## HONORING MAYTEE SANZ

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise tonight to recognize my dear friend and chief of staff, Maytee Sanz.

This week, the Congressional Hispanic Leadership Institute, CHLI, will honor Maytee with the Stephen Vermillion Congressional Staff Appreciation Award.

Oftentimes—most of the time—Members of Congress receive the praise for the excellent work of their staff. That has certainly been the case with Maytee. Leading my staff, Maytee has been instrumental in the effective functioning of my office and keeping our policy priorities on track and connected to the community.

Maytee started working with me since my early days in the Florida Legislature, a long time ago, and rose from her role as my district aide to become my congressional chief of staff. Along the way, she earned both her master's and bachelor's degrees from NSU, Nova Southeastern University, in addition to finding time to mentor many young men and women who have come through our office.

The CHLI Stephen Vermillion award is much-deserved, and South Florida has been well-served by having Maytee at the helm of our office.

Felicidades, Doctora Sanz.

## ALARMING SURGE OF HATE GROUP AFFILIATION

(Mr. KRISHNAMOORTHY asked and was given permission to address the House for 1 minute.)

Mr. KRISHNAMOORTHY. Mr. Speaker, there has been an alarming surge of hate group affiliation over the past year. Even more alarming is the reality that people who belong to these groups have been able to obtain security clearances. The intersection of hate groups and access to our country's secrets is something that I did not expect to exist, and I am determined to make sure that this does not continue.

Federal agencies should be required to report on how many clearance holders and applicants are associated with hate groups, and what is the status of their approval. The American people deserve to know if our government has decided that those who espouse a hateful ideology have access to our Nation's secrets.

I have introduced legislation to provide answers and to hopefully prohibit those associated with hate groups and who possess hateful ideology from having access to our most sensitive information.

I urge my colleagues to consider this legislation, and to, hopefully, see it on the House floor.

## WORLD YOUTH SKILLS DAY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, Sunday was World Youth Skills Day. The United Nations General Assembly started this initiative to raise awareness about the importance of investing in youth skills development.

Young people are almost three times more likely to be unemployed than adults. Young people around the world are exposed to lower-quality jobs, greater labor market inequalities, and a longer school-to-work transition period.

That is why I am pleased the House unanimously approved my Strengthening Career and Technical Education for the 21st Century Act last year, and it has seen action in the Senate as well.

Too often, we have seen students pushed down the college-for-all pathway that just doesn't work for some students. CTE has established itself as a path that many students choose in pursuit of industry certification and hands-on skills they can use right out of high school, in skill-based education programs, or in college.

By modernizing the Federal investment in CTE programs, we will be able

to connect more educators with industry stakeholders and close the skills gap.

CTE is an important part of youth skills development, not only in the United States, but in nations around the world.

## INDICTMENT OF 12 RUSSIAN MILITARY INTELLIGENCE OFFICERS

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, on Friday, Special Counsel Robert Mueller handed down the most significant hacking indictment targeting a foreign power in history. Director Mueller alleges that 12 Russian military officers were responsible for breaking into political organizations, stealing sensitive documents, and disseminating them to undermine faith in American democracy. Friday's indictment will further shape the norms of responsible state behavior in cyberspace, and demonstrates our commitment to holding malicious actors accountable.

Yet, today, Mr. Speaker, not 3 days later, President Trump said he didn't see any reason to think that Russia carried out the election meddling.

Well, the President set it up as whether you believe U.S. intelligence and law enforcement agencies or Russia. However, this isn't a matter of belief, this is matter of fact; and the facts say the Russian government hacked us.

I hope that the President will finally acknowledge this, and I pray that my Republican colleagues will hold him accountable if he doesn't. And I thank Director Mueller for his ongoing work.

## NATIONAL JUVENILE ARTHRITIS AWARENESS MONTH

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, almost 820,000 Minnesotans live with arthritis every day. When you think about arthritis, you likely think of it affecting only folks in their older years. But many of those Minnesotans coping with arthritis are actually children.

Nationwide, 300,000 children suffer from juvenile arthritis, which makes it harder to do all the things that are essential to being a kid: Running, playing, enjoying the outdoors, and a chance to be themselves. Families with children coping with this condition face very unique challenges.

We have made a lot of progress, Mr. Speaker, in the fight against juvenile arthritis, but there is still a lot of work to be done. July is National Juvenile Arthritis Awareness Month, an opportunity to recognize, to refocus, and redouble our efforts to find a cure.
