

remain in the San Joaquin River tributaries. This will force thousands of acres of farmland out of production, ravaging communities across the Valley, and weakening America's food security and its supply.

The board staff claims these changes are necessary to prevent total collapse of the fisheries in the Delta. But this plan will not save fish, sadly. It does not address the other problems that faces the fisheries; namely, rising water temperatures, lack of food, habitat, and increased predators, none of which have anything to do with the water flows.

This plan is in direct conflict with another California law that mandates we must use our groundwater more sustainably, which must be done. We must come into balance. However, it is impossible to use groundwater sustainably when we must pump groundwater to replace the surplus water that is being taken away. These actions are in conflict. It doesn't make any sense.

Our agricultural economy is showing tremendous innovation, growing twice as much food on a fraction of the water that we used to receive. But we have reached the tipping point—a point where the taking of the resource strips our ability to innovate.

Without water, we cannot feed America or maintain our quality of life, our sustenance. Our Valley and our Nation need long-term solutions that provides for reliable sources of safe drinking water, water for agricultural industries, as well as for our cities.

We, in the Valley, the San Joaquin Valley will continue to fight for the water we need to grow America's food. Because, in the Valley, we know the worth of water. We know it when the well runs dry, as Benjamin Franklin said.

So, in conclusion, we must work together in California to fix our broken water system for the long-term benefits of America's food supply.

LANSDALE MURAL ARTS PROGRAM

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. FITZPATRICK) for 5 minutes.

Mr. FITZPATRICK. Mr. Speaker, I rise today to recognize a program in Montgomery County, Pennsylvania, that brings together members of our community to celebrate artistic expression and economic opportunity.

The Lansdale Mural Arts Program seeks to beautify areas in Lansdale by painting murals on buildings in need of rehabilitation. By improving the aesthetics of many of these beloved community landmarks, the Lansdale Mural Arts Program hopes to enhance the economic and social value of the services and goods that the building's tenants provide.

Started in 2013, the Lansdale Mural Arts Program has painted the walls of

local businesses: Chantilly Floral, Wes Carver Electric, The Underground at Round Guys Brewing Company, and perhaps the most profound, an American flag mural at the Lansdale VFW Post.

Currently, the program is looking to continue its work on the American Legion Post 206 building, and I applaud the Lansdale Mural Arts Program for their work, especially organizers Margie Booz and Ellen Foulke for their thoughtfulness and dedication to our community.

RECOGNIZING THE ANN SILVERMAN COMMUNITY HEALTH CLINIC

Mr. FITZPATRICK. Mr. Speaker, I rise to recognize a nonprofit organization in Bucks County, Pennsylvania, that serves to protect the health and dignity of residents across our community. The Ann Silverman Community Health Clinic in Doylestown provides medical and dental care, along with social services to low-income and impoverished individuals at no cost.

Offering these critical services will not be possible without the tireless efforts of a highly skilled staff and volunteer doctors and nurses. These dedicated professionals deserve our recognition, and, recently, Dr. Kieran Cody of Bucks County Orthopedic Specialists was named Volunteer Physician of the Year for his services to the clinic and his patients over the past 10 years.

Throughout his tenure, Dr. Cody has performed countless surgeries and MRI services, following in the footsteps of his father, Dr. Kevin Cody, who has spent 19 years volunteering at the clinic.

I thank Drs. Kieran and Kevin Cody for their service, and I extend my gratitude to the Ann Silverman Community Health Clinic executive director, Sally Fabian-Oresic for her leadership.

RECOGNIZING CHARLES BRISKIN AND RACHEL KOHLBRENNER OF THE SHIR AMI CONGREGATION

Mr. FITZPATRICK. Mr. Speaker, I rise to recognize two members of our community in Bucks County, Pennsylvania, who will be continuing their service to the Jewish faith at Shir Ami Congregation in Newtown.

Charles Briskin and Rachel Kohlbrenner both joined Shir Ami as rabbi and cantor, respectively.

Rabbi Briskin, who for the past 10 years has led Temple Beth El in San Pedro, California, was ordained in 2001 and studied at the Hebrew Union College Jewish Institute of Religion.

Cantor Kohlbrenner previously served as cantor for the Central Synagogue-Beth Emeth in Rockville Centre, New York, and studied at the Debbie Friedman School of Sacred Music of Hebrew Union College.

I welcome Rabbi Charles Briskin and Cantor Rachel Kohlbrenner to our community and wish them all the best as they embark on the newest chapters of their career.

And I thank their predecessors, Rabbi Joel Simon and Cantor Emeritus Mark Elson for their service and spir-

itual wisdom that they have blessed our community with for so long.

HONORING CORPORAL JOSEPH MACIEL

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from California (Ms. BARRAGÁN) for 5 minutes.

Ms. BARRAGÁN. Mr. Speaker, I rise today in honor of Corporal Joseph Maciel, who was killed July 7 from injuries sustained while in Afghanistan in support of Operation Freedom's Sentinel.

Corporal Maciel was only 20 years old and is remembered by those who loved him for his infectious smile and love for his country. According to his father Jose, Corporal Maciel knew in high school that he wanted to serve his country. And when he enlisted in the Army, he made his family proud.

Corporal Maciel was a beloved member of our community, admired by his family and those he served alongside. He gave his life for freedom, and we are forever indebted to his service and to him.

I extend my deepest sympathy and condolences to the family of Corporal Joseph Maciel's friends and family in South Gate, California, in my district, and I thank him for his service and his family for their sacrifice.

CUTS TO EPA FUNDING

Ms. BARRAGÁN. Mr. Speaker, for the last year, in my congressional district, California's 44th District, which includes the communities of Compton, Watts, South Gate, and the Port of Los Angeles, we have been fighting to make sure we have access to clean air and to clean water.

We learned several months ago that there is something called chromium-6 in the air, which is a deadly chemical that causes respiratory problems and can lead to cancer.

Now, who oversees to make sure that these polluters are cracked down on and that we make sure that polluters are held accountable? The EPA, the Environmental Protection Agency.

This week this House is expected to consider FY 2019—fiscal year 2019, the Interior-Environment appropriations bill as part of a two-bill minibus. Now, this Republican bill puts the health and safety of American people at risk.

What does it do? It is going to cut the Environmental Protection Agency by \$100 million. You heard me right. They are going to cut funding for the EPA.

This is the agency that oversees at making sure that polluters are held accountable. That, my friends, will put the American people in jeopardy, and those polluters that are going around, across the country and polluting things, like chromium-6 that is killing our kids and our seniors and causing asthma and respiratory problems, it is going to make it easier for them to pollute.

□ 1045

What else does it do? It slashes clean water grant programs by \$300 million. In my community in Compton, California, we recently had a brown water crisis. It is still going on. There is brown water coming out of the faucets. We don't have to think too far back as to what happened in Flint, Michigan.

To think that we are having a vote this week that is going to cut \$300 million—money that is used to invest in America's water infrastructure—is appalling. When I heard about it this week, I thought it was important that the American people know about it. This is what should be on the front page of the newspapers. This is what the media should be reporting on, what is happening in this Congress and how the American people are put at risk when such cuts are happening to the very agencies that are put there to protect us, so that we ensure that we have clean air and clean water.

As somebody who serves as the chair of two environmental task forces here in Congress, we cannot allow this to continue to happen without raising our voices, calling our elected officials, calling our offices, and speaking out about what the American people want. And this is one: Clean air and clean water is a basic right that everybody is entitled to.

I believe this bill is going to take us backward. It is going to hurt us. And it really hurts our ability to make sure that we continue to look at things like climate change.

Mr. Speaker, I urge my colleagues to vote against this, and I urge the American people to have their voices heard.

POWERS OF THE PRESIDENT

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Texas (Ms. JACKSON LEE) for 5 minutes.

Ms. JACKSON LEE. Mr. Speaker, there are moments in history that require the deliberate and thoughtful response of the most powerful body in the world, the United States Congress, this House and the other House.

While Americans are preparing for recreation and fellowship with family members during this period of summer, when schoolchildren are out, as others are dealing with the excruciating heat, others dealing with the impact of climate change, gun violence, the need for putting back in the terrible cuts of the Republican budget on Medicare and Medicaid, and a number of other issues dealing with their communities and neighborhoods, and, I would say, frankly, keeping their children safe and recognizing the values of this Nation that include not snatching children away from family members, I get that and I understand the responsibility of this Congress to pass laws, to work together to ensure that the beauty of what America stands for, her values and her opportunities for so many others, is heard.

But I also think it is important because, as I have traveled in the last 24 hours, I saw Americans concerned about their Nation and wanting to be able to understand what transpired in Helsinki yesterday, Monday, July 16. As many have said, Republicans and Democrats, it was a disgraceful display of unpatriotic behavior. The tragedy of it is that it came from the Commander in Chief of this Nation.

As I read the Constitution, it says that executive power shall be vested in a President of the United States, and he shall hold his office for a period of time. His powers under section 2 include that the President shall be Commander in Chief of the Army and Navy of the United States, and of the militia of several States, when called into actual service. And, as well, it indicates that he shall appoint ambassadors.

That is translated into the President's responsibilities over the intelligence communities and many aspects of our defense. Also, the power of the President articulates the foreign policy of this Nation.

Yesterday, the display that was shown was that the foreign policy, and the patriotism, and the stature, and the leadership, and the Constitution of the United States became a footstool to a despot by the name of President Putin.

No one is against engagement, diplomacy, or resolving conflict, but President Putin stands very proudly as ex-KGB to have poisoned his own citizens, to have shot journalists, to have shot down an airplane over Ukraine with 300 innocent family members, children, and others, and, as well, has taken over a land of another country.

So here we stand with this picture to the world. As well, when posed a question of, who do you believe, the Commander in Chief, to the absolute dismay of those of us who have lived through 9/11 here in Congress, and who saw the loss of life in conflicts like Iraq and Afghanistan, were amazed that the sacred aspect of our work, and that is voting, was determined by the intelligence community of this Nation, that Russia invaded in our 2016 election and literally stole the election, and will continue to do so today, as emphasized by the Director of National Intelligence, Director Coats, and the intelligence community.

A report given by the Mueller investigation indicted 12 intelligence agents of Russia—not of any other country, not civilians, but intelligence agents, military—who had direct orders from President Putin. You would think that the President of the United States would forcefully say to the President: Stop it and stop it now.

That is a patriot. That is one who has the powers of the Presidency under Article II, section 2.

Yet this is what came about. President Trump was asked by a reporter: "You first. Just now, President Putin denied having anything to do with the election interference in 2016."

It is amazing how my time goes because I am talking about the President. But, in any event, let me conclude by saying that this document reports that the President said that he stands with Putin over the United States of America. Congress must demand the transcripts. We must have congressional hearings, Mr. Speaker. This is a serious matter.
