I wish him the best in his future endeavors.
