

FREE THE PANCHEN LAMA OF TIBET

(Mr. MCGOVERN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCGOVERN. Mr. Speaker, today, we celebrate the 29th birthday of Gedhun Choekyi Nyima, the 11th Panchen Lama of Tibetan Buddhism.

He was chosen for his position on May 15, 1995, by His Holiness the Dalai Lama. Two days later, when he was only 6 years old, the Chinese Government detained him and his family. The Panchen Lama has not been heard from since. Twenty-three years later, he is one of the world's longest held prisoners of conscience.

People from all over the world—representatives of governments, the United Nations, and civil society organizations—have repeatedly asked to see him, without success.

What kind of government steals away a child?

The Panchen Lama's disappearance symbolizes the violations of religious freedom that take place in Tibetan areas of China on a daily basis.

Mr. Speaker, in honor of his birthday, please join me in calling on the Chinese Government to free the true Panchen Lama.

DEFERMENT FOR ACTIVE CANCER TREATMENT

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to speak on the Deferment for Active Cancer Treatment Act. I introduced this bill with my friend, Congressman ED PERLMUTTER, with the support of Critical Mass: The Young Adult Cancer Alliance.

This commonsense and bipartisan measure will enable cancer patients to defer payments on public student loans while actively receiving treatment, without interest accruing during the deferment period.

Sadly, in 2018 alone, Mr. Speaker, more than 1.7 million Americans will be newly diagnosed with cancer. Beyond the terrible news of this cancer diagnosis, these individuals have to endure exhaustive treatment and staggering medical expenses, often leading to under- or unemployment. This reality makes it incredibly difficult for many cancer patients to make payments on their student loans on time.

By passing the Deferment for Active Cancer Treatment Act, we will help so many cancer patients and stimulate the economy. These patients will be prevented from defaulting on their student loans, which they so desperately need.

Mr. Speaker, Ed and I encourage our colleagues to stand with cancer patients across our Nation and support and cosponsor the Deferment for Active Cancer Treatment Act.

VALERIY "LARRY" SAVINKIN STREET CO-NAMING CEREMONY IN BROOKLYN, NEW YORK

(Mr. JEFFRIES asked and was given permission to address the House for 1 minute.)

Mr. JEFFRIES. Mr. Speaker, it is my honor that, on Tuesday, May 1, the communities of south Brooklyn, on the corner of Brighton Beach and Coney Island Avenues, will be co-named for Valeriy "Larry" Savinkin, a dedicated and well-respected community leader, who passed away last year.

Larry was my congressional field representative who served the residents of the Eighth Congressional District with great distinction.

His success and impact on the neighborhoods of southern Brooklyn and Queens were not limited to his work in the Eighth Congressional District office. For over 20 years, he was involved in several prominent organizations, including the September 11 Family Group, the Holocaust Memorial Committee, and the Odessa Community of New York.

Larry had a magnetic personality and cared about his community immensely.

I had the privilege of knowing and working with him for several years. I look forward to standing on Valeriy "Larry" Savinkin Street with New York City Council Members Mark Treyger and Chaim Deutsch next Tuesday to commemorate and acknowledge this outstanding individual.

RECOGNIZING 125TH ANNIVERSARY OF MASONIC CARE COMMUNITY OF NEW YORK

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to recognize the 125th anniversary of the incredible Masonic Care Community of New York, located in the city of Utica.

The Masonic Care Community of New York opened its doors on May 1, 1893, as the Masonic Home, started by the Free and Accepted Masons of the State of New York. Their goal was to provide high-quality care to elderly masons and families living in the Mohawk Valley region.

Within 30 years, the location expanded to include a building for 360 adults, a hospital, several dormitories for children, and a 200-acre working farm that supplied food for those living on the campus.

Today, the Masonic Care Community of New York offers top-of-the-line healthcare options to all. It also offers high-quality senior care, rehabilitation services, and child care, while also making house calls for those patients who are unable to leave their home.

Masonic Care Community of New York has supported, nurtured, and educated the community by providing ex-

ceptional care and services with compassion and pride guided by the Masonic principles of brotherly love, relief, truth, and integrity. Currently, more than 500 seniors call the Masonic Care Community of New York and their independent living center home.

I want to extend my congratulations to the staff at the Masonic Care Community of New York for their hard work in continuing to make the Masonic Care Community of New York a first-class facility. I wish them 125 more years of exceptional service.

REMEMBERING THE LIFE OF AUSTIN MEYER

(Mr. KIHUEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KIHUEN. Mr. Speaker, today I rise to remember the life of Austin Meyer.

Austin moved to Reno, Nevada, to study transportation technology at Truckee Meadows Community College. He had a passion for cars and sports. He loved to watch basketball, especially the Boston Celtics.

Austin was excited to watch his favorite band perform at the Route 91 festival on October 1 in Las Vegas. Austin went to the festival with his fiancée, Dana Getreu, to celebrate his birthday and their anniversary.

Austin dreamed of opening up his own auto repair shop after graduation and was excited to get married to Dana and start a family. He always had a smile on his face and made people laugh.

Austin's friends and family remember him for being ambitious, smart, and hardworking.

I would like to extend my condolences to Austin Meyer's family and friends. Please know that the city of Las Vegas, the State of Nevada, and the whole country grieve with you.

CELEBRATING 100TH BIRTHDAY OF DORA DUNCAN GILLENWATER BARTLEY

(Mr. COMER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COMER. Mr. Speaker, I rise in celebration of a lifelong friend and neighbor, Mrs. Dora Duncan Gillenwater Bartley of my hometown of Tompkinsville, in the First District of Kentucky, who is celebrating her 100th birthday today.

Dora Bartley's dedication to serving others rivals only her love for her husband, James Dale Bartley, and their seven children.

Known throughout Monroe County for her abundant compassion and unwavering work ethic, she has not only cared for her family, but also welcomed abused and orphaned women and children into her home and treated them as her own.

Throughout her life, she has been guided by her steadfast commitment to her faith and has worked tirelessly for the benefit of others, not only during her service as deputy jailer, but even after her retirement through her involvement in distributing commodities and serving her fellow senior citizens.

I am deeply thankful for her friendship and guidance throughout my life, and I am honored to join with her friends and family, as well as all who have benefited from her generous spirit, in celebrating this milestone achievement. I wish Dora Bartley a happy 100th birthday and many more joyful years filled with blessings.

CELEBRATING THE LIFE OF PETER G. PETERSON

(Ms. PELOSI asked and was given permission to address the House for 1 minute.)

Ms. PELOSI. Mr. Speaker, I rise today to remember a great American patriot, Pete Peterson, who passed away at the age of 91 last month.

Born to Greek immigrant parents in America's heartland of Nebraska, Pete rose from humble beginnings to contribute to our Nation as a public servant, statesman, business leader, and especially through his philanthropic and policy work.

Pete was a clarion voice for fiscal responsibility and a strong moral conscience in Washington, working tirelessly and always reaching across party lines.

For Pete, building a bright economic future for the next generation was his patriotic duty. He understood that he was so fortunate to have lived the American Dream, and he wanted that same opportunity available for every man, woman, and child in our Nation.

Economic policy leadership was a defining thread running through his life, including in his roles as Secretary of Commerce, the head of major American corporations, and the founder of respected policy organizations, including the Peterson Institute for International Economics and the Peterson Foundation.

Pete's prophetic voice on the importance of fiscal sustainability brought together generations of policymakers, no matter their political background, to find common ground and effective solutions. His strong moral leadership to ensure our children and our grandchildren inherit a healthy fiscal future leaves a remarkable legacy.

Mr. Speaker, anyone who knew Pete will attest to his wit, generous spirit, and personal warmth that made him a pleasure to be around.

Pete signed The Giving Pledge and committed the bulk of his personal fortune to philanthropic causes. His legacy will endure in many ways, but especially through the work of the Peterson Foundation, which continues to focus on solutions to America's fiscal

and economic challenges, now under the leadership of his son Michael.

The loss of Pete will be deeply felt in Washington, in the Nation, and around the world. May it bring some measure of comfort to his wife, Joan Ganz Cooney; his children, John, Jim, David, Holly, and Michael; and all his loved ones that so many grieve with them during this difficult time.

I knew and loved Pete Peterson, and I know he loved his family above all. He was a great American, who loved our country as well.

THE REPUBLIC OF TEXAS—THE REPUBLIC OF FRANCE

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, just a stone's throw away from the Champs-Élysées and the Louvre in Paris stands the Hotel de Vendôme, the former home of the official embassy of the Republic of Texas.

In fact, France was the first nation to recognize Texas as an independent nation in 1836, when a treaty was signed between the two countries. Today, a marker denotes the building where the Texas embassy was in France.

In turn, France had an embassy in Austin, Texas, not far from our current Texas Capitol Building.

Notably, Texas also once belonged to France before Spain reclaimed Texas.

Explorer La Salle planted the French flag in Texas in 1685 and established a settlement in Matagorda.

Texas later became a sovereign republic and 9 years later joined the United States.

So on this day when French President Macron addressed Congress, Texas remembers and appreciates that Texas was not only an independent country France first recognized, but was once a part of France.

And that is just the way it is.

BRINGING FUTURE FARMERS OF AMERICA INTO THE 21ST CENTURY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, yesterday I introduced a bill with my colleagues, Congressman JIM LANGEVIN and Congressman DAVID YOUNG of Iowa, to modernize the charter of the National FFA Organization.

FFA, formerly called the Future Farmers of America, was founded in 1928.

Congress recognized the importance of FFA as an integral part of agriculture and, in 1950, granted it a Federal charter.

The charter provides Federal authority to create an interagency working agreement that is focused on strengthening FFA and school-based agriculture education.

It is important to note that only about 100 organizations have charters with Federal agencies, only six organizations require the respective government agency to select one member for the board of directors, and FFA is the only organization that requires a majority of its board of directors be chosen by its partner government agency.

Mr. Speaker, H.R. 5595, the National FFA Organization's Charter Amendments Act, makes updates to allow the National FFA to be a self-governing organization while maintaining its long-held relationship with the U.S. Department of Education.

This amendment brings FFA, a great cornerstone of rural America, into the 21st century, and I encourage my colleagues to cosponsor this legislation.

NATIONAL SCIENCE BOWL

(Mr. FLEISCHMANN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FLEISCHMANN. Mr. Speaker, I rise this evening on behalf of some of my greatest constituents, Oak Ridge High School, in the Third District of Tennessee.

The Department of Energy created the National Science Bowl in 1991. This is one of the most prestigious competitions in math and science for our high school and middle school students.

Oak Ridge High School is the only high school in the great State of Tennessee to participate in the finals this year that will take place this weekend.

I would like to announce that Joseph Andress, Henry Shen, Steven Qu, Melody Guo, and Batu Odbadrakh are our outstanding students for Oak Ridge High School.

Go Oak Ridge. Go National Science Bowl. Go America.

RECOGNITION OF BARBARA JOHNS DAY

The SPEAKER pro tempore (Mr. FITZPATRICK). Under the Speaker's announced policy of January 3, 2017, the gentleman from Virginia (Mr. GARRETT) is recognized for 60 minutes as the designee of the majority leader.

Mr. GARRETT. Mr. Speaker, it is an honor, the likes of which I can't think of a comparison, to stand here, in this week of April 2018, and commemorate a battle undertaken by a student that I would argue was a continuation of the American Revolution.

The American Revolution began when a group of White male landowners cast off the tyrannical throne which lorded over them from across an ocean, but it moved forward 80 years later when a million Americans, through disease and starvation and battlefield death, gave their lives to rid this Nation of the horrific institution of slavery. Then 55 years later, I would argue that it continued when the franchise was extended through women's suffrage to women.
