MAKE THE BAN ON DRILLING PERMANENT

(Mr. FRANCIS ROONEY of Florida asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FRANCIS ROONEY of Florida. Mr. Speaker, this week marks the eighth anniversary of the 2010 Deepwater Horizon oil spill in the central Gulf of Mexico.

Accordingly, I rise today to, once again, vigorously oppose any effort to allow energy exploration in the eastern gulf. The ban on drilling east of the Military Mission Line, 86 degrees, 41 minutes west, was put in place in 2006 and is going to expire in 2022. We need to make it permanent.

Our tourism industry in Florida and our residential development need protection from offshore drilling. We need protection from the oil companies.

Another spill like Deepwater Horizon would be an existential threat to Florida. The clockwise loop current, which runs all down the west coast, would carry any chemicals that get into the water all down the west coast to Key West.

We don’t need the eastern Gulf to become self-sufficient in energy, either. Technology and the shale revolution have taken care of that.

The Western Hemisphere is already independent and the U.S. itself will be before long. It is estimated that the U.S. will supply 30 percent of Mexico’s gas by 2030. In the Permian Basin alone, one of the three producing sands is estimated to hold over 20 billion barrels of oil equivalence.

As the CEO of Shell said recently: We will see peak demand for gasoline and oil within the decade.

Shell’s latest offshore platform, the Vito, has been scaled back 80 percent from 40,000 tons to 8,900 tons because it is just not productive.

Shell is investing in alternative energies.

Mr. Speaker, please protect Florida and make the ban permanent.

TRUMP ADMINISTRATION WEAKENS CLEAN AIR PROTECTIONS

(Mr. McEACHIN asked and was given permission to address the House for 1 minute.)

Mr. McEACHIN. Mr. Speaker, I am deeply concerned by the administration's continued assault on essential regulations that protect our health and our environment.

All Americans need, deserve, and have a right to breathe clean air. Historically, we have upheld that right to reasonable, science-based limits on pollution, but that tradition is under assault.

Last week, the administration directed the EPA to weaken the standards for ambient air pollution.

By allowing for emissions trading, this directive will magnify existing environmental injustices, enabling increased pollution in communities that already live with dangerously high concentrations.

The order also softens public health mandates under the Clean Air Act. It restricts what kind of scientific data regulators can use, and it increases their workloads without providing new resources.

Mr. Speaker, if we ignore the best available science or if we starve agencies of the resources they need to actually uphold commonsense limits, then we are not protecting the American people.

Last week's directive was dangerous and a needless mistake. Like the rest of this administration's dirty energy agenda, it needs to be reversed.

HONORING THE LIFE AND LEGACY OF LINDA LAMBOURNE

(Mr. KNIGHT asked and was given permission to address the House for 1 minute.)

Mr. KNIGHT. Mr. Speaker, I rise today to honor the life and legacy of Linda Lambourne, a loving wife, compassionate mother, dedicated public servant, and a pillar in the community of Santa Clarita.

Linda served this esteemed body as an aide to my predecessor, Congressman Buck McKeon. She later continued her public service in the office of my dear friend, California State senator, Scott Wilk.

Her energy, kindness, and commitment to the people of her community was felt by everyone who had the privilege of meeting her. Linda was deeply admired and loved by her family and the people of Santa Clarita.

Mr. Speaker, although she was diagnosed with ALS nearly 3 years ago, Linda never lost her vibrant spirit, as her memory continues, to this day, to be a light in our community.

She is survived by her husband, Steve; her two daughters, Lindsey and Angie; and her five grandchildren. While California may have lost a dear friend with her passing, her joy and

wealth of kindness will continue to spread from everyone she touched.

May God bless her and her family, and may she rest in peace.

TAX DAY 2018

(Mrs. BEATTY asked and was given permission to address the House for 1 minute.)

Mrs. BEATTY. Mr. Speaker, as Justice Oliver Wendell Holmes put it: "Taxes are the price we pay for a civilized society."

I rise today because, with the enactment of the Republican tax bill, the American people have been getting the short end of that deal.

When the majority jammed through their tax bill, we all knew it was a massive giveaway to the super-wealthy and the well-connected.

Now we see the evidence, tax day. The vast majority of tax cuts have gone to stock buybacks, dividends, and corporate mergers, while only a sliver of the benefits have found their way to American workers.

On top of that, it will be ordinary Americans and our children and grandchildren who will shoulder the trillions of dollars of debt and threats to cut the very Federal programs that help them and their families make ends meet.

Americans deserve better than the Republican tax bill, massive debt, and never-ending dysfunction. They deserve better jobs, better wages, and a better future.

RECOGNIZING THE LEGACY OF HAROLD "HAL" SNOPEK

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to recognize the legacy of Harold "Hal" Snopek of Binghamton, New York. Mr. Hal Snopek was the beloved Chenango town supervisor and, sadly, passed away last month. Hal graduated from Chenango Forks High School, where he was a multiyear letterman, setting several school records, one which still stands today. He was inducted into the New York State Public High School Hall of Fame Athletic Association in 1991.

Hal was also a devoted car salesman at JW Greene for over 25 years. He was appointed to the Chenango town board in 2004, and served as the town's current supervisor.

Hal was deeply devoted to his family, leaving behind his loving wife and high school sweetheart, Donna, his daughters, Tami and Tina, four grandchildren, and two great-grandchildren.

Along with being a dedicated public servant, Hal was a loving husband, dad, grandfather, and "Pop Pop." He was a parishioner at the former St. Christopher's Church, where he and Donna were married 57 years ago, and he was currently active at Most Holy Rosary.

In his later years, Hal enjoyed driving all over town with his wife, Donna,

in his 1932 Chevy. He was known as a Mr. Fix-It and loved to work on cars.

Hal was also known for his warm heart and great sense of humor.

Mr. Speaker, please join me in recognizing Hal's contributions to the town of Chenango over the past two decades. Our deepest condolences to Hal's family on the loss of an honored and beloved member of our community.

HONORING SERGEANT FIRST CLASS (RETIRED) ROY F. TACHIAS

(Mr. BEN RAY LUJÁN of New Mexico asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BEN RAY LUJÁN of New Mexico. Mr. Speaker, I rise today to honor a great New Mexican and American hero, Sergeant First Class Roy Tachias of Albuquerque, who is here with us today.

In 1950, Roy Tachias was deployed to Korea, where he saw fierce combat. One night, Roy was ordered to mount a forward listening post. That night, in darkness, he witnessed the Chinese Army approaching. Alone, Roy began to shout, shoot, and throw grenades at the waves of soldiers. This threw the enemy into disarray and stopped the attack.

By morning, Sergeant Tachias had single-handedly killed 33 enemy soldiers and taken one prisoner. He earned the Silver Star for conspicuous gallantry and heroism. Stars and Stripes called him the "One Man Army." Sergeant Tachias was wounded five times in Korea and received the Purple Heart with a Bronze Star with valor.

After the war, Roy married and settled in California. He eventually returned to the Army and served two tours in Vietnam, where his leadership and bravery earned him another Bronze Star. In 1976, he retired and returned home to New Mexico.

It is with great gratitude, pride, and respect that we recognize his service today. New Mexico is humbled by his lifetime of service that began on the Korean Peninsula in 1950, and has continued to inspire those around him.

RECOGNIZING THE SYLVESTER COMPREHENSIVE CANCER CENTER

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to recognize the Sylvester Comprehensive Cancer Center at my alma mater, the University of Miami. Sylvester is the only university-based cancer center in South Florida. With locations from Miami to Coral Springs, it serves one of the most diverse regions in the Nation.

We are lucky to have Sylvester because, unfortunately, Florida has the second highest rate of cancer in the country. This is why, every day, more
