(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise tonight to congratulate The Victory Center for Autism and Related Disabilities on the upcoming completion of its state-of-the-art education facility in south Florida.

Since its founding in 2000, The Victory Center has excelled at providing children with autism and related disabilities comprehensive individualized treatment and education. For 18 years, the teachers at The Victory Center have achieved amazing success working out of only a handful of rooms on the campus of the Michael-Ann Russell Jewish Community Center in North Miami Beach.

This outstanding institution is proud to offer five programs covering a range of services, and it is recognized as one of the top schools for children with autism in the Nation.

Mr. Speaker, by opening this brand-new facility, The Victory Center will continue to grow and offer a positive and nurturing educational environment.

Once again, I would like to congratulate everyone at The Victory Center for all that they have accomplished. I thank their staff for helping so many children in our south Florida community achieve their full potential and leave their own beautiful mark on our world.

CALLING ATTENTION TO THE SUFFERING IN PUERTO RICO

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I am ashamed that our national government seems to have abandoned American citizens of Puerto Rico. Yesterday marked 6 months since Hurricane Maria furiously blew ashore. In those 6 months, more than 1,000 Americans have died because of the storm. In fact, people are still dying in Puerto Rico from causes that are directly related to Hurricane Maria's impact, and more than 100,000 American citizens in Puerto Rico are still without electricity.

Let me tell you, Mr. Speaker, we tend to forget how much we rely on electricity until it goes out. Without electricity, people who rely on respirators must choose between their homes and their health. The elderly, sick people, and newborn babies have to suffer through the heat and cold.

Mr. Speaker, if this was happening anywhere else in our country, we would have riots. But instead of action, all Puerto Rico gets are excuses from the national government.

CONGRATULATING GRANDVIEW HIGH SCHOOL BOYS AND GIRLS BASKETBALL TEAMS

(Mr. COFFMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COFFMAN. Mr. Speaker, I rise today to recognize both the Grandview High School boys and girls basketball teams. These two teams from Grandview are now the State of Colorado's 5A high school basketball champions.

The Grandview boys basketball team had a spectacular season, finishing the season with an impressive 24-4 record, and the culmination of the season was its first-ever boys basketball State Championship title.

The Grandview girls basketball team also had a tremendous season, finishing with an equally impressive 25-3 record, and the culmination of its season was its second consecutive girls basketball State Championship title.

The teams were led to their respective championship titles by their coaches: Josh Ulitzky for the girls team, and Michael Rogers for the boys team.

I also commend these two coaches, their coaching staffs, and all their supporters at Grandview High School for all they have contributed to the suc-

cess of the school's boys and girls basketball programs.

I am incredibly proud to represent Grandview High School in the United States House of Representatives. Again, congratulations to the Grandview High School girls and boys basketball team on this impressive victory in Colorado's 5A State Championship.

IN MEMORY OF OFFICER GREGGORY CASILLAS

(Ms. JUDY CHU of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JUDY CHU of California. Mr. Speaker, I rise to honor and remember Pomona Police Officer Gregory Casillas, a constituent of mine who was struck down in the line of duty.

It was Gregory's dream to be a police officer. He studied police reports after hours, and he always carried flashcards and books to prepare for the police officer exam.

His hard work paid off. Friday, March 9 was the final day of Officer Casillas' ghost phase, the last day before he went out on his own. As one colleague said: "I've never met someone so eager to become a police officer."

Tragically, that was also the day Officer Casillas was shot, trying to make contact with a suspect who had fled the police. Officer Casillas put himself at risk so that we could be safer, and we can never thank him enough.

I am so grateful for heroes like Officer Casillas, and I join the hundreds of others who have attended vigils in his honor when I say that he will never be forgotten for his sacrifice.

RECOGNIZING LIEUTENANT COMMANDER ANDREW PATTERSON

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to recognize Lieutenant Commander Andrew Patterson, a native of Chittenango, New York, who currently serves as the Chief of Intelligence, Surveillance, and Reconnaissance Plans/Operations for the military in Afghanistan. He is the son of Marlene A. Patterson and the late commander, Kenneth F. Patterson, U.S. Navy.

Lieutenant Commander Patterson has served in the U.S. Navy Reserves for 12 years, as well as serving with the U.S. Customs and Border Protection agency for 13 years. Stationed in Afghanistan, Lieutenant Commander Andrew Patterson is leading the charge on the intelligence collection operations against the Taliban, working closely with joint regional U.S. military personnel.

In today's era of combat, the role of intelligence plays an especially impor-

tant role in the success of our military. Lieutenant Commander Andrew Patterson is a true hometown hero. He is an inspiration to all of us and is an exceptional community leader.

I would like to extend my gratitude to him for his answer to the call to serve, his bravery, and his dedication to our Nation. I wish him the best of luck as he continues to serve our country.

Go Navy.

COMMEMORATING NATIONAL AG DAY

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, as a Representative of the salad bowl of the world, the 20th Congressional District in California, I commemorate and celebrate National Ag Day.

In my district, the number one industry is agriculture, yes, because of the fertile land, but also because of the fearless attitude of farmers and farmworkers, growers, and families and friends of those in agriculture.

Having grown up on the central coast, we understand that the key to their success is based on that willingness to take risk. We know that risk-taking attitude is the foundation of our country, but since then, the seed of risk taking has been sown in our culture and spread across our agricultural community.

People in agriculture are constantly using that trait to deal with Mother Nature, to overcome government mandates, to transform for the changing market conditions, and to contend with the lack of immigration reform right here in Congress.

Nevertheless, with that risk-taking attitude, people in agriculture don't shrink from those challenges; they stand up to them. That is why they not only survive, they succeed. That is why we in Congress shouldn't just recognize people in agriculture today; we should learn from them every day.

REFORMING THE POLICY FOR OUR FORESTS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, the National Environmental Policy Act, NEPA, as it is known, enacted in 1970—I am sure, well intentioned—but time and time and time again, issues that need to be resolved for the people and their assets in this country are thwarted by needless red tape, a lot of times coming from NEPA.

Our forests in the West suffer badly—and the people who live near them, from the smoke, from the danger, from the loss of homes, the loss of wildlife—because to do the slightest thing to improve our forest conditions requires NEPA delay.
